DISCUSSION:

The Board of Supervisors, by Resolution adopted in 1993, granted settlement authority in Risk Management liability cases to the Director of Human Resources in the amount of ten thousand dollars (\$10,000) and to the Risk Management Director in the amount of five thousand (\$5,000) dollars. This settlement authority is limited to liability claims against the County. No delegation of any settlement authority for general litigation, proceeding or claims in which the County is a party has been granted by the Board of Supervisors. Over time, the low level of risk/liability authority and the lack of any general litigation settlement authority granted to staff has resulted in unnecessary delays in resolving minor cases as well as increased staff time and expense being expended on setting minor settlement matters on the Board of Supervisors' agenda.

The proposed Resolution would delegate fifty thousand (\$50,000) of settlement authority to the County Administrative Officer to resolve all types of legal disputes, claims, proceedings or litigation to which the County is a party. California Government Code §935.4 allows the Board of Supervisors to delegate to a County official up to fifty thousand dollars of settlement authority on claims against the County. The County Counsel would also be granted authority to waive legal costs up to one thousand five hundred (\$1,500) dollars in exchange for the dismissal of an action against the County. Further, the proposed resolution would authorized the Auditor Controller Treasurer Tax Collector to make any required payments to effectuate settlements approved by the County Administrative Officer. Finally the proposed ordinance would provide for regular reporting by the County Counsel to the Board of Supervisors of settlements concluded pursuant to the granted authority.
