**Fresno Regional Workforce Development Board
Workforce Innovation and Opportunity Act
4-Year Local Plan
Program Years 2017-2020**

A. Vision, goals, and strategy of the Local Board and its partners, including:

1. **A description of the Local Board's strategic vision to support regional economic growth and economic self-sufficiency. This must include goals for preparing an educated and skilled workforce (including youth and individuals with barriers to employment), and goals relating to the performance accountability measures based on WIOA performance indicators described in 20 Code of Federal Regulations Notice of Proposed Rulemaking 677.155(a)(1). Vision, goals, and strategy must be linked to the analytical background information.**

On May 19, 2009 the County of Fresno and the City of Fresno entered into a Joint Powers Agreement (JPA) to administer Workforce Innovation and Opportunity Act (WIOA) funds within Fresno County. The County and the City jointly charged the Fresno Regional Workforce Development Board (FRWDB) with implementing strategies and programs to meet the employment and training needs of Fresno businesses and job seekers. In compliance with this mandate, the FRWDB adopted the vision that "*Business is our Primary Customer.*" In doing so, the FRWDB has acknowledged that the best way to serve our job seekers is to understand and support the needs of our businesses. To implement this FRWDB continuously scans the employment and training needs of business - not only in Fresno, but regionally across the San Joaquin Valley.

The private sector appointments to the FRWDB Board of Directors are representative of the high-demand growth industries within our region; including healthcare, construction/trades, and manufacturing. Other appointment categories to the FRWDB Board of Directors represent education, economic development, local government, state agencies, and organized labor. All FRWDB Directors must serve on a FRWDB Committee (Adult, Youth, Business and Industry, or FRWDB Executive). Our FRWDB Committees evaluate detailed One-Stop System data and continuously drive for systems improvement.

The FRWDB is at the forefront of community efforts to ascertain and respond to workforce issues in Fresno County. Deep experience in the field, extensive local and regional partnerships, and creative thought leadership all come together to positively position the FRWDB to respond to business needs as a community leader and convener.

The FRWDB's role as a convener and leader is reflected by its support of innovative workforce initiatives, ranging from programs that address specific needs of our diverse population to recognizing the demand for career technical education leading to stackable credentials. All meeting industry demand for a skilled workforce if we are doing our job right.

The FRWDB's drive for local excellence has led it to spearhead a number of valley-wide job training initiatives, specifically in the areas of manufacturing and public infrastructure construction. Utilizing funding from the State of California and the United States Department of Labor, and with FRWDB acting as fiscal and administrative agent, focused recruitment, assessment and training is taking place in those two (2) key industry sectors across the eight (8) valley counties stretching from San Joaquin in the North to Kern in the South.

2. Taking into account analyses described above, provide a strategy to work with the entities that carry out the core programs and other required partners to align resources available to the local area, to achieve the strategic vision of the local plan.

The FRWDB has a strong relationship with its WIOA partners within the One-Stop System and continues to strengthen its relationships with other community partners servicing Fresno County. The FRWDB is taking the following steps to align resources and services in the coming years:

- The vision and programmatic elements outlined in this Plan are being shared with partners and will be reviewed, revised, and jointly implemented by the FRWDB One-Stop System.
- Formula funds and special grant funds will be set aside to support the expanded our roster of services, including services to individuals with barriers to employment, incumbent workers, and English as a Second Language training programs within the One-Stop System.

B. *Local program alignment to implement State Plan policy strategies.*

1. Provide a description of the workforce development system in the local area that identifies programs included in the system.

The design of the One-Stop delivery system was developed by all of the required partners and is continually assessed for improvements. The participant flow within the One-Stop System starts with Basic Career Services, and proceeds through Individualized Career and Training Services based on the individual needs of each participant. All designed to assist these clients in achieving success and becoming self-sufficient.

As prescribed by the WIOA, the One-Stop delivery system in Fresno County is comprised of the mandatory One-Stop partners and services. Optional partners may be added to meet local needs. Partners are committed to the state's vision of a One-Stop that is participant focused, performance-based, accountable to each other, and that meets the local needs of participants and employers. The FRWDB's goal is to offer access to all services, high-quality job training, and workforce education programs through Fresno County's One-Stop System.

Throughout the county, we maintain six (6) One-Stop access locations to serve the entire urban and rural populations: One (1) comprehensive center in the city of Fresno, where the majority of our partners are co-located, and five (5) affiliate sites, located in the cities of Reedley, Selma, Coalinga, Mendota and Firebaugh.

Comprehensive Center

- Accessible to the general public during regular business hours.
- Physically and programmatically accessible to individuals with disabilities and individuals with little or no English proficiency.
- Basic and Individualized Career Services and Training Services.
- Access to programs and activities provided by WIOA mandated partners, including employment services authorized under the Wagner-Peyser.

Affiliate Locations

- Accessible to general public and physically and programmatically accessible to individuals with disabilities and individuals with little or no English proficiency.
- Basic and Individualized Career Services and Training Services.
- Representation of one (1) or more mandated WIOA partner, either physically or through direct linkage.

All partners are not physically in all locations due to manpower and resource constraints. However, all One-Stop locations utilize our partner referral and co-enrollment process that allows a virtual One-Stop delivery system. A list of all One-Stop locations in Fresno County is provided in Attachment II.

The delivery system is based on the “one-stop” concept, where information about, and access to, a wide array of job training, education, and employment services is available for participants at a single location where they will be able to easily access needed services. The FRWDB tracks all participants’ usages and referrals through our I-Train common intake case management system. This is critical to ensure that the FRWDB can analyze and respond to additional resources that may be needed by our participants.

Self-service and informational activity accessed through Basic Career Services requires minimal registration and is universally available. Participants with a solid work history and no self-disclosed employment barriers will be referred to Basic Career Services that provide resource room services, activities, and assistance from the One-Stop Contract Coordinator specialist.

A “Self-Reliance Team”, which is comprised of One-Stop staff and WIOA partner staff from at least one (1) of the partners (State of California Employment Development Department (EDD), Fresno County Department of Social Services, or the Department of Rehabilitation) is responsible for interviewing participants who have requested Individualized Career or Training services. The purpose of this interview is to review the current situation of the participant and provide the best possible referral(s) to assist them in upgrading their current position or obtaining employment.

Through the One-Stop, employers have a single point of contact to list job openings and provide information about current and future skills needed for their workforce. They will benefit from a single system for finding a qualified workforce that meets their needs.

Sector One-Stops

As part of this model, the FRWDB is developing innovative strategies by revising its provision of One-Stop services to include specialized sector One-Stops for locally-identified demand sectors. Under the initial implementation of this model, the FRWDB will focus on Healthcare, Manufacturing, Trades, and Government. The first sector One-Stop is for the Government sector, which opened its doors to provide services in December 2015.

Sector-based orientations are provided at the comprehensive One-Stop location to provide information on the various occupations in demand sectors. Information such as wages, minimum hiring requirements, the application process, and how to access services at the specialized sector One-Stops based on their career goal is provided at the orientations. These sector One-Stops will be staffed with specially trained dedicated staff who are experts in the sector, knowledgeable in labor market information, and understand the minimum qualifications, training opportunities, application process, and interview process for a particular sector.

2. ***Identify how the Local Board will support the seven policies identified in the State Plan and will work with the entities carrying out core programs and other workforce development programs, including programs of study authorized under the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq.) to support service alignment and implement the policy strategies emphasized in the State Plan (the seven strategies are sector strategies, career pathways, organizing regionally, earn and learn, supportive services, building cross system data capacity, integrating services and braiding resources).***

- i. **Sector Strategies (including regional)**

As stated above, the FRWDB has developed innovative strategies by revising its provision of One-Stop services to include specialized sector One-Stops for locally-identified demand sectors. Under the initial implementation of this model, the FRWDB will focus on Healthcare, Manufacturing, Trades, and Government. The first sector One-Stop is for the Government sector, which opened its doors to provide services in December 2015 with additional sector One-Stops for Healthcare, Manufacturing and Trades to open in 2017 and 2018.

In addition, the FRWDBs Business and Workforce Consultants (BWC) will outreach to sector employers to strengthen business relationships, act as a clearinghouse of information on data and research, and solicit feedback to enhance quality services for the benefit of the business community and job seekers. The BWCs will work directly with their sector employers to gauge a broad range of employer needs including recruitment and placement services, On-the-Job Training (OJT) for new employees and incumbent worker training for their current workforce and referrals to

appropriate resource to assist them in business growth and employee retention.

ii. **Career Pathways (including regional)**

Building on the sector approach described in the Regional Plan, the FRWDB will identify career pathways associated with the identified priority sectors. As part of the career pathway development, the FRWDB will detail training and credentialing opportunities, broker co-enrollment possibilities, and work to identify financial resources and the support to allow WIOA program participants to pursue these pathways.

The FRWDB is committed to providing targeted access to our WIOA participants for employment in high-growth, high-wage employment. The FRWDB has adopted a local sector strategy targeting six (6) high-growth and/or high-wage industry sectors: Healthcare, Trades, Manufacturing/Water Technology, Government, Logistics/Distribution and the cross sector occupation of Information Technology. Periodic employment surveys are conducted by the FRWDB to identify and evaluate the current hiring and skills needs within these industries. As business needs evolve, the FRWDB will continue to assist businesses with retaining and growing jobs in Fresno County.

In conjunction with the Regional Plan on-ramps, the FRWDB will utilize a career pathways training model that focuses on a mix of job readiness and the ability to attain industry-recognized certificates, education, or degrees needed for employer-vetted occupations in targeted industry priority/emerging clusters.

This mix will be vetted by employers and rely on a mix of tools with the goal of preparing the workforce to meet and exceed employers' requirements. Examples include:

- Stackable educational/training options
- Accelerated/integrated education and training
- Industry-recognized credentials
- Basic skills training
- Soft skills
- Job readiness
- Vocational English as a Second Language
- OJT, registered apprenticeships, internships, and other Earn and Learn models

The future strategy for outreach to our sectors will be to:

- Continually assess workforce needs to prepare and train participants to meet those needs
- Create or continue pilots within each sector to gain critical mass in sector penetration, as appropriate

- Develop sector career ladder and align these with the efforts of education partners, in conjunction with regional and local priorities
- Continually evaluate service to enhance service offering.

Through the Slingshot and Prop 39 grants, the FRWDB is working with Local Workforce Development Boards and community colleges in the Central Valley RPU, to develop employer driven curriculum and training programs for career pathways in the Manufacturing and Construction and Trades occupational sectors.

iii. Organizing Regionally

The Central Valley has a long history of regional partnerships beginning with the Private Industry Council, Fresno County has been an active member of the Central California Workforce Collaborative (CCWC), which is comprised of eight Local Workforce Development Areas, including San Joaquin, Stanislaus, Merced, Madera, Kings, Tulare, Kern/Inyo/Mono.

For more than 25 years Fresno County Workforce staff has actively participated in monthly meetings to share best practices, conduct regional procurements and compete and administer competitive regional grants, which included two (2) direct Governor Discretionary Grants to support the development of the regional workforce development. The CCWC also has a representative on the Board of Directors of the California Partnership for the San Joaquin Valley.

The FRWDB has managed multiple regional grants within the eight county regions, including the Slingshot and Prop 39 grant funded projects, which include working with the Fresno, Madera, Kings, Tulare Building Trades Council and various community colleges throughout the region to provide training in the Public Infrastructure and Manufacturing sectors

The FRWDB activity participates in planning sessions with local and regional community college districts and Adult Education consortiums for the development of service local and regional plans such as the Central/Mother Lode Regional Consortiums Strong Workforce plan.

iv. Earn and Learn

The FRWDB has developed “Earn and Learn” work-based learning strategies that are designed to assist individuals with barriers to employment to gain relevant skills to assist them in obtaining employment in high wage sector occupations. These strategies include a focus on the development of industry recognized post-secondary credentials, career pathways, and enhanced connections to registered apprenticeship. Work-Based Learning includes OJT, apprenticeship, and work experiences and internships that are linked to careers. Work-based learning services may also include job shadowing and career exploration to help customers

develop skills, experience and exposure to careers or industries based on their interests and competencies.

Work-based learning opportunities are marketed by FRWDB and One-Stop business service staff. Staff will pursue opportunities with employers and to development relationships with local business to identify work-based learning opportunities make appropriate referrals for work-ready participants.

Through a partnership with the San Joaquin Manufacturing Alliance, Fresno County Career Technical Education / ROP and local community colleges, the FRWDB developed the Manufacturing Internship Pilot Program. This program will build a workforce-ready talent pipeline by connecting youth to the Manufacturing Industry through career exploration, classroom training and paid internships.

Through the Manufacturing Internship Pilot Program youth will complete an in-depth screening process, which includes an interview with manufacturing employers, soft skills evaluation, drug-screening and background checks. Participants selected through the pre-screening process complete paid work experience with local employers, two (2) semesters of Manufacturing training and an externship upon completion of the classroom training. Upon completion of the training program, youth will be provided with employment opportunities in various occupations in the Manufacturing sector. The FRWDB plans to expand this model to other sector industries in 2017 and 2018.

In addition, the FRWDB has a long standing partnership with the local building trades' council providing pre-apprenticeship training creating a pathway to various union apprenticeship programs.

v. Supportive Services

Supportive Services are provided through a multitude of sources, including WIOA-funded Supportive Services, as well as WIOA partners and other community funded Supportive Services. Supportive Services are intended to enable an individual to participate in WIOA-funded programs and activities to secure and retain employment. Supportive Services include but are not limited to:

- Assistance with clothing, food, housing, uniforms and tools.
- Transportation assistance, such as bus passes, car repair, and mileage.
- Needs-related services payments.

The FRWDB works with One-Stop and partner staff to provide on-going training to increase knowledge regarding programs and resources

available through the One-Stop and its partner agencies, and other local community organizations.

vi. Building Cross System Data Capacity

The FRWDB staff utilizes a variety of sources for economic and labor market data including but not limited to, EDD LMI Data, EconoVue, EMSI and American Community Survey data and regional and local economic and skills gap analysis data collected through the Central Valley RPU regional employer survey. The FRWDB also utilizes employment data collected through periodic local employment surveys. In addition,

The FRWDB Staff will continue to work with partners in attempting to solve the problem of data sharing and reporting across partners. Additionally, staff is working with existing partners on a pilot program to build cross-system data capacity.

vii. Integrating Services and Braiding Resources

In response to both national and state calls for increased integrated service delivery within One-Stops over the past several years, the FRWDB has been pro-actively identifying needs and implementing processes to improve efficiency of the FRWDB's employment and training system, with a primary focus on meeting employer-driven demand.

The FRWDB has demonstrated a capacity to help create a competitive employment and training system designed to meet the needs of participants and the talent needs for employers. The demonstrated value of the FRWDB includes:

- A depth and diversity of partnerships.
- Experience and depth with industry sector initiatives.
- Diversity and depth of work with a variety of public and private training providers.
- Expertise and success with placement of diverse and hard-to-serve participants.
- High standards of grant management for both state and federal competitive funding.

The funding for the FRWDB's One-Stop system is provided through WIOA programs for adults, dislocated workers and youth. The system also includes numerous partners and programs that contribute both financially and through in-kind services to provide effective employment and training services to WIOA participants.

In order to improve customer-centered service delivery and braid partner resources, the FRWDB began working with WIOA partners for the development and implementation of an integrated service delivery model.

The key components will include:

- Organization of staff around functions and participant needs.
- Functional leadership and supervision to support functional teams.
- Co-enrollment of participants.
- Electronic referrals for partner services.
- Continuous quality improvement based on participant feedback.

For staff, this means:

- The participants' and employers' needs are at the forefront.
- Every participant is everyone's participant.
- Staff development and training opportunities to support transition to new roles under functional teams.
- Serving as navigators to ensure participants access services from various partners as needed.
- FRWDB staff will continually monitor and assess WIOA and partner initiatives to avoid duplication and to more effectively integrate services and braid resources.

Participants will experience:

- Value-added interaction during each visit.
- Seamless transition between staff, programs, and/or services.
- "No wrong door".

C. Specific Services and Service Delivery Strategies.

1. **Provide a description of the ways the Local Board will work with entities carrying out core programs to expand access to employment, training, education, and supportive services for eligible individuals, particularly eligible individuals with barriers to employment. Target populations include those listed in WIOA Section 23(a)-(m).**

Through the FRWDBs established MOUs with WIOA partner programs such as Department of Rehabilitation, Department of Health and Human Services and EDD Veteran Services Representative, the One Stop system provides a full range of basic career services, individualized career services and employment and training services that are accessible and meets the needs of individuals with barriers to employment.

The FRWDB provides priority of services for individuals with barriers to employment and has local policies clearly defining the priority of service requirements for all adult individuals who are recipients of public assistance, low income and basic skills deficient individuals, this also includes veterans and individuals with disabilities.

Access to all partner services are available either on-site at the One-Stop or via referral. The use of various technology platforms and methodologies will be used to facilitate the delivery of these services when and where appropriate and cost

effective. Customers are referred and meet with core partner staff such as Department of Rehab, Department of Social Services, EDD UI and Veterans Services and adult education partner staff, based on their individual needs.

The local system provides for the co-enrollment of individuals in multiple partner programs, as needed, to assist the individual in successfully addressing employment barriers, which will result in a successful outcome (sustained employment in a demand occupation, leading to self-sufficiency) for the individual participant.

All One-Stop and WIOA program staff are crossed trained in the eligibility requirements for each partner's services in order to ensure appropriate referrals. Through on-going training, all partners will be aware of the services available under WIOA, including Basic Career Services, Individualized Career Services and Training Services. Associated with these will be the availability of Supportive Services to support job search and training activities. Individuals will be referred to appropriate partner(s) as needed. Where partners offer the same types of services as those available under WIOA, those services will be braided (without duplication) to ensure the best possible outcome for the individual, based on their specific needs.

All criteria and the processes to receive these services are described in the FRWDB's local Policies and Directives. These documents are available to partners, sub-recipients, and the public on our website, www.workforce-connection.com.

2. Provide a description of the way the Local Board will facilitate the development of career pathways and co-enrollment, as appropriate, in core programs.

Building on the sector approach described in the Regional Plan, the FRWDB will identify career pathways associated with the identified priority sectors. As part of the career pathway development, the FRWDB will detail training and credentialing opportunities, broker co-enrollment possibilities, and work to identify financial resources and the support to allow WIOA program participants to pursue these pathways.

The FRWDB is committed to providing targeted access to our WIOA participants for employment in high-growth, high-wage employment. The FRWDB has adopted a local sector strategy targeting six (6) high-growth and/or high-wage industry sectors: Healthcare, Trades, Manufacturing/ Water Technology, Government, Logistics/Distribution and the cross sector occupation of Information Technology. Periodic employment surveys are conducted by the FRWDB to identify and evaluate the current hiring and skills needs within these industries. As business needs evolve, the FRWDB will continue to assist businesses with retaining and growing jobs in Fresno County.

In conjunction with the Regional Plan on-ramps, the FRWDB will utilize a career pathways training model that focuses on a mix of job readiness and the ability to attain industry-recognized certificates, education, or degrees needed for employer-vetted occupations in targeted industry priority/emerging clusters.

This mix will be vetted by employers and rely on a mix of tools with the goal of preparing the workforce to meet and exceed employers' requirements. Examples include:

- Stackable educational/training options
- Accelerated/integrated education and training
- Industry-recognized credentials
- Basic skills training
- Soft skills
- Job readiness
- Vocational English as a Second Language
- On-the-Job Training (OJT), registered apprenticeships, internships, and other Earn and Learn models

The future strategy for outreach to our sectors will be to:

- Continually assess workforce needs to prepare and train participants to meet those needs
- Create or continue pilots within each sector to gain critical mass in sector penetration, as appropriate
- Develop sector career ladder and align these with the efforts of education partners, in conjunction with regional and local priorities
- Continually evaluate service to enhance service offering

3. **Provide a description of the way the Local Board will improve access to activities leading to a recognized post-secondary credential (including a credential that is an industry-recognized certificate or certification, portable, and stackable).**

The FRWDB utilizes formula funding and special grants to provide training opportunities for WIOA participants. The FRWDB has also dedicated training funds specifically for Incumbent Worker Training to meet employers' evolving needs. All training provided must be in a targeted sector or utilize current employment data to ensure the participant can obtain employment after training. The FRWDB maintains a local demand occupation list that is reviewed and updated periodically to ensure that training funds are only utilized for high-growth, high-demand industries.

One of the primary vehicles for driving these access strategies are our regional workforce partnerships that create sector-based career pathways and offer tuition-free training to meet the needs of WIOA participants, incumbent workers, and employers. Rather than working in silos, training providers, economic development, industry and employers, and the workforce system will collaborate to braid public and private resources. This will allow the system to respond to employer demand and to offer innovative, evidenced-based education and job training. WIOA participants are not mandated to receive any services such as Basic or Individualized Career Services prior to being referred to Training Services.

4. Provide a description of the way Local Boards and their partners will facilitate engagement of employers in workforce development programs, including small employers and employers in in-demand industry sectors and occupations.

The FRWDB local business plan vision is to continually implement a demand-driven system with business as our primary client. We will provide timely, holistic, and multi-faceted business and workplace solutions to bolster the regional prosperity of our community and, therefore, our workforce. This is accomplished by:

- Continually engaging multiple stakeholders, actively listening to their needs, and acting with agility and a business focus to implement solutions.
- Aligning our investment in the workforce and training resources to the needs of business now and with a future focus.
- Shifting from a recruitment strategy to a “grow your own” strategy for high priority sectors.
- Balancing the disparity between the skills level of the participants versus the needs of the employers.

The output of this demand-driven customer model is qualified participants who are prepared for success in the workforce.

Business Engagement Strategy

The FRWDB engages all businesses, sector and non-sector, small and large, on initiatives regarding strategic investments in the skills of its local workforce. The FRWDB conducts and publishes periodic surveys to identify job growth and labor needs across targeted industries and to get a pulse on businesses’ barriers and expansion. We frequently bring together, or participate with existing groups, on employer roundtables. This includes our clients, Slingshot stakeholders, education, economic development, cluster members, grant participants, and other intermediaries, with the purpose of workforce planning as it relates to identifying the targeted industries / occupations. Through facilitated dialogue with these multiple stakeholders, and with a targeted focus on employer feedback, we review surveys to identify targeted jobs and identify required skills (soft and technical), competencies, and education. This process enables us to:

- Develop sector-focused staff training.
- Identify and utilize specialized assessments.
- Develop career ladders.
- Allocate training resources.
- Identify qualified training providers.
- Work with sector employers to vet FRWDB screening, training policies and curriculum.

The FRWDB will connect to businesses through a variety of engagement strategies by leveraging relationships with a mix of internal and external stakeholders, and with a focus on the end result of preparing a qualified, job

ready workforce. This will be accomplished through the following resources and relationships:

FRWDB Business Services Staff: FRWDB Business Services staff creates high-level, long-term partnerships, collects proactive data on industry growth, and facilitates the connection between training needs and curriculum development.

Business Account Specialists: Our day-to-day business support activities are conducted by Business Account Specialists (BASs). They are responsible for engaging businesses to identify current and future workforce needs.

FRWDB Business and Industry Committee: The FRWDB has maintained a Business and Industry Committee (B&I) for over 17 years. The B&I adopted its strategic business plan to ensure that we have measurable, aggressive business services goals, which is reviewed annually.

Sector Driven Engagement

Adopting sector partnerships to enhance service delivery continues to be a critical part of the FRWDB's engagement strategy. This includes a focus on efforts and opportunities to support regional collaborative partnerships comprised of employers from priority and emerging industry sectors.

Sector Business Communications and Outreach Strategies: The FRWDB will utilize a variety of outreach resources and tools to connect to sector businesses:

EconoVue: To identify priority sectors in our region via labor market information and specifically focus on employers experiencing financial stress. Then outreach will be conducted to these companies utilizing sector specific marketing materials and messages via the internet, social media, TV, radio, one-on-one presentations and partner network connections.

Sector Business Account Specialists: Our BAS unit is split between general business BASs and sector BASs. Many BAS team members have targeted sector experience and readily understand the unique needs of the employers within that sector.

Sector One-Stop: As part of this model, the FRWDB is developing innovative strategies by revising its provision of One-Stop services to include specialized sector One-Stops for locally-identified demand sectors. The first sector One-Stop is the Government sector, which opened its doors to provide services in December 2015. Sector-based orientations are provided at the comprehensive One-Stop location to provide labor market information on the various occupations in demand sectors.

Partners/Intermediary Engagement

As a prudent manager of resources and funds entrusted to us, we frequently scan out partners and intermediaries for opportunities to braid and leverage funding for workforce and training initiatives. As we convene multiple stakeholders, we understand that we provide a critical community leadership role

as well as a sounding board for partners whose goals overlap with ours. We will engage this diverse group of regional and local partners to link, align and leverage our collective assets on both short range projects and strategic planning for long-term initiatives with large community impact. These partners include:

- Education/CTE
- Secondary and Postsecondary Education.
- One-Stop Partners
- Local Government
- Sector Navigators – *Doing What Matters*
- Central California SHRM

5. **Provide a description of the way Local Boards and their partners will support a local workforce development system that meets the needs of businesses in the local area.**

The FRWDB has adopted the vision that “Business is our Primary Customer”. In doing so, the FRWDB has indicated the best way to serve participants is to understand and support the needs of businesses (workforce, economic development, etc.). This vision ensures that the FRWDB continues to scan employment and training needs not only in Fresno, but regionally across the San Joaquin Valley. The private sector FRWDB Directors are representative of our high-demand industries.

Business Services include, but are not limited to:

- Working with our business clients to develop customized solutions and connect them with our business servicing partners.
- Fresno4Biz - a business partner collaborative that works together to address businesses’ needs.
- Standard business services, such as the Human Resource Hotline, tax credit referrals, layoff aversion, Rapid Response, etc.
- Workforce Development, such as job related assessments and employer driven curriculum.
- Earn and Learn programs.
- Training solutions.
- Customized business solutions.

6. **Provide a description of the way Local Boards and their partners will better coordinate workforce development programs and economic development.**

The FRWDB collaborates with economic development partners for opportunities to attract business and strengthen the local economy. This includes work on the following initiatives:

Partnership with the Fresno Economic Development Corporation (EDC): The FRWDB enjoys a strong partnership with the Fresno County Economic Development Corporation (EDC). This includes a variety of projects and shared goals. Some examples include:

- Comprehensive Economic Development Strategy (CEDS) Development – Monthly, the FRWDB staff with the EDC and other stakeholders meet to provide input into the CEDS being developed.

- Board Representation – Reciprocally, both agency Executive Directors sit on each other's board and provide advisory support on how we work together collectively.
- Business Services – The EDC partners with the FRWDB on Fresno4Biz. We frequently cross-refer businesses, who need specific support. Additionally, we work on business services projects, such as workshops, on obtaining small business certifications, Layoff Aversion services, and site selection committees for potential businesses looking to move to Fresno.

Provide Labor Market Information (LMI) Data to Attract and Retain Business: The FRWDB frequently acts as a clearing house of LMI and other pertinent workforce and business data for our partners to enhance their data driven strategies.

Written Into Other Local and Regional Plans: FRWDB staff sits on several interagency councils, such as the EDC and Department of Social Services, to provide input into their annual strategic planning. Informally, we work with all of our mandated partners to braid our goals together.

Fresno4Biz: The Fresno4Biz partners meet monthly. The agendas focus on referrals to each other from businesses needing targeted consulting services, opportunities to partner on business service activities, and trends we are seeing in the community that we can proactively address with solutions.

Rapid Response: The FRWDB, intermittently, educates economic development and workforce partners on Layoff Aversion and Rapid Response services. Through this discussion, we inform them on how to best work with Dislocated Workers, how to elevate business needs of services to us, and how we can incorporate them into our list of solutions to Dislocated Workers.

Work with the City of Fresno on Economic Development Initiatives: The City of Fresno includes the FRWDB, the EDC, and other partners in meetings with potential businesses looking to relocate to Fresno, so that we can present a unified plan to the potential business on the benefits of doing business in Fresno.

Work with Regional Partners: In addition to working with economic development agencies at the county level, the FRWDB connects to the California Central Valley Economic Development Corporation.

Convene Local Business Serving Partner Group: The FRWDB facilitates quarterly meetings of all business serving entities in Fresno County who provide free services. The purpose of this networking team is to:

- Learn about the services offered by other no-cost business serving organizations to holistically assist our business clients with their needs.
- Network with business-serving peers.
- Discuss trends, events, and regulatory impacts of which the Fresno community should be aware.
- Connect on initiatives.

7. **Provide a description of the way Local Boards and their partners will strengthen linkages between the One-Stop delivery system and unemployment insurance programs.**

All Policies and Operational Directives are documented and provided to One-Stop staff and Youth Providers. FRWDB staff conducts on-going monitoring of local policy and processes and make modifications required to ensure continued quality outcomes.

FRWDB staff trains sub-recipients on new Policies and Operational Directives. The FRWDB is committed to ensuring that all processes, services, and outcomes are consistent regardless of which sub-recipients provide those services and at what location. 3. **Provide a description of how the Local Board will coordinate Rapid Response activities carried out in the local area.**

Through the FRWDB BSC, our dedicated staff uses the following methodologies and resources to provide Layoff Aversion and Rapid Response activities to Fresno County employers and employees.

Layoff Aversion

Industry sectors whose strength will have the most significant impact on the future of the workforce area are the most appropriate targets for layoff aversion efforts. The FRWDB will take into consideration key factors for the following priority sectors:

- Industries that pay middle-class wages and benefits and offer job and training ladders for low-income populations
- Industries that create greater economic spin-off activity, i.e., the multiplier effect
- Industries that drive productivity gains in the economy and provide customers for advances in technology
- Industries that offer diversification of the economy
- Industries that provide a foundation for new industry clusters
- A combination of industries that provide the greatest positive impact for the region

Early Warning System: The Early Warning System (EWS) is a network that identifies and tracks vulnerable companies and industry sectors that might benefit from layoff aversion strategies. The EWS identifies companies at risk of closing or moving operations before actual decisions are made by the companies to shut down or move.

The FRWDB's EWS network includes a vast array of community partners such as, but not limited to, the following:

- Local, state, and federal agencies
- Chambers of commerce
- Industry groups
- Labor and management associations
- Telecommunications/media companies
- Community-based and community development organizations

Detecting early warning indicators is a strategy that complements other information gathered through the EWS network and aids in identifying and tracking companies in possible distress.

The FRWDB uses the following identifiers, such as, but not limited to:

- Worker Adjustment and Retraining Notification Act (WARN) notices, which is useful in analyzing layoff activity by industry sector and occupations being laid off
- Major trade journals, business journals, and local or regional newspapers
- Dun & Bradstreet or Experian. These companies provide information on companies and industries under stress. Relevant information can be found in the financial stress score and the commercial credit score.
- Direct referrals
- Changes in management behavior
- Removal of equipment
- Cash crunch/irrational cutbacks

Business Services: The BSC, utilizing staff and procured contractors, provide Layoff Aversion services in the following manner:

Pre-Feasibility Studies: Pre-feasibility studies provide objective evidence as to the likelihood of an employer remaining operational and, if so, under what conditions.

Typical prefeasibility studies assess the employer's business operations such as, but not limited to, the following areas:

- Organizational Structure
- Marketing
- Operations/Manufacturing
- Financial

Asset Mapping: Asset mapping identifies resources in the community and provides an inventory of key resources in local workforce development areas. Asset mapping includes entities such as, but not limited to, the following:

- Local, state, and federal agencies
- Chambers of commerce
- Industry groups
- Labor and management associations
- Telecommunications/media companies
- Community-Based Organizations

Business Turnaround Services: Business turnaround services are provided when it is determined that an employer needs intervention beyond the menu of services provided by the EWS network and community partners. Services will be provided through an outside entity with expertise in business turnarounds. Potential employers must be thoroughly assessed for intervention suitability based on early warning indicator data.

Specific business turnaround services include the following:

- Financial restructuring
- Operations and cost management
- New market and product development assistance
- Production of business plans, financial projections, and financing memorandums

- Developing labor management partnerships
- Assistance in acquiring new equipment;
- Assistance with training grants
- Assistance with loans and guarantees

Incumbent Worker Training: To assist in averting layoffs, Incumbent Worker Training (IWT) can be provided. Such training is an important strategy for meeting an employer's needs for qualified workers and can take place in or out of the workplace and during or after employees' work hours. Employer and worker assessments are conducted to determine whether the provision of IWT is appropriate.

Work Share Unemployment Compensation Program: The Work Share Unemployment Compensation Program (Work Share Program) offers an alternative to employers facing a reduction in force. Under the Work Share Program, an employer reduces the hours of work each week among a specific group of employees instead of laying off the employees. Wages lost to the employee due to reduced hours are offset by the receipt of UI benefits.

Rapid Response

The FRWDB coordinates the Rapid Response team for the delivery of WIOA Rapid Response services for Fresno County. The FRWDB does extensive outreach to employees affected by layoff or closures, to provide timely transitional re-employment services through the One-Stop system. The Rapid Response team includes:

The FRWDB refers participants in need of basic education and literacy to local adult education providers. All participants receiving Individualized Career Services may access educational services provided by the various adult schools in Fresno County, which may include Adult Basic Education, General Equivalency Diploma, English as a Second Language, computer classes, etc. When the California Department of Education requests applications for Adult Education Title II Education and Literacy Activities, the FRWDB will disseminate those applications to experts on staff and from our Workforce Board for review. H. Federal High Performance Board Efforts**1. Identify how the Local Board will comply with state-issued AJCC policies specified in the following policy directives:**

- **WSD15-14 – WIOA Adult Program Priority of Service**
- **WSD15-12 – WIOA Memorandum of Understanding**

FRWDB staff has developed and implemented a local policy that clearly defines and specifies the priority of service requirements as outlined in WSD 15-14.

FRWDB staff has developed a template Memorandum of Understanding (MOU) based on the guidance outlined in WSD15-12. The FRWDB will work with local partners to negotiate commitments of resources and cost allocations. Management from each partner will review the MOU prior to final signatures. All MOUs and Resource Sharing Agreements (RSAs) will be approved by the FRWDB and local chief local elected officials. MOUs and RSAs will be reviewed on an annual basis and updated as needed.

2. Provide a narrative description of the way the Local Board will assess the effectiveness of AJCCs in each of the foregoing areas.

- **An assessment of leadership, planning and collaboration (how well are core programs involved and aligned?)**

FRWDB staff will schedule quarterly meetings with all the core partners to monitor the system and implement continuous improvement plans in the following areas:

- Identification of areas where we can integrate services on an ongoing basis.
- Identification of gaps in service delivery.
- Improvement of service delivery based on continual feedback.

- ***An assessment of customer-focus and customer-centered design (do clients get the services they need?)***

FRWDB staff will work with WIOA, One-Stop, and partner staff to develop a participant-centered design process for implementation.

- ***An assessment of the manner in which the One-Stop will enable skills attainment leading to industry recognized credentials and degrees (does the One-Stop help move those with barriers to employment on a path to skills development?)***

The FRWDB has long-term established processes to enable participants to address barriers, if needed. The FRWDB identifies career paths based on assessments and assists participants in enrollment into qualified training programs to obtain industry recognized credentials and degrees in their chosen occupation.

- ***An assessment of the way the One-Stop will use data for continuous improvement (do One-Stop Operators utilize performance data to improve service delivery?)***

The FRWDB will use our existing data analysis and reporting tools (I-Train common intake management system). Staff will continue to work with partners in attempting to solve the problem of data sharing and reporting across partners. Additionally, staff is working with existing partners on a pilot program to build cross-system data capacity.

- ***An assessment of professional development and staff capacity building (are frontline staff trained on the requirements of WIOA, the policies required under the State Plan, and to provide high quality, customer-focused services?)***

Cross training is provided for WIOA partners and One-Stop provider staff. FRWDB staff provides technical assistance and training on federal, state, and local policies to One-Stop provider staff. FRWDB staff will work with One-Stop provider staff and WIOA partners to identify skills gaps in training and work with the WIOA Regional Training Coordinator to identify training opportunities to bridge those gaps.

- ***An assessment of employer engagement and focus on high growth sectors (is programming aligned with regional labor market dynamics?)***

The San Joaquin Valley Regional Planning Unit has completed the first regional employer survey. A copy of the survey is available for download at <http://www.workforce-connection.com>. They are working with employers and employer groups, such as the San Joaquin Valley Manufacturing Alliance, to continue to develop processes to engage employers under WIOA and special grants such as Slingshot.

- ***An assessment of physical and programmatic accessibility for individuals with disabilities.***

Currently, FRWDB staff performs biennial program and facilities assessments for accessibility for all individuals wherever WIOA services are provided. One-Stop staff identifies needs of the individual to provide appropriate services for accessibility, such as interpreters, resource guides, and special equipment.

I. Training Activities

1. ***The local plan should describe how training services outlined in WIOA Section 134 will be provided through the use of individual training accounts. If contracts for training services will be used, the local plan must include how the use of such contracts will be coordinated with the use of individual training accounts, and how the Local Board will ensure informed customer choice in the selection of training programs regardless of how the training services are to be provided.***

The FRWDB has written policy and procedures for awarding Individual Training Accounts (ITAs) to eligible Adults, Dislocated Workers and Youth, including dollar and/or duration limits. One-Stop staff assesses and guides participants to assist them in identifying appropriate career pathways based on their individual skills and goals. Training is prioritized for local industry sectors in high-demand occupations.

ITAs can include:

- Occupational skills training, including training for nontraditional employment.
- Programs that combine workplace training with related instruction.
- Training programs operated by the private sector.
- Skills upgrading and retraining.
- Entrepreneurial training.
- Pre-/registered apprenticeship training.

Other training includes:

- Work Based Learning such as OJT, paid work experience and internships.
- Incumbent Worker and/or Customized Training for employed workers.
- Cohorts and other apprenticeship-like models.
- Transitional jobs to establish job history.

J. Public Transparency, Accessibility and Inclusivity Information

1. ***The local plan should describe the process used by the Local Board, consistent with WIOA 108(d), to provide a 30-day public comment period prior to submission of the plan. Information should specify how Local Boards complied with physical and programmatic accessibility requirement for individuals with disabilities.***

The draft Local Plan was posted on the FRWDB website for a 30-day public comment period. The public and all local, state and federal agencies were invited to review the draft Plan and submit comments in writing, via email or fax. Additionally, public meetings were held in Fresno County that provided the general public, community organizations, and city and county representatives the opportunity to make comments.

All questions and comments generated during the public comment period are shared with the FRWDB Committees and Councils, and the FRWDB members. All comments receive a final review by the Fresno County Board of Supervisors and Fresno City Council when the Plan is submitted to their board/council for final approval.

There were no comments received during the Public Comment period that disagreed with the local plan.

K. Common Intake and Case Management Efforts

1. Describe how Local Boards currently handle intake and case management and whether their existing approach allows for the tracking of co-enrolled individuals across WIOA core programs and other programs party to the State Plan.

The FRWDB has been using the same common intake case management system since 2003. The software application, I-Train, has provided the FRWDB with significant flexibility to track participant data and to manage participants in our local area.

Within I-Train we track all the required data as documented by the State including the following:

- Eligibility
- Participation
- Service delivery
- Training and supportive service expenditures
- Outcomes
- Follow-up
- Individual plans
- Case notes

Intake for WIOA is currently performed in a four (4)-step process for adults:

- Registration in I-Train as an Adult Basic Career Service client
- Take basic skills assessments
- Attend a Self-Reliance Team interview to assess barriers and recommend referrals, including to WIOA
- Eligibility determination and creation of the WIOA full application

Youth intake is performed in a similar manner, as follows:

- Attend youth entrance interview

- Take basic skills assessments
- Recommend referrals, including to WIOA
- Eligibility determination and creation of the WIOA full application

The State data is uploaded to CalJOBS daily, as required. This ensures the data on CalJOBS is timely.

The flexibility we realize by using I-Train provides us with the ability to work closely with our WIOA partners locally to monitor co-enrollments across programs. Specifically, we intend to work with our partners to document the results of referrals to and from the One-Stop system. Utilizing technology to notify each other of referrals will allow us to anticipate participants' arrival and to have a direct contact to each other's case managers. Additionally, with web-based reporting we anticipate developing reports for partners to analyze the characteristics of their co-enrolled clients.

L. Other Miscellaneous Information Requirements

1. Specify how Title II program applicants will be given access to local plans for purposes of reviewing the local plan and developing Title II applications for funding.

The FRWDB Local Plan will be posted to the FRWDB website and will be available for download by Title II programs. Copies of the Plan will also be provided to Title II programs upon request.

2. Describe how the Local Board will meet the priority of service requirements in WIOA Section 134(c)(3)(E).

As stated in WIOA Section 134(c)(3)(E), priorities of services, regardless of funding levels, must be provided to recipients of public assistance, other low-income individuals, or individual who are basic skills deficient.

Priority of service status is established at the time of eligibility determination and does not change during the period of participation.

Veterans and eligible spouses continue to receive priority of service among all eligible adult participants; however, they must meet the WIOA Adult Program eligibility criteria and meet the criteria under WIOA Section 134(c)(3)(E).

As outlined in the guidance provide in the EDD Workforce Services Directive WSD 15-14, priority will be provided in the following order:

- Veterans and eligible spouses, who are also recipients of public assistance, are low income or are basic skills deficient.
- Adults who are recipients of public assistance, are low income, or are basic skills deficient.

3. Identify the portions of the local plan that are being handled in the narrative content of the regional plan.

The Regional Plan narrative includes the regional labor market, economic, and background analyses required in local planning efforts. It also includes a description of career pathways in the region and recommendations for further action on the pathways to meet regional industry needs.

OPERATIONAL DIRECTIVE

FRWIB OD # 06-16

Date Released: July 1, 2016

To: All Fresno Regional Workforce Development Board AJCC Partners and Service Providers

From: Blake Konczal, Executive Director

Effective Date: July 1, 2016

Subject: America's Job Centers of California (AJCC) Partner Referral Process

Applicable Program: All

Revision History: Initial Release

This Operational Directive (OD) replaces the referral process described in OD 35-05, Partner Co-Enrollment and Referral Process. This OD obsoletes Form REG-102, Universal Referral Checklist and adds updated referral forms.

Partners may be required to use their own Release of Information form, instead of the Universal Release of Information (Form REG-100) when making referrals to other Partners. Those Partners are required to identify the approved form to be used when referring clients from their organization.

Purpose

As mandated by the Workforce Innovation and Opportunity Act (WIOA), each Local Workforce Development Area (LWDA) is required to have a documented process for referrals between partner agencies, as defined by WIOA (mandated partners) and the local Board as AJCC partners (local one-stop partners).

The intent of a referral activity is to ensure that needed services for a client are provided through the most appropriate funding stream in the most efficient manner and are not duplicative. The client should have an experience that is as seamless as possible.

This OD describes, on page 2, the steps to be taken to facilitate a referral between any Partner agency, including any of Fresno County's WIOA-funded programs, and to track the outcome of those referrals.

Each partner is required to identify all departments that provide the services described in their individual Partner Memorandum of Understanding (MOU) with the Fresno Regional Workforce Development Board. Additionally, each partner and sub-contracted provider of service is required to identify a single point of contact (SPOC) for all referrals to their agency and their full contact information (telephone number and email address). The FRWDB Quality Systems Manager will be responsible for maintaining and disseminating this information.

PROCESS

Level I – Referrals to other partners or community services for perceived or stated needs of clients. Use Form REG-108. There will be no follow-up for Level I Referrals. Referrals will be counted and reported, when appropriate.

Level II – Direct referral between partners for specific services. Use Form # REG-109. Referring partner will fill out the form, contact the referred to agency single point of contact (SPOC) and make appointment for client if Fresno Regional Workforce Development Board

appropriate. Referral to be scanned to referred agency and copy given to client. Review the referral with the client. Referring Partner will file the original referral form.

If any questions, please contact the FRWDB Program Manager.

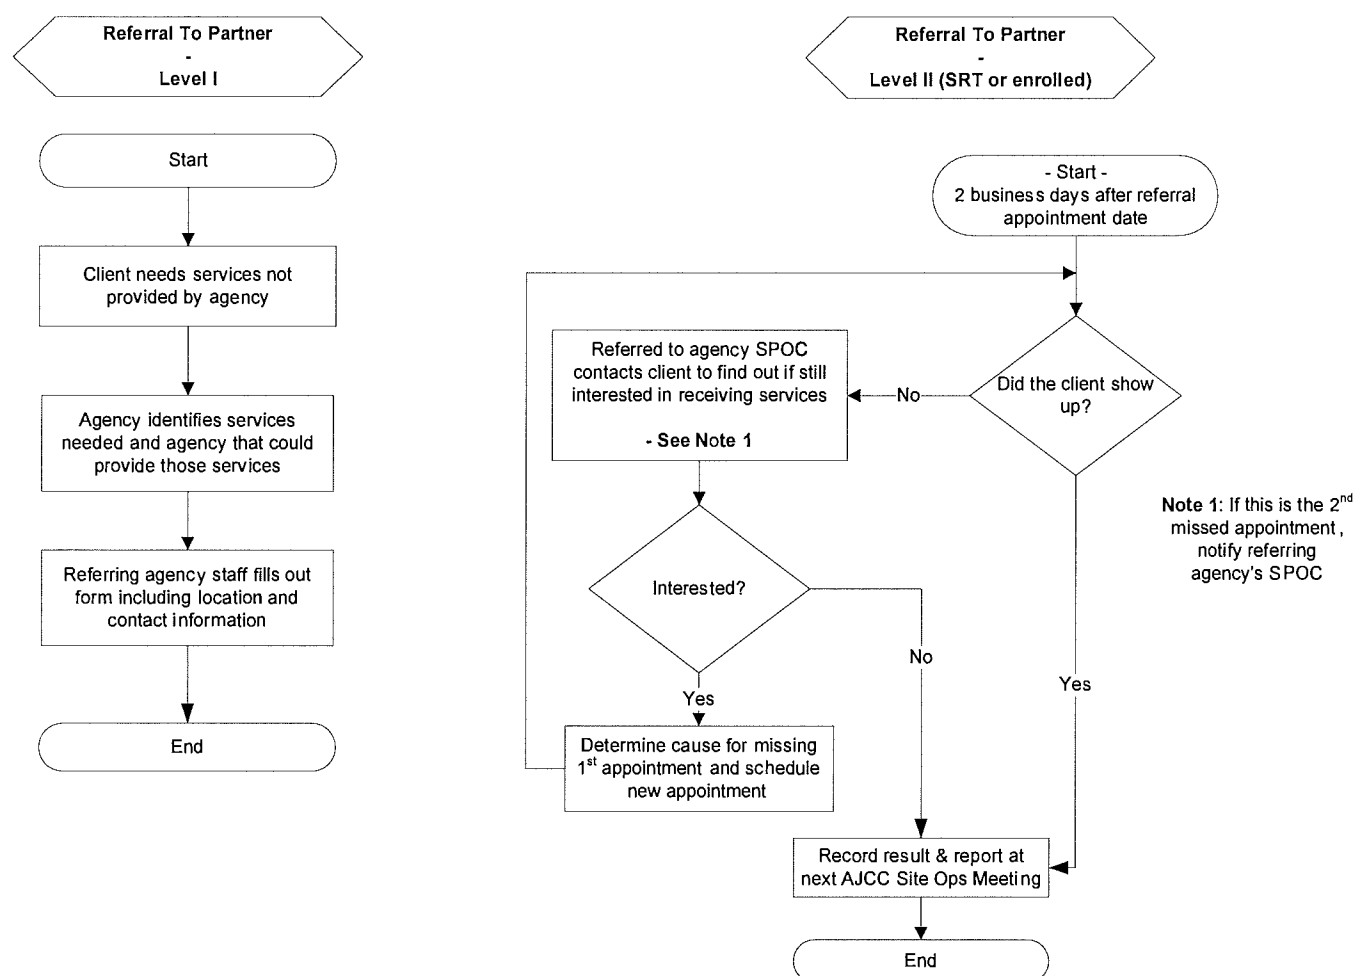

Forms: REG-100 – Universal Release of Information (Partners may require the use of their own Release of Information form in order to release client specific information).

REG-101 – Agency Summary of Services Checklist

REG-104 – Interest Checklist

REG-108 – AJCC Partner Referral – Level I

REG-109 – AJCC Partner Referral – Level II

Blake Konczal, Executive Director

OPERATIONAL DIRECTIVE

FRWIB OD # 06-16

Date Released: July 1, 2016

To: All Fresno Regional Workforce Development Board AJCC Partners and Service Providers

From: Blake Konczal, Executive Director

Effective Date: July 1, 2016

Subject: America's Job Centers of California (AJCC) Partner Referral Process

Applicable Program: All

Revision History: Initial Release

This Operational Directive (OD) replaces the referral process described in OD 35-05, Partner Co-Enrollment and Referral Process. This OD obsoletes Form REG-102, Universal Referral Checklist and adds updated referral forms.

Partners may be required to use their own Release of Information form, instead of the Universal Release of Information (Form REG-100) when making referrals to other Partners. Those Partners are required to identify the approved form to be used when referring clients from their organization.

Purpose

As mandated by the Workforce Innovation and Opportunity Act (WIOA), each Local Workforce Development Area (LWDA) is required to have a documented process for referrals between partner agencies, as defined by WIOA (mandated partners) and the local Board as AJCC partners (local one-stop partners).

The intent of a referral activity is to ensure that needed services for a client are provided through the most appropriate funding stream in the most efficient manner and are not duplicative. The client should have an experience that is as seamless as possible.

This OD describes, on page 2, the steps to be taken to facilitate a referral between any Partner agency, including any of Fresno County's WIOA-funded programs, and to track the outcome of those referrals.

Each partner is required to identify all departments that provide the services described in their individual Partner Memorandum of Understanding (MOU) with the Fresno Regional Workforce Development Board. Additionally, each partner and sub-contracted provider of service is required to identify a single point of contact (SPOC) for all referrals to their agency and their full contact information (telephone number and email address). The FRWDB Quality Systems Manager will be responsible for maintaining and disseminating this information.

PROCESS

Level I – Referrals to other partners or community services for perceived or stated needs of clients. Use Form REG-108. There will be no follow-up for Level I Referrals. Referrals will be counted and reported, when appropriate.

Level II – Direct referral between partners for specific services. Use Form # REG-109. Referring partner will fill out the form, contact the referred to agency single point of contact (SPOC) and make appointment for client if

appropriate. Referral to be scanned to referred agency and copy given to client. Review the referral with the client. Referring Partner will file the original referral form.

If any questions, please contact the FRWDB Program Manager.

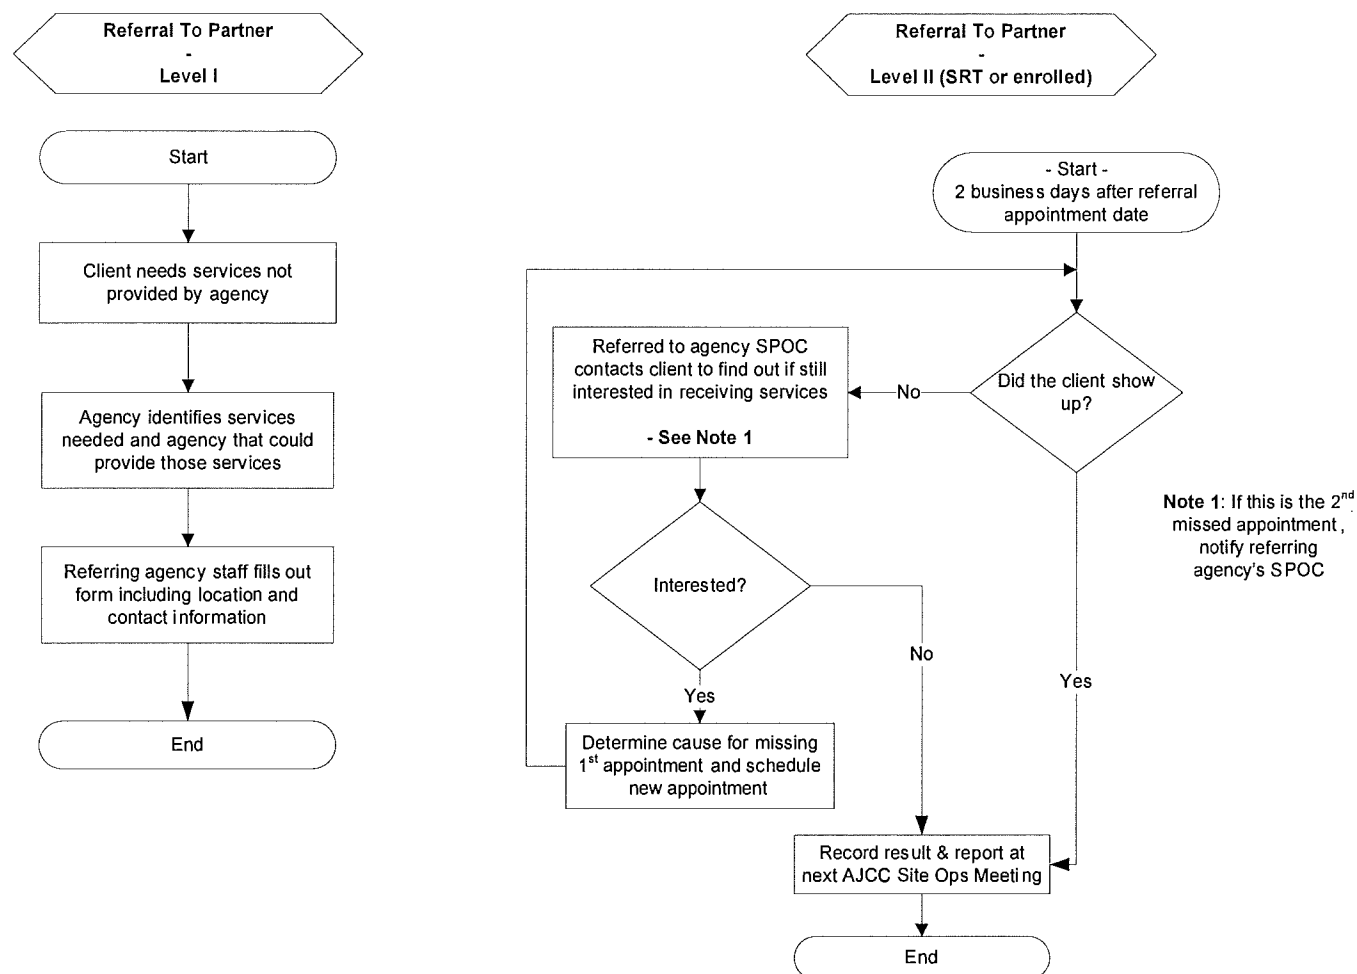

Forms: REG-100 – Universal Release of Information (Partners may require the use of their own Release of Information form in order to release client specific information).

REG-101 – Agency Summary of Services Checklist

REG-104 – Interest Checklist

REG-108 – AJCC Partner Referral – Level I

REG-109 – AJCC Partner Referral – Level II

XXIV. INDEMNIFICATION

Except as otherwise expressly provided in this MOU and to the fullest extent of the law, each party shall indemnify and hold harmless (the "Indemnifying Party") the other parties, including the One-Stop Operator and the WDB, and their respective partners, directors, officers, agents, customers and employees (the "Indemnified Parties") from and against any and all losses, costs, expenses (including reasonable attorneys', experts' and consultants' fees and court costs at all levels of proceedings), damages and/or liabilities which any of the Indemnified Parties may sustain or incur in connection with or arising out of the performance of this MOU or any breach by the Indemnifying Party of its obligations under this MOU, except to the extent the foregoing is caused by the gross negligence or willful misconduct of the Indemnified Parties. OPERATIONAL DIRECTIVE

FRWIB OD # 06-16

Date Released: July 1, 2016

To: All Fresno Regional Workforce Development Board AJCC Partners and Service Providers

From: Blake Konczal, Executive Director

Effective Date: July 1, 2016

Subject: America's Job Centers of California (AJCC) Partner Referral Process

Applicable Program: All

Revision History: Initial Release

This Operational Directive (OD) replaces the referral process described in OD 35-05, Partner Co-Enrollment and Referral Process. This OD obsoletes Form REG-102, Universal Referral Checklist and adds updated referral forms.

Partners may be required to use their own Release of Information form, instead of the Universal Release of Information (Form REG-100) when making referrals to other Partners. Those Partners are required to identify the approved form to be used when referring clients from their organization.

Purpose

As mandated by the Workforce Innovation and Opportunity Act (WIOA), each Local Workforce Development Area (LWDA) is required to have a documented process for referrals between partner agencies, as defined by WIOA (mandated partners) and the local Board as AJCC partners (local one-stop partners).

The intent of a referral activity is to ensure that needed services for a client are provided through the most appropriate funding stream in the most efficient manner and are not duplicative. The client should have an experience that is as seamless as possible.

This OD describes, on page 2, the steps to be taken to facilitate a referral between any Partner agency, including any of Fresno County's WIOA-funded programs, and to track the outcome of those referrals.

Each partner is required to identify all departments that provide the services described in their individual Partner Memorandum of Understanding (MOU) with the Fresno Regional Workforce Development Board. Additionally, each partner and sub-contracted provider of service is required to identify a single point of contact (SPOC) for all referrals to their agency and their full contact information (telephone number and email address). The FRWDB Quality Systems Manager will be responsible for maintaining and disseminating this information.

PROCESS

Level I – Referrals to other partners or community services for perceived or stated needs of clients. Use Form REG-108. There will be no follow-up for Level I Referrals. Referrals will be counted and reported, when appropriate.

Level II – Direct referral between partners for specific services. Use Form # REG-109. Referring partner will fill out the form, contact the referred to agency single point of contact (SPOC) and make appointment for client if
Fresno Regional Workforce Development Board

appropriate. Referral to be scanned to referred agency and copy given to client. Review the referral with the client. Referring Partner will file the original referral form.

If any questions, please contact the FRWDB Program Manager.

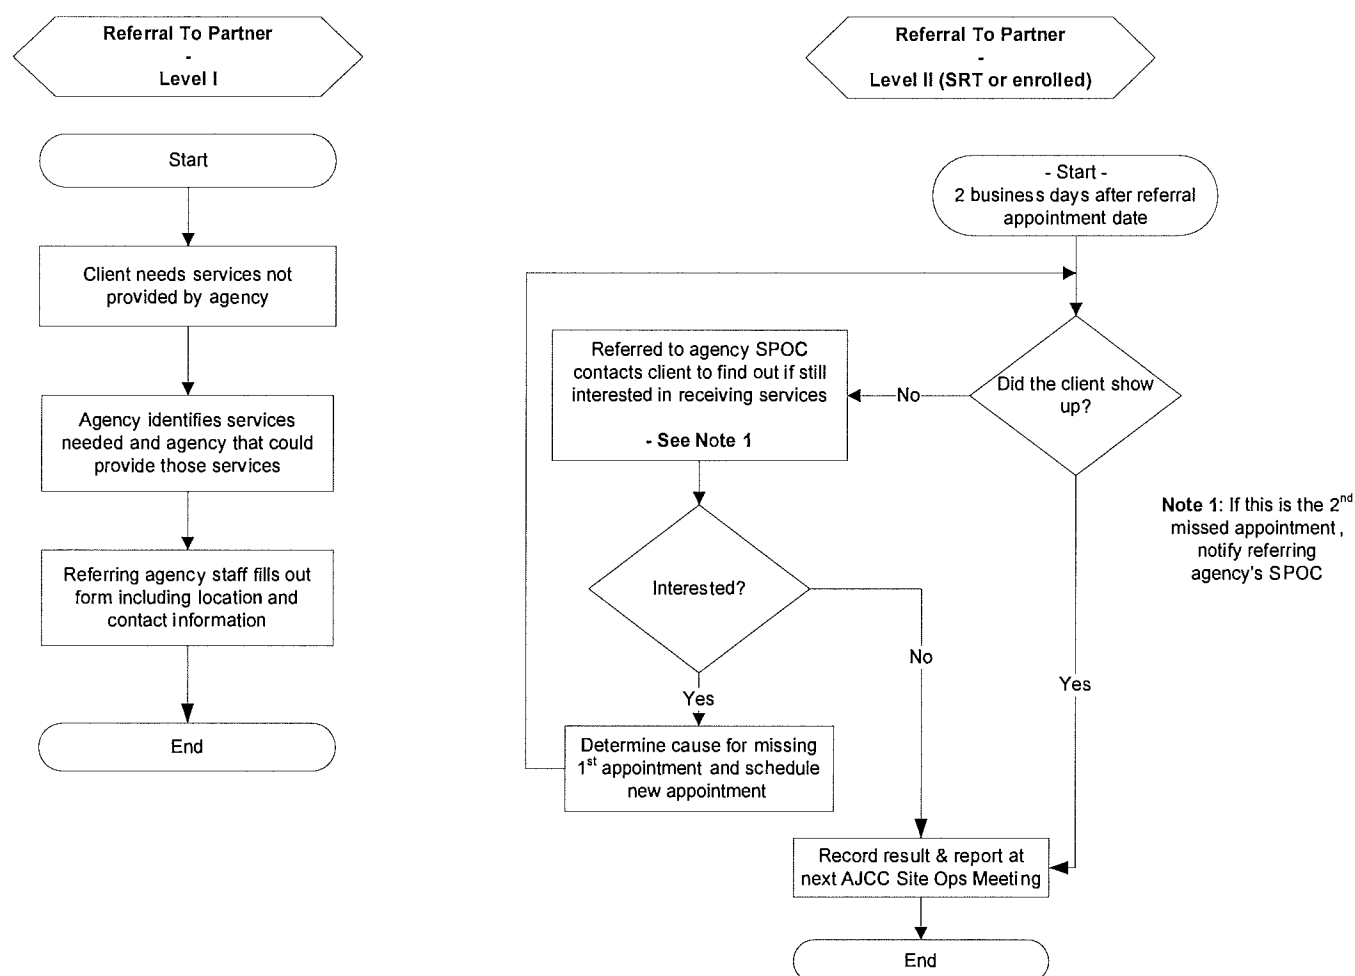

Forms: REG-100 – Universal Release of Information (Partners may require the use of their own Release of Information form in order to release client specific information).

REG-101 – Agency Summary of Services Checklist

REG-104 – Interest Checklist

REG-108 – AJCC Partner Referral – Level I

REG-109 – AJCC Partner Referral – Level II

OPERATIONAL DIRECTIVE

FRWIB OD # 06-16

Date Released: July 1, 2016

To: All Fresno Regional Workforce Development Board AJCC Partners and Service Providers

From: Blake Konczal, Executive Director

Effective Date: July 1, 2016

Subject: America's Job Centers of California (AJCC) Partner Referral Process

Applicable Program: All

Revision History: Initial Release

This Operational Directive (OD) replaces the referral process described in OD 35-05, Partner Co-Enrollment and Referral Process. This OD obsoletes Form REG-102, Universal Referral Checklist and adds updated referral forms.

Partners may be required to use their own Release of Information form, instead of the Universal Release of Information (Form REG-100) when making referrals to other Partners. Those Partners are required to identify the approved form to be used when referring clients from their organization.

Purpose

As mandated by the Workforce Innovation and Opportunity Act (WIOA), each Local Workforce Development Area (LWDA) is required to have a documented process for referrals between partner agencies, as defined by WIOA (mandated partners) and the local Board as AJCC partners (local one-stop partners).

The intent of a referral activity is to ensure that needed services for a client are provided through the most appropriate funding stream in the most efficient manner and are not duplicative. The client should have an experience that is as seamless as possible.

This OD describes, on page 2, the steps to be taken to facilitate a referral between any Partner agency, including any of Fresno County's WIOA-funded programs, and to track the outcome of those referrals.

Each partner is required to identify all departments that provide the services described in their individual Partner Memorandum of Understanding (MOU) with the Fresno Regional Workforce Development Board. Additionally, each partner and sub-contracted provider of service is required to identify a single point of contact (SPOC) for all referrals to their agency and their full contact information (telephone number and email address). The FRWDB Quality Systems Manager will be responsible for maintaining and disseminating this information.

PROCESS

OPERATIONAL DIRECTIVE

FRWIB OD # 06-16

Date Released: July 1, 2016

To: All Fresno Regional Workforce Development Board AJCC Partners and Service Providers

From: Blake Konczal, Executive Director

Effective Date: July 1, 2016

Subject: America's Job Centers of California (AJCC) Partner Referral Process

Applicable Program: All

Revision History: Initial Release

This Operational Directive (OD) replaces the referral process described in OD 35-05, Partner Co-Enrollment and Referral Process. This OD obsoletes Form REG-102, Universal Referral Checklist and adds updated referral forms.

Partners may be required to use their own Release of Information form, instead of the Universal Release of Information (Form REG-100) when making referrals to other Partners. Those Partners are required to identify the approved form to be used when referring clients from their organization.

Purpose

As mandated by the Workforce Innovation and Opportunity Act (WIOA), each Local Workforce Development Area (LWDA) is required to have a documented process for referrals between partner agencies, as defined by WIOA (mandated partners) and the local Board as AJCC partners (local one-stop partners).

The intent of a referral activity is to ensure that needed services for a client are provided through the most appropriate funding stream in the most efficient manner and are not duplicative. The client should have an experience that is as seamless as possible.

This OD describes, on page 2, the steps to be taken to facilitate a referral between any Partner agency, including any of Fresno County's WIOA-funded programs, and to track the outcome of those referrals.

Each partner is required to identify all departments that provide the services described in their individual Partner Memorandum of Understanding (MOU) with the Fresno Regional Workforce Development Board. Additionally, each partner and sub-contracted provider of service is required to identify a single point of contact (SPOC) for all referrals to their agency and their full contact information (telephone number and email address). The FRWDB Quality Systems Manager will be responsible for maintaining and disseminating this information.

PROCESS

Level I – Referrals to other partners or community services for perceived or stated needs of clients. Use Form REG-108. There will be no follow-up for Level I Referrals. Referrals will be counted and reported, when appropriate.

Level II – Direct referral between partners for specific services. Use Form # REG-109. Referring partner will fill out the form, contact the referred to agency single point of contact (SPOC) and make appointment for client if Fresno Regional Workforce Development Board

appropriate. Referral to be scanned to referred agency and copy given to client. Review the referral with the client. Referring Partner will file the original referral form.

If any questions, please contact the FRWDB Program Manager.

Forms: REG-100 – Universal Release of Information (Partners may require the use of their own Release of Information form in order to release client specific information).

REG-101 – Agency Summary of Services Checklist

REG-104 – Interest Checklist

REG-108 – AJCC Partner Referral – Level I

REG-109 – AJCC Partner Referral – Level II

OPERATIONAL DIRECTIVE

FRWIB OD # 06-16

Date Released: July 1, 2016

To: All Fresno Regional Workforce Development Board AJCC Partners and Service Providers

From: Blake Konczal, Executive Director

Effective Date: July 1, 2016

Subject: America's Job Centers of California (AJCC) Partner Referral Process

Applicable Program: All

Revision History: Initial Release

This Operational Directive (OD) replaces the referral process described in OD 35-05, Partner Co-Enrollment and Referral Process. This OD obsoletes Form REG-102, Universal Referral Checklist and adds updated referral forms.

Partners may be required to use their own Release of Information form, instead of the Universal Release of Information (Form REG-100) when making referrals to other Partners. Those Partners are required to identify the approved form to be used when referring clients from their organization.

Purpose

As mandated by the Workforce Innovation and Opportunity Act (WIOA), each Local Workforce Development Area (LWDA) is required to have a documented process for referrals between partner agencies, as defined by WIOA (mandated partners) and the local Board as AJCC partners (local one-stop partners).

The intent of a referral activity is to ensure that needed services for a client are provided through the most appropriate funding stream in the most efficient manner and are not duplicative. The client should have an experience that is as seamless as possible.

This OD describes, on page 2, the steps to be taken to facilitate a referral between any Partner agency, including any of Fresno County's WIOA-funded programs, and to track the outcome of those referrals.

Each partner is required to identify all departments that provide the services described in their individual Partner Memorandum of Understanding (MOU) with the Fresno Regional Workforce Development Board. Additionally, each partner and sub-contracted provider of service is required to identify a single point of contact (SPOC) for all referrals to their agency and their full contact information (telephone number and email address). The FRWDB Quality Systems Manager will be responsible for maintaining and disseminating this information.

PROCESS

Level I – Referrals to other partners or community services for perceived or stated needs of clients. Use Form REG-108. There will be no follow-up for Level I Referrals. Referrals will be counted and reported, when appropriate.

Level II – Direct referral between partners for specific services. Use Form # REG-109. Referring partner will fill out the form, contact the referred to agency single point of contact (SPOC) and make appointment for client if Fresno Regional Workforce Development Board

OPERATIONAL DIRECTIVE

FRWIB OD # 06-16

Date Released: July 1, 2016

To: All Fresno Regional Workforce Development Board AJCC Partners and Service Providers

From: Blake Konczal, Executive Director

Effective Date: July 1, 2016

Subject: America's Job Centers of California (AJCC) Partner Referral Process

Applicable Program: All

Revision History: Initial Release

This Operational Directive (OD) replaces the referral process described in OD 35-05, Partner Co-Enrollment and Referral Process. This OD obsoletes Form REG-102, Universal Referral Checklist and adds updated referral forms.

Partners may be required to use their own Release of Information form, instead of the Universal Release of Information (Form REG-100) when making referrals to other Partners. Those Partners are required to identify the approved form to be used when referring clients from their organization.

Purpose

As mandated by the Workforce Innovation and Opportunity Act (WIOA), each Local Workforce Development Area (LWDA) is required to have a documented process for referrals between partner agencies, as defined by WIOA (mandated partners) and the local Board as AJCC partners (local one-stop partners).

The intent of a referral activity is to ensure that needed services for a client are provided through the most appropriate funding stream in the most efficient manner and are not duplicative. The client should have an experience that is as seamless as possible.

This OD describes, on page 2, the steps to be taken to facilitate a referral between any Partner agency, including any of Fresno County's WIOA-funded programs, and to track the outcome of those referrals.

Each partner is required to identify all departments that provide the services described in their individual Partner Memorandum of Understanding (MOU) with the Fresno Regional Workforce Development Board. Additionally, each partner and sub-contracted provider of service is required to identify a single point of contact (SPOC) for all referrals to their agency and their full contact information (telephone number and email address). The FRWDB Quality Systems Manager will be responsible for maintaining and disseminating this information.

PROCESS

Level I – Referrals to other partners or community services for perceived or stated needs of clients. Use Form REG-108. There will be no follow-up for Level I Referrals. Referrals will be counted and reported, when appropriate.

Level II – Direct referral between partners for specific services. Use Form # REG-109. Referring partner will fill out the form, contact the referred to agency single point of contact (SPOC) and make appointment for client if
Fresno Regional Workforce Development Board

appropriate. Referral to be scanned to referred agency and copy given to client. Review the referral with the client. Referring Partner will file the original referral form.

If any questions, please contact the FRWDB Program Manager.

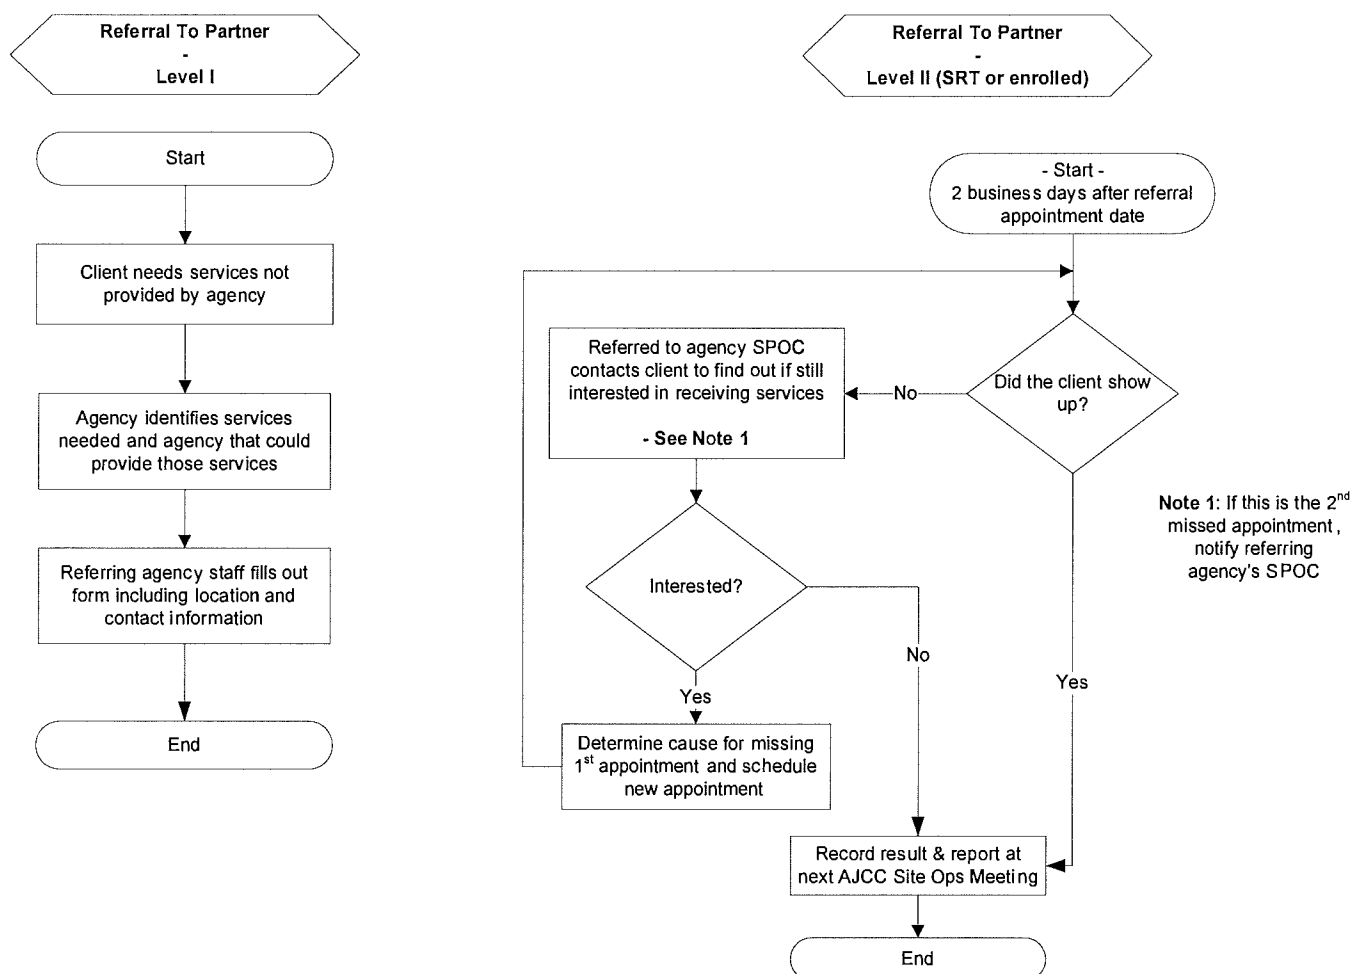

Forms: REG-100 – Universal Release of Information (Partners may require the use of their own Release of Information form in order to release client specific information).

REG-101 – Agency Summary of Services Checklist

REG-104 – Interest Checklist

REG-108 – AJCC Partner Referral – Level I

REG-109 – AJCC Partner Referral – Level II

Blake Konczal, Executive Director

OPERATIONAL DIRECTIVE

FRWIB OD # 06-16

Date Released: July 1, 2016

To: All Fresno Regional Workforce Development Board AJCC Partners and Service Providers

From: Blake Konczal, Executive Director

Effective Date: July 1, 2016

Subject: America's Job Centers of California (AJCC) Partner Referral Process

Applicable Program: All

Revision History: Initial Release

This Operational Directive (OD) replaces the referral process described in OD 35-05, Partner Co-Enrollment and Referral Process. This OD obsoletes Form REG-102, Universal Referral Checklist and adds updated referral forms.

Partners may be required to use their own Release of Information form, instead of the Universal Release of Information (Form REG-100) when making referrals to other Partners. Those Partners are required to identify the approved form to be used when referring clients from their organization.

Purpose

As mandated by the Workforce Innovation and Opportunity Act (WIOA), each Local Workforce Development Area (LWDA) is required to have a documented process for referrals between partner agencies, as defined by WIOA (mandated partners) and the local Board as AJCC partners (local one-stop partners).

The intent of a referral activity is to ensure that needed services for a client are provided through the most appropriate funding stream in the most efficient manner and are not duplicative. The client should have an experience that is as seamless as possible.

This OD describes, on page 2, the steps to be taken to facilitate a referral between any Partner agency, including any of Fresno County's WIOA-funded programs, and to track the outcome of those referrals.

Each partner is required to identify all departments that provide the services described in their individual Partner Memorandum of Understanding (MOU) with the Fresno Regional Workforce Development Board. Additionally, each partner and sub-contracted provider of service is required to identify a single point of contact (SPOC) for all referrals to their agency and their full contact information (telephone number and email address). The FRWDB Quality Systems Manager will be responsible for maintaining and disseminating this information.

PROCESS

Level I – Referrals to other partners or community services for perceived or stated needs of clients. Use Form REG-108. There will be no follow-up for Level I Referrals. Referrals will be counted and reported, when appropriate.

Level II – Direct referral between partners for specific services. Use Form # REG-109. Referring partner will fill out the form, contact the referred to agency single point of contact (SPOC) and make appointment for client if
Fresno Regional Workforce Development Board

appropriate. Referral to be scanned to referred agency and copy given to client. Review the referral with the client. Referring Partner will file the original referral form.

If any questions, please contact the FRWDB Program Manager.

Forms: REG-100 – Universal Release of Information (Partners may require the use of their own Release of Information form in order to release client specific information).

REG-101 – Agency Summary of Services Checklist

REG-104 – Interest Checklist

REG-108 – AJCC Partner Referral – Level I

REG-109 – AJCC Partner Referral – Level II

ARTICLE II OFFICES

Section 2.01 Principal Office. The principal office for the transaction of the activities and affairs of the FRWIB is located at 2125 Kern Street, Suite 208, Fresno, California 93721. The Board of Directors may change the location of the principal office. Any change of this location shall be noted by the Chair on these Bylaws opposite this section, or this section may be amended to state the new location.

Section 2.02 Other Offices. The Board of Directors may at any time establish branch or subordinate offices at any place or places, within or without the State of California, where the FRWIB is qualified to conduct its activities.

ARTICLE III BOARD OF DIRECTORS

Section 3.01 General Powers and Responsibilities. The FRWIB shall be administered solely by the FRWIB's Board of Directors. The Board shall be deemed, for all purposes, the policy making body of the FRWIB. Subject to the provisions and limitations of the Joint Exercise of Powers Act, the WIA, and any other applicable laws, the Joint Powers Agreement, and these Bylaws, the activities and affairs of the FRWIB shall be managed and all corporate powers shall be exercised by, or under the direction of, the Board of Directors (or the "Board").

Section 3.02 Specific Powers and Responsibilities. Without prejudice to the general powers set forth in Section 3.01 of these Bylaws, but subject to the same limitations, the Board of Directors shall have the power to do the following:

- (a) Perform any and all duties imposed upon them collectively or individually by law, by the Joint Powers Agreement, by any agreement with the State of California or by these Bylaws;

- (b) Change the principal executive office in the State of California from one location to another; cause the FRWIB to conduct its activities within or without the State of California; and designate any place within or without the State of California for holding any meeting of Directors;

- (c) Pursuant to authority hereinafter granted, to appoint committees and delegate to such committees powers and authority of the Board of Directors in the management of the activities and affairs of the FRWIB, except the power to adopt, amend or repeal the Joint Powers Agreement, and except as otherwise set forth herein.

Section 3.03 Composition. The composition of the Board of Directors shall be in accordance with the Joint Powers Agreement and the WIA. The Board of Directors shall contain the appropriate number of representatives of business, local educational entities, labor organizations, community-based organizations, economic development agencies, and one-stop partners, as provided under Section 117 of the WIA.

Section 3.04 Appointment; Qualifications of Directors. The City and the County, as the case may be, shall appoint members to the Board of Directors in accordance with the Joint Powers Agreement and Section 117 of the WIA.

Section 3.05 Term of Office. The terms of the Board of Directors shall be two (2) years, subject to these Bylaws, the Joint Powers Agreement and the WIA; provided, however, that one-half (1/2) of the Directors from the following categories shall be selected by lottery to fill an initial one-year term, thereby establishing staggered terms for the Board: (a) County elected officials appointed by the County of Fresno; (b) City elected officials appointed by the City of Fresno; (c) private sector representatives appointed by the County; (d) private sector representatives appointed by the City; (e) one-stop partners; and (f) labor representatives. Each Director who is a City or County elected official shall serve on the Board for the full term for which he or she was appointed, or until his or her successor is elected to office and a replacement Director is appointed to the Board by the City or County, whichever occurs first. Each Director appointed to fill the vacancy of another Director shall serve on the Board for the full term of his or her predecessor, at which point such replacement Director may be eligible to serve a full two (2) year term.

Section 3.06 Removal of Directors. The Board may recommend to the City, County, or City and County jointly, as the case may be, that a Director be removed for cause. Unless otherwise provided in these Bylaws, the Joint Powers Agreement, or any California or Federal law, “cause” exists for purposes of the Board’s recommendation, when:

- (a) A change in a Director’s employment or status has substantially altered that Director’s qualifications to serve on the Board or has otherwise rendered that Director unable to effectively represent the FRWIB;
- (b) A Director has failed to comply with the conflict of interest rules set forth in Article 11 of these Bylaws;
- (c) A Director has committed fraudulent or dishonest acts or has grossly abused that Director’s authority or discretion;
- (d) A Director has breached that Director’s responsibility to perform that Director’s duties in good faith, in the best interests of the FRWIB, or with reasonable care.

Upon information that cause may exist to recommend removal of a Director, the Chair or Executive Director shall place the matter as an agenda item during a regular or special meeting of the Board. The Chair or Executive Director shall send the Director in question written notice explaining that the Board will vote on whether to recommend his or her removal, the reasons for the vote, and the date, time, and place of the regular or special meeting in which this vote will

take place. The Chair or Executive Director shall send this notice at least fifteen (15) days prior to the date of the vote. The Board shall give the Director in question an opportunity to be heard, either orally or in writing, at a regular or special meeting at least five (5) days before the date of the vote. The Board, by a majority vote of a quorum consisting of Directors who are not parties to the proceeding, may recommend removal of the Director in question. If the Board votes to recommend removal, the Chair or Executive Director shall notify the City, County, or City and County jointly, as the case may be, regarding the Board's recommendation. Removal for cause is effective only upon final action by the City, County, or the City and County jointly, as the case may be.

A Director may also be removed, without cause, by the City, County, or City and County jointly, as the case may be.

For any removal of Directors, the City shall remove City-appointed Directors, the County shall remove County-appointed Directors, and the City and County shall act jointly to remove Directors appointed jointly by the City and County.

Section 3.07 Resignation of Directors. Except as provided below, any Director may resign by giving written notice to the Chair, the Vice-Chair, or the Board of Directors. The resignation shall be effective when the notice is given unless it specifies a later time for the resignation to become effective.

Section 3.08 Appointment of Directors. The City, the County, or the City and County jointly, as the case may be, shall appoint members to the Board of Directors in accordance with the Joint Powers Agreement and Section 117 of the WIA.

Section 3.09 Compensation. Directors shall not receive any compensation for their service on the **FRWIB Board** but shall be entitled to reimbursement for any reasonable expenses actually incurred in connection with serving as a Board Member, if the FRWIB determines that such expense shall be reimbursed and there are unencumbered funds available for such purpose.

ARTICLE IV MEETINGS OF THE BOARD OF DIRECTORS

Section 4.01 Place of Directors' Meetings; Meetings By Telephone. Meetings of the Board shall be held at any place, within or without the State of California, that has been designated by resolution of the Board of Directors or in the notice of the meeting or, if not so designated, at the principal executive office of the FRWIB. Directors may participate via teleconference so long as such participation complies with the Ralph M. Brown Act.

Section 4.02 Annual Meeting of Directors. The August regular meeting of each calendar year shall be known as the annual meeting. The month of this meeting is subject to change, however, if the Board of Directors fixes another date and all Directors are so notified. If the scheduled date falls on a legal holiday, the meeting shall be held on the next full business day. Each such annual meeting shall be held for purposes of organization, the election of officers, and the transaction of other business.

Section 4.03 Other Regular Meetings. Other regular meetings of the Board of Directors shall be held quarterly at such time and place as the Board of Directors may fix from time to time. The time and place of such meetings will be stated in the minutes of the previous meeting of the Board of Directors.

Section 4.04 Special Meetings. Special meetings of the Board of Directors for any purpose may be called at any time by the Chair of the Board, the Vice-Chair, or a majority of Board of Directors.

Notice of the time and place of special meetings shall be given to each Director by one of the following methods: (a) by personal delivery of written notice; (b) by first-class mail, postage prepaid; (c) by telephone, either directly to the Director or to a person at such Director's office who would reasonably be expected to communicate that notice promptly to such Director; (d) by electronic mail (e-mail), either directly to the Director or to a person at such Director's office who would reasonably be expected to communicate that notice promptly to such Director; or (e) by fax, either directly to the Director or to a person at such Director's office who would reasonably be expected to communicate that notice promptly to such Director. All such notices shall be given or sent to the Director's address or telephone number as shown on the records of the FRWIB.

Notice sent by first-class mail shall be deposited in the United States mail at least four (4) days before the time set for the meeting. Notices given by personal delivery, telephone, e-mail or fax shall be delivered, telephoned, e-mailed or faxed at least twenty-four (24) hours before the time set for the meeting.

Section 4.05 Emergency Meetings. In the case of an emergency situation involving matters upon which prompt action is necessary due to the disruption or threatened disruption of public facilities, the Board of Directors may hold an emergency meeting consistent with the noticing requirements contained in the Ralph M. Brown Act.

Section 4.06 Quorum. A majority of the authorized number of Directors shall constitute a quorum for the transaction of any business, except to adjourn. Every action taken or decision made by a majority of the Directors present at a duly held meeting at which a quorum is present shall be the act of the Board of Directors. If a quorum is not present, the Directors present may continue to meet for the purpose of discussing, including taking public testimony on agenda items. If a quorum is initially present but is lost during the meeting, the Board of Directors or any committee may not conduct any further business and will either adjourn or proceed on an informational basis only.

Section 4.07 Adjournment. A majority of the Directors present at a meeting, whether or not a quorum is present, may adjourn any meeting to another time and place. If all Directors are absent from any regular or adjourned regular or special or adjourned special meeting, the Chair may declare the meeting adjourned to a stated time and place. However, if more than fifty percent (50%) of the number of Directors required to reach a quorum are present at the meeting, discussion can be had by the Directors on those items set on the agenda and recommendations developed for presentation at the next regularly scheduled Board meeting at which a quorum exists.

Section 4.08 Voting. Each Director is entitled to one (1) vote on each matter submitted to a vote of the Directors.

Section 4.09 Management of Meetings. Meetings of the Board of Directors shall be presided over by the Chair, or in the Chair's absence, by the Vice-Chair, or in the absence of both, by an acting Chair chosen by a majority of the Directors.

Section 4.10 Minutes. The Chair shall cause to be kept minutes of the regular, adjourned regular, special and adjourned special meetings of the Board.

Section 4.11 Rules of Order. Meetings of the Board of Directors and all standing committees shall be governed by Robert's Rules of Order, to the extent that such rules are not inconsistent or in conflict with these Bylaws, with the Joint Powers Agreement, or with applicable law.

Section 4.12 Open Meetings. All meetings of the Board of Directors and standing committees shall be open to the public and conducted in conformance with the Ralph M. Brown Act (Government Code section 54950 et seq.).

Section 4.13 Closed Sessions. Closed sessions are permitted in a duly noticed meeting consistent with the applicable provisions of the Ralph M. Brown Act.

Section 4.14 Alternates and Proxies. Under no circumstances shall the Board permit absentee or proxy voting at any of its meetings or other proceedings.

Section 4.15 Attendance. Directors and committee members with unexcused absences in excess of two (2) regular meetings in a calendar year shall be deemed to have resigned their membership. Absences may be excused by the Chair or chair of a committee, as the case may be, due to illness, absence from the County of Fresno, or extreme weather conditions. ARTICLE X
INDEMNIFICATION OF DIRECTORS, OFFICERS, EMPLOYEES
AND OTHER AGENTS

Section 10.01 Agents, Proceedings, and Expenses. For the purposes of this Article, “agent” means any person who is or was a Director, officer, employee, or other agent of the FRWIB; “proceeding” means any threatened, pending or completed action or proceeding, whether civil, criminal, administrative, or investigative; and “expense” includes, without limitation, attorneys’ fees and any expenses of establishing a right to indemnification under Sections 10.04 or 10.05(b) below.

Section 10.02 Actions Other Than by the FRWIB. Subject to the provisions of the WIA, State law, and the Joint Powers Agreement, the FRWIB shall have the power to indemnify any person who was or is a party, or is threatened to be made a party, to any proceeding by reason of the fact that such person is or was an agent of the FRWIB, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with such proceeding if that person acted in good faith and in a manner that person reasonably believed to be in the best interests of the FRWIB and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of that person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of the FRWIB or that the person had reasonable cause to believe that the person’s conduct was unlawful.

Section 10.03 Actions by the FRWIB. Subject to the provisions of the WIA, State law, and the Joint Powers Agreement, the FRWIB shall have the power to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action by, or in the right of, the FRWIB, to procure a judgment in its favor by reason of the fact that person is or was an agent of the FRWIB, against expenses actually and reasonably incurred by that person in connection with the defense or settlement of that action if that person acted in good faith, in a manner that person believed to be in the best interests of the FRWIB, and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this Section 10.03 for any of the following reasons:

(a) In respect of any claim, issue or matter as to which that person shall have been adjudged to be liable to the FRWIB in the performance of that person’s duty to the FRWIB, unless, and only to the extent that, the court in which such proceeding is or was pending shall determine upon application that, in view of all the circumstances of the case, that person is fairly and reasonably entitled to indemnity for the expenses and then only to the extent that the court shall determine;

(b) Of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or

(c) Of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval unless it is settled with the approval of the Attorney

Section 10.04 Successful Defense by Agent. To the extent that an agent of the FRWIB has been successful on the merits in defense of any proceeding referred to in Sections 10.02 or 10.03, or in defense of any claim, issue, or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith, as provided by these Bylaws, as well as California and Federal law.

Section 10.05 Required Approval. Except as provided in Section 10.04, any indemnification under this Article shall be made by the FRWIB only if authorized in the specific case upon a determination that indemnification of the agent is proper in the circumstances because the agent has met the applicable standard of conduct set forth in Section 10.02 or 10.03 of this Article, by any of the following:

(a) A majority vote of a quorum consisting of Directors who are not parties to the proceeding; or

(b) The court in which the proceeding is or was pending, upon application made by the FRWIB or the agent or the attorney or other person rendering services in connection with the defense, whether or not such application by the agent, attorney, or other person is opposed by the FRWIB.

Section 10.06 Advance of Expenses. Expenses incurred in defending any proceeding may be advanced by the FRWIB before the final disposition of the proceeding upon receipt of an undertaking by, or on behalf of, the agent to repay the amount of the advance unless it shall be determined ultimately that the agent is entitled to be indemnified as authorized in this Article.

Section 10.07 Other Contractual Rights. No provision made the FRWIB to indemnify its Directors or officers for the defense of any proceeding, whether contained in the Joint Powers Agreement or these Bylaws, a resolution of the Board of Directors, an agreement, or otherwise, shall be valid unless consistent with this Article. Nothing contained in this Article shall affect any right to indemnification to which persons other than Directors and officers of the FRWIB may be entitled by contract or otherwise.

Section 10.08 Limitations. No indemnification or advance shall be made under this Article, except as provided in Sections 10.04 or 10.05(b), in any circumstances where it appears:

(a) That it would be inconsistent with a provision of the Joint Powers Agreement, Bylaws, or an agreement in effect at the time of the accrual of the alleged cause of action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(b) That it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

Section 10.09 Insurance and Bonds. The FRWIB shall provide the insurance coverage(s) and fidelity bond(s) in a manner consistent with the Joint Powers Agreement.

ARTICLE XI CONFLICTS OF INTEREST

Section 11.01 Conflicts of Interest. Members of the Board of Directors, members of any committee of the Board, and officers of the FRWIB shall not be financially interested in any contract, as defined under Government Code section 1090 and the California Political Reform Act (Government Code Section 87100, et seq.) made by them in their official capacity, or by the FRWIB or any body or board of which they are members. Pursuant to section 117 of the WIA, Board Members, committee members, or officers of the FRWIB shall not: (1) vote on a matter under consideration by the Board regarding the provision of services by such member or an entity that such member represents; (2) vote on a matter under consideration by the Board that would provide direct financial benefit to such member or his or her immediate family; or (3) engage in any other activity determined by the Governor of California to constitute a conflict of interest as specified in the State plan.

Section 11.02 Permissible Remote Interests. The Board of Directors or Executive Committee may approve a proposed transaction in which a Member of the Board, member of a committee of the Board, or officer of the FRWIB has only a remote interest, as defined by Government Code sections 1091 through 1091.5, including specifically Government Code Section 1091.3, upon the disclosure of such interest pursuant to the requirements of Government Code section 1091.

Section 11.03 Duty to Disclose. Members of the Board of Directors, Executive Committee, or other committee of the Board, and officers of the FRWIB shall disclose any potential conflict to the Board prior to entering into any transaction entered by the FRWIB, and prior to participation in any related meetings, negotiations, discussions or other matters related to the transaction.

ARTICLE XII GENERAL ADMINISTRATIVE MATTERS

Section 12.01 Construction and Definitions. Unless the context requires otherwise, the general provisions, rules of construction, and definitions in WIA shall govern the construction of these Bylaws. Without limiting the generality of the preceding sentence, the following definitions shall apply:

New bylaws may be adopted, or these Bylaws may be amended or repealed, by the approval of a majority vote of those members voting at a Board meeting with quorum present, provided (i) that the amendment does not conflict with any Federal, State, County or City laws or regulations, or any provision or the Joint Powers Agreement; and (iii) no amendment may extend the term of a Director beyond that for which such Director was elected.

Section 12.03 Effective Date of Bylaws These Bylaws shall become effective immediately upon their adoption. Amendments to these Bylaws shall become effective immediately upon their adoption unless the Board of Directors, in adopting them as hereinafter provided, clearly express that they are to become effective at a later date.

Section 12.04 Authority to Bind FRWIB. The Board of Directors, except as otherwise provided in these Bylaws, may authorize any officer(s) or agent(s) to enter into any contract or execute any instrument in the name of and on behalf of the FRWIB, and such authority may be general or confined to specific instances; and unless so authorized by the Board of Directors no officer, agent or employee shall have any power or authority to bind the FRWIB by any contract or engagement, or to pledge its credit, or to render it liable for any purpose in any amount.
