Coalinga CA 93210

Dear Fresno County Board of Supervisors,

In accordance with the provisions of Section 23958.4 of the California Business and Professions Code, this letter is provided to support a finding that Public Convenience and Necessity would be served by the issuance of a Beer & Wine license for the above referenced premises.

This location is a Arco AM.PM gas station store, while alcoholic beverage sales will generate a small percentage of the overall sales, the investment in a beer & wine license is requested as a service and convenience to the customers as an integral part of the their shopping experience, since each store on this transaction offers the sale of beer & wine..

Arco AM/PM will prove to be extremely desirable to the public by providing area residents, Visitors, and workers with extraordinary merchandise at a reasonable price. The inclusion of a license for related alcohol sales with food will allow patrons the same service that they would experience at other local gas stations. We'll strive to become a valuable member of the community and will work hard to help the neighborhood achieve their development goal and continually improve the character of the neighborhood.

I respectfully request that the California Department of Alcoholic Beverage Control finds that Public Necessity and Convenience would be served by the issuance of a beer & wine license to the requested premises.

If you have any further questions or require any additional information please do not hesitate to contact me.

Thank you for your assistance.

Sincerely,

Preetam Singh
