Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application #7359; General Plan Amendment Application #552;
and Amendment Application #3852

Dear Chairman Quintero,

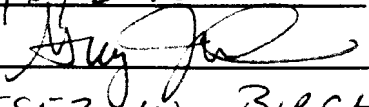

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4 acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

To: District 3
Subject: Support Fresno Humane Animal Services

Dear Chairman Quintero,

I write this morning to show my full support for the new animal shelter building. There is a real need for this building and this service. It will help us care for lost and abandoned animals that would otherwise suffer untimely and unreasonable deaths.

Please use your vote to help make Fresno County a place where problems of pet over population and animal welfare are addressed in a humane and responsible manner.

Thank you,
Jenny Stemwedel

Sent: Tuesday, September 11, 2018 8:39 AM
To: District 3
Subject: YES, to Fresno Humane Move

Good Morning,

I wanted to write in my SUPPORT to allow Fresno Humane to continue with their move to new home where they can continue to do their amazing work. Helping animals should not be made into a competition and if they are capable of funding themselves and taking care of everything they need to do without extra support from the County I wish that they are allowed to do so. I do not know the full reasons for possibly denying this move, but what I do know is that with this move it will only help out MORE animals in our city. Opposition to this move should NOT be based on "taken business away from another agency". Once again, trying to help out animals, is not and should not be a competition, we should continue to look for MORE ways to help, not limit them to only a few options.

Thank you.

Yolanda Martinez Nunez

Dear Mr. Chairman.

Re: letter of support for proposed " animal shelter and hospital"

I am writing this letter for all neighbors on rialto ave. We have all lived in this area for awhile and have seen the amount of animals in need in rural area of ours. This shelter would mean so much to us as we are the ones impacted by dumping. On many occasions any one of us have taken or picked up animals in need of help. It is in our best interest to have a new state of the art shelter for these animals. This would mean more education on spay and neuter for our public which will help to decrease the population. I see on a day to day basis how much Fresno humane has done for our community and feel this "GIFT" couldn't have come to a better area. Please take the time to consider that this is a win win for Fresno county and we should act now.

Below are the signatures of all my neighbors and their addresses.

Thank you,
Tiffany Floren

Dear Chairman Sal Quintero:

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project Filed by Fresno Humane Animal Services. Initial Study Application No. 7359; General Plan Amendment Application No. 552; and Amendment Application No. 3852.

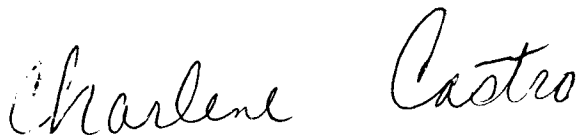

I am writing this letter to show my support for this proposed animal shelter on Grantland / 99. I have lived in this area for 35 years. I have seen the disposal of animals not only in this area but I have had them discarded on my personal property. A facility like this one is extremely needed in this rural area. Yes there are many houses in the area but the area is also very rural which makes it ideal for a facility like this one.

Please do not let an opportunity like this one pass by. There are so many animals in need of a facility like this one in this area.

I want to Thank You, for taking the time to read my letter and I am hoping you will show support for all the stray and abandoned animals in this area.

Thank You!

Charlene Castro

A handwritten signature in black ink that reads "Charlene Castro". The signature is written in a cursive, flowing style. The first name "Charlene" is written in a larger, more prominent script, and the last name "Castro" is written in a slightly smaller, more compact script to its right.

To whom it may concern,

I encourage you to vote
in favor of the new animal shelter
to be build on Grantland and South
of the 99 highway. Please change
the zone.

Subject: Proposed Animal Shelter and Hospital
Application Number: AA3825

This letter is in response to the proposed animal shelter and hospital development located east of Grantland, north of Tenaya alignment, adjacent to Hwy 99. The District has reviewed the above referenced development, along with the mitigated negative declaration and the District takes a neutral position on the project. There are no foreseeable impacts to our facilities and the District takes no exception to the project. However, the District requests noise mitigation as proposed in the environmental analysis.

Developer impact fees from the proposed animal shelter and hospital will be classified under the commercial/industrial rate. The current Developer Fee Rates for commercial/industrial are \$.56 per square foot. Developer rates are evaluated annually and are subject to change. Please verify Developer Impact Fees prior to payment.

Should you need further information or have any questions, please contact me at (559) 274-4700 ext. 63100 or josephmartinez@centralusd.k12.ca.us

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Subject: Letter of Support for the proposed "Animal Shelter / Hospital" project filed by Fresno Humane Animal Services: (Initial Study Application No. 7359; General Plan Amendment Application No. 552; Amendment Application No. 3852)

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter / Hospital" on 4 acres of land in the northwest area of the Community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11th, 2018. In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. In addition, the Planning Commission reviewed the proposed project on July 26th, 2018 and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are actually less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

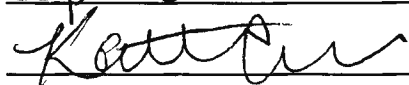

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter / Hospital" on 4 acres of land in the northwest area of the Community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11th, 2018. In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. In addition, the Planning Commission reviewed the proposed project on July 26th, 2018 and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are actually less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Subject: Letter of Support for the proposed "Animal Shelter / Hospital" project filed by Fresno Humane Animal Services: (Initial Study Application No. 7359; General Plan Amendment Application No. 552; Amendment Application No. 3852)

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter / Hospital" on 4 acres of land in the northwest area of the Community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11th, 2018. In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. In addition, the Planning Commission reviewed the proposed project on July 26th, 2018 and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are actually less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Subject: Letter of Support for the proposed "Animal Shelter / Hospital" project filed by Fresno Humane Animal Services: (Initial Study Application No. 7359; General Plan Amendment Application No. 552; Amendment Application No. 3852)

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter / Hospital" on 4 acres of land in the northwest area of the Community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11th, 2018. In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. In addition, the Planning Commission reviewed the proposed project on July 26th, 2018 and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are actually less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Subject: Letter of Support for the proposed "Animal Shelter / Hospital" project filed by Fresno Humane Animal Services: (Initial Study Application No. 7359; General Plan Amendment Application No. 552; Amendment Application No. 3852)

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter / Hospital" on 4 acres of land in the northwest area of the Community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11th, 2018. In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. In addition, the Planning Commission reviewed the proposed project on July 26th, 2018 and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are actually less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Subject: Letter of Support for the proposed "Animal Shelter / Hospital" project filed by Fresno Humane Animal Services: (Initial Study Application No. 7359; General Plan Amendment Application No. 552; Amendment Application No. 3852)

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter / Hospital" on 4 acres of land in the northwest area of the Community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11th, 2018. In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. In addition, the Planning Commission reviewed the proposed project on July 26th, 2018 and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are actually less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Subject: Letter of Support for the proposed "Animal Shelter / Hospital" project filed by Fresno Humane Animal Services: (Initial Study Application No. 7359; General Plan Amendment Application No. 552; Amendment Application No. 3852)

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter / Hospital" on 4 acres of land in the northwest area of the Community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11th, 2018. In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. In addition, the Planning Commission reviewed the proposed project on July 26th, 2018 and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are actually less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter / Hospital" on 4 acres of land in the northwest area of the Community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11th, 2018. In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. In addition, the Planning Commission reviewed the proposed project on July 26th, 2018 and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are actually less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

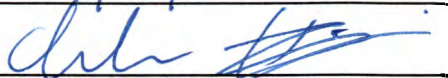

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

FRESNO 93711

Dear Chairman Sal Quintero,

I am writing this letter in support of a "Yes" vote to change the zoning and approve the building of a state of the art animal shelter for Fresno Humane. First, I want to thank the county of Fresno for standing up to the status quo of SPCA 6 years ago and voting for transparency and protecting our homeless animals from a 70-80% chance of being euthanized and saying no to closed board meetings and yes to saving animals and transparency.

My reasons and questions for a Yes vote to you are as follows:

Fresno Humane works endless hours to uphold their less than 10% euthanizing rate. This is done by networking, educating, reuniting, and transporting our homeless animals. As a citizen of Fresno County, I value their commitment to change and transparency with publicizing statistics each month.

As a teacher, I know we try to teach and model perseverance, honesty, collaboration, and compassion. Your Yes vote and the Fresno Humane Animal Shelter in our community will show our children and society that Fresno values and upholds these character traits. A "No" vote will show an SPCA mentality that Fresno lacks compassion and condemns their animals to hide in a condemned parking lot morgue.

As you know, Fresno Humane has researched their plans. They do not make empty promises. The shelter will be everything they have promised. As a tax payer, I appreciate Derrel Ridenour's passion which is backed up with his own money. A No vote will be a huge loss for tax payers and animals. What message does this send to other communities that we provide animal services in a condemned Morgue parking lot? A No vote will lose Derrel's support and cost our city millions of dollars and will not provide a state of the art shelter for our county.

Have you seen Miss Winkles shelter in Clovis? I'd love to be a neighbor to that shelter. It is beautiful and there is zero smell or noise. A shelter/hospital in a neighborhood will provide an opportunity for families to volunteer and get educated. Both are qualities looked for by employers and colleges.

Please look at the studies that were done for noise, traffic, and smell. Fresno Humane has gone beyond the county's expectations and they will continue to do this with a "YES" vote.

Ghandi has two quotes I'd like to remind you of.

"Be the change you wish to see in the world."

"The greatness of a nation can be judged by the way its animals are treated." - Mahatma Gandhi

Please be our change when you vote on Tuesday!

Thank you,

Kristin Weatherson

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project Filed by Fresno Humane Animal Services – Initial Study Application No. 7359; General Plan Amendment Application No. 552: and Amendment Application No. 3825

Dear Chairman Quintero,

As a lifelong Valley resident, I have always presumed that pet overpopulation and sky-high euthanasia rates were just an unfortunate part of life here in this great County. However, as I have become increasingly more involved in animal advocacy, I see that Fresno County's inability to care for its voiceless animal cohabitants has been horrific and by no means typical when compared to other counties in the nation. Enter: Fresno Humane Animal Services.

Fresno Humane Animal Services is a beacon of light in a County that holds little value for the care and livelihood of our animals. Every rescue or animal advocate knows that when you need help, you should call Fresno Humane for the best chance of saving the life in question. It is well-known that the only other local organization for this type of service is tantamount to a death sentence for any animal, the logistics of which I will not go into here. As Fresno Humane becomes increasingly well-known as the savior for our animal friends, I can only imagine the increased burden this puts on their shelter. Their need for expansion is *critical*, as they have become the only hope for our great County that just can't seem to get pet overpopulation under control. If we have any chance of bettering this rampant pet overpopulation, it is through the expansion of the Fresno Humane shelter.

While I am tempted to tug at your heartstrings and remind you how incredibly loving and life-changing these animals can be and how insurmountably tragic it is that dozens, if not hundreds, are killed senselessly *every day* simply due to "lack of space," I understand that there are logistics in play that go beyond any emotional sentiment. Therefore, please consider the crisis-level strain that is put on our animal service agencies on a daily basis that requires an immediate call to action. A call which Fresno Humane is begging to answer, but cannot answer without your vote.

It will take a lot of work and a lot of time to get these pet overpopulation issues under control, but the only way to take that first step is to support Fresno Humane in this endeavor. I fear that there will be no hope left for Fresno County if this critical first step is not approved.

I thank you deeply for taking the time to read this plea, and I beg you to consider the approval of this item as a necessity for the thousands of lives that are in your hands.

Sincerely,

Stephanie Pellegrini
Valley Resident

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application No. 7359; General Plan Amendment Application No. 552;
and Amendment Application No. 3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4-acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for one specific use to occur on the site even though the City of Fresno General Plan would allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

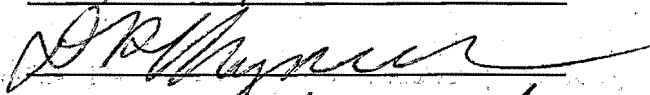

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.
