Subject: Animal shelter

CLERK. BOARD OF SUPERVISORS

Brian,

I urge you to vote to approve the zone change in order for the animal shelter to be built on the property that is being donated to the county. This facility is desperately needed for the citizens of Fresno County. I appreciate the concerns of the neighbors of the proposed site, but also realize that the need for the facility is great.

Thank you for your consideration and listening to your constituents from the entire district.

Carolyn Scott

Re: Letter of Support for the Proposed "Animal Shelter/Hospital" Project
Filed by Fresno Humane Animal Services
Initial Study Application #7359; General Plan Amendment Application #552;
and Amendment Application #3852

Dear Chairman Quintero,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for a proposed "Animal Shelter/Hospital" on 4 acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration of both the Staff and Planning Commission recommendations on September 11, 2018.

In my opinion, this project has been carefully designed by the applicant and reviewed by your staff, who is recommending "Approval" of the project. Also, the Planning Commission reviewed the proposed project on July 26, 2018, and heard testimony both for and against the proposal. The Commission agreed with the County staff and is recommending approval of the General Plan Amendment and the Amendment Application to rezone the 4-acre project site to the M-1(c) zone district.

This type of use is very much needed in the community, and the location on Grantland Avenue backing up to Freeway 99 seems like a very appropriate location for such a use. The applicant has "conditioned" the County Applications to only allow for a variety of "Non-Residential" uses to occur on the same site. The result of this "Conditioning" is that the future impacts to the area (traffic, noise, etc.) are less than if the site were to develop according to the City's plans.

I would appreciate this letter being made a part of the "Public Record" and sincerely request your support for the proposed project.

Thank you for your time.

Hi Brian, Nathen, Buddy, Sal, Andreas

See attached letter.

I will be sending out with the notices of our Oct. 10th neighborhood meeting and the hearing Oct 23rd.

We did this so people will be able to see the extent my wife Kim and I have gone to, to make sure this is attractive a state of the art shelter & adoption facility.

Thanks, Derrel & Kim

Re: Proposed Fresno Humane Animal Services Animal Shelter and Adoption Center

Dear Concerned Fresno County Residents:

In a good faith effort to provide further information to the residents of Fresno County, my wife, Kim, and I would like to advise you of our vision and provide insight into how the proposed Fresno Human Animal Services Animal Shelter and Adoption Center was designed. Attached for your reference are a site plan and color rendering of the proposed shelter and adoption center.

Kim & I have spent a considerable amount of time traveling and visiting animal shelters all over the United States. We retained two professional consultants that design sewer systems, air systems and electronic systems for shelters nationwide. We incorporated the consultants' engineered designs so that for the first time in history the residents of Fresno County can enjoy a state-of-the-art animal shelter. Our retained consultants designed the sewer system, air systems and electronic systems of all of the shelters designed by Animal Arts, an architectural firm which specializes in designing animal shelters. Please feel free to visit the Animal Arts' website at <https://www.animalarts.com/> to view their shelters and learn more about Animal Arts.

If you are interested in visiting and viewing a local shelter that we utilized to design the proposed Fresno Humane Animal Services animal shelter and adoption center, we encourage you to visit Miss Winkles Pet Adoption Center located at 85 N. Temperance Avenue, Clovis, California. Additional information can be found on the Miss Winkles' website at <http://www.misswinkles.com/about/>.

We also patterned the proposed shelter after the Tracy Animal Shelter located at 2375 Paradise Road, Tracy California (see attachments) and the Western-Riverside Animal Shelter (please see photo gallery at <https://www.rcdas.org/index.php/shelters/western-riverside#prettyPhoto>.)

Kim & I are donating the land and the funds to build this shelter so that our community can have an attractive adoption center in addition to a beautiful animal shelter. The proposed Fresno Humane Animal Services shelter was designed and engineered with high quality humane care, safety and cleanliness in mind. The shelter is designed to be community friendly and welcoming. Both Kim and I helped design the proposed shelter in order for it to be an attractive destination where families will enjoy their visit and adopt a pet that needs a good, loving home.

We believe the residents of Fresno County deserve to be proud of their shelter and that it be a friendly place to not only adopt pets, but a place that will provide the highest quality care and compassion for residents' pets should they become lost. We believe the community cares for our animals that are completely dependent on on us for their quality of life and well-being.

Very truly yours,

Derrel & Kim Ridenour

Subject: FW: Vote Yes to support Fresno County Animals

To: District 1 <district1@fresnocountyca.gov>
Subject: Vote Yes to support Fresno County Animals

Dear Brian Pacheco,

I am writing this letter in support of a "Yes" vote to change the zoning and approve the building of a state of the art animal shelter for Fresno Humane. First, I want to thank the county of Fresno for standing up to the status quo of SPCA 6 years ago and voting for transparency and protecting our homeless animals from a 70-80% chance of being euthanized and saying no to closed board meetings and yes to saving animals and transparency.

My reasons and questions for a Yes vote to you are as follows:

Fresno Humane works endless hours to uphold their less than 10% euthanizing rate. This is done by networking, educating, reuniting, and transporting our homeless animals. As a citizen of Fresno County, I value their commitment to change and transparency with publicizing statistics each month.

As a teacher, I know we try to teach and model perseverance, honesty, collaboration, and compassion. Your Yes vote and the Fresno Humane Animal Shelter in our community will show our children and society that Fresno values and upholds these character traits. A "No" vote will show an SPCA mentality that Fresno lacks compassion and condemns their animals to hide in a condemned parking lot morgue.

As you know, Fresno Humane has researched their plans. They do not make empty promises. The shelter will be everything they have promised. As a tax payer, I appreciate Derrel Ridenour's passion which is backed up with his own money. A No vote will be a huge loss for tax payers and animals. What message does this send to other communities that we provide animal services in a condemned Morgue parking lot? A No vote will lose Derrel's support and cost our city millions of dollars and will not provide a state of the art shelter for our county.

Have you seen Miss Winkles shelter in Clovis? I'd love to be a neighbor to that shelter. It is beautiful and there is zero smell or noise. A shelter/hospital in a neighborhood will provide an opportunity for families to volunteer and get educated. Both are qualities looked for by employers and colleges.

Please look at the studies that were done for noise, traffic, and smell. Fresno Humane has gone beyond the county's expectations and they will continue to do this with a "YES" vote.

Ghandi has two quotes I'd like to remind you of.

"Be the change you wish to see in the world."

"The greatness of a nation can be judged by the way its animals are treated." - Mahatma Gandhi

Please be our change when you vote on Tuesday!

Thank you,

Kristin Weatherson

Subject: Proposed shelter- untruths #2 forgot an attachment

Supervisor Brian Pacheco,

Chairman Sal Quintero,

I lived on Tenaya in the direct area of the proposed shelter for 11 years, so I was very interested in the outcome of this hearing. As I listened to the proceedings of those opposed and in favor of the shelter, I quickly became aware of some blatant untruths that were being spoken by three people who were very opposed. These three people, 2 men that lived at the same home and one women, who lived across the street from them, were my former neighbors and are very close friends with each other and I considered them to be my friends.

I knew when they said that they felt very disrespected because they were only made aware 2-3 weeks before this hearing and so were not able to make an informed decision, that this was just not true.

The women had been discussing it on her facebook feed since July 13th or before and on the Next door neighbor app. since May 19th.

I just felt that you should know that they were very aware and it was very disingenuous of them to use this as a platform to delay the hearings. They are not using this time to become more aware, but to try to gather more opposition and although several people have reached out to them, they have not been willing to listen to the facts. I truly believe that everyone should have their say, whether in opposition or in favor. But, to use blatant untrue statements to delay the decision, is just wrong.

Thank you so much for listening. Although I don't live in this direct neighborhood any longer, the only reason I wished that I did still live there, is so that I could be close to the proposed Fresno Humane. I am a TRUE animal lover and would have loved it in my backyard.

Let the truth prevail,

Sincerely,

Laura Williams

FW: New Shelter Facility for Fresno Humane Animal Services

From: Megan Taylor <marymegan@yahoo.com>**Sent:** Monday, September 17, 2018 9:23 AM**To:** District 1 <district1@fresnocountyca.gov>**Subject:** New Shelter Facility for Fresno Humane Animal Services

“The true measure of any society can be found in how it treats its most vulnerable members.”

Dear Mr Pacheco,

Fresno County is doing a poor job of serving and protecting our lost and stray animal population. With the number of strays, or animals running loose, I see every day I can only imagine how overwhelmed the Fresno Humane Animal Services must be. I have three dogs myself, all of them rescues. I also volunteer with the CCSPCA to foster puppies until they are old enough, and healthy enough, to go up for adoption.

Dogs are such wonder creatures. They give their humans unconditional love and companionship as well as joyful entertainment. They deserve to have a place to live and be loved and cared for until the right person or family comes to adopt them. For some, this will be the first time they have ever experienced tenderness and care from a human. What could be more vulnerable than a lost pet, a sick, abandoned pet or a pet that has to be surrendered due to an owner's unforeseen circumstances? But how do we except the Fresno Humane Animal Services to provide this loving care when the animal are kept in parking lot vulnerable the the heat and the cold.

Please Mr. Pacheco, stop the delays and vote yes for the new shelter. These poor creatures deserve a chance at a better life sooner rather than later.

Respectfully,

Mary Megan Taylor
15330 West Stanislaus Avenue
Kerman, CA 93630

FW: Rezoning for Fresno Humane

From: Katie L <k.lewis34218@gmail.com>

Sent: Tuesday, September 18, 2018 3:49 PM

To: District 1 <district1@fresnocountyca.gov>

Subject: Rezoning for Fresno Humane

Mr Pacheco,

My name is Katie Lewis and I am a voting Fresno County resident.

I attended the board of supervisors meeting last week on September 11th, in support of the motion to pass rezoning of the property owned by Derrell Ridenour, off of Herndon and 99, for the use of a new shelter location for Fresno Humane Animal Services. Unfortunately, Fresno is known throughout the country as having one of THE highest euthanasia rates in the nation, which is due largely in part to antiquated animal control measures. At the meeting, I heard a lot of "Fresno Humane is only about the animals". While this was stated by supporters in a positive manner, I know that good animal control is not simply about the animals, but about improving the community lives of residents as well, which Fresno Humane also strives for. This is not simply an issue that has an impact on the animals of Fresno County, but an issue that affects the safety and well-being of Fresno County residents. Having lived in Fresno County my entire life, it is so apparent the need for higher standards of animal control. Loose animals are a huge safety concern and an issue that is not an apparent concern to a lot of county residents. Living in a more rural area, residents around my neck of the woods don't understand the importance of leash laws, vaccines, spay and neuter, and general animal laws and safety issues. There has never been a shelter group more willing to work on educating the general public, providing assistance to those in need, and improving the safety and well-being of area residency. I have utilized Fresno Humane's services on many occasions, from having them come pick up loose animals, to utilizing their low cost spay and neuter services. I have a neighbor that didn't understand the dangers of letting his dogs free roam and Fresno Humane was able to educate this man on ways to keep his dog in, without them having to confiscate the animals. So many other agencies wouldn't create the time for

educational services like this and would either ignore the issue, or simply use a quick fix for the issue, which could

Include euthanasia. Fresno Humane makes a huge difference in my community by improving the safety of my neighbors and myself, as well as increasing awareness for higher standards of animal welfare. They do so much with so little and unfortunately don't have the capacity to do even more that is desperately needed to help not only animals, but residents.

I know it was suggested, at the meeting, that Fresno County should use the budget they currently have for a shelter, as well as one of the many properties owned already by the county, to erect a shelter without the help of Mr Ridenour. Unfortunately, we all know the county budget will lead to an very insufficient shelter for the county's animal control needs. There would be a shelter but it would be built to the bare minimum standards and would continue the current idea that shelters are to be out of sight, out of mind and animal control is reactive, not proactive. Many Fresno city residents I know, aren't even aware of the location of the city shelter, CCSPCA, because again, it is out of sight, not in an easily accessible or highly trafficked area. The property for this proposed county shelter is such a gift to the county that would put Fresno County in line with other high functioning shelters all over the US. Fresno has one of the worst reputations in all the nation for animal welfare. It is an issue that can never be mended by our antiquated animal control ways, that have been in practice for decades. It will take the new, innovative measures that Fresno Humane is already enacting on a small scale, and that they hope to be able to implement on a larger scale with a new, high functioning animal shelter. The only way we can change the community's views on responsible animal ownership is to lead by example and provide accessible resources to the community, which Fresno Humane is ready to do. The location of the proposed shelter is so so important in being a leading example to the community. It is vital that it be a destination that is inviting to all people. Easy accessibility in a warm, inviting neighborhood is key to encourage people to be a part of this needed change. So many people view shelters as old stinky buildings, located in the middle of nowhere, that no one would want to visit unless they had to. Many people i know talk about how they could never visit our city shelter or volunteer there because it is just too depressing. I love that so many counties around the nation have decided to adopt a more inviting environment to encourage community involvement. I

sincerely hope Fresno will hop on this bandwagon as well. Mr. Ridenour has given Fresno County such a generous gift. I can't even begin to understand why we would want to turn his gift down, or insult him by trying to renegotiate his gift. This is a once in a life time opportunity for Fresno County.

With that said, I urge you to vote yes on the approval of the rezoning of the land donated to Fresno Humane Animal Services, for the use of a new animal shelter. Thank you for your time.

Sincerely,

Katie Lewis

Subject: Letter of support for Fresno Humane Animal Services new location

Gentlemen:

I am writing this letter as first a citizen, and secondly as an advocate for animals.

I am both disappointed and incredulous at the of lack of decision making, and vision for the future; after the first hearing regarding the opportunity to put the County of Fresno on the map for the first comprehensive and intelligently thought out animal shelter at **NO COST** to the county. I am dumbstruck that a few neighbor complaints could derail an amazing and **FREE** resource that is desperately needed in the Central Valley.

I have attended several evening events at the Dante Club where drunk people honk, hollar, and race their cars up on the street into the wee morning. It is not likely that dogs, nor the people that work there, would do the same. Fresno Humane, working with Mr. Ridenour have made many compromises and alternative plans to ease the issues the community is raising.

The bigger issue for me is the complete lack of respect given to the existing organization and its employees/volunteers.....who are both registered voters and tax payers...in addition to everyone who wrote a letter of support or showed up at meetings. Also, disregarding the work of a respected long time community business leader who has done due diligence by first researching best practices at shelters throughout the United States, and has provided both the land and the resources to build the new shelter at **NO COST TO THE COUNTY**.

Fresno Humane has already proven that the county of Fresno can shift the culture of irresponsible pet ownership, and increase spay and neuter to reduce the number of stray dogs and cats. Their data supports that, and they have been incredibly successful for the last few years.

Please take the time to go visit Fresno Humane and see the work they are doing in very challenging circumstances. Don't forget to evaluate their data to confirm what you will see; people committed to providing quality and humane animal control care for the County of Fresno. Embrace a vision that would put the County of Fresno on the map. It literally is not costing you a thing.

Respectfully,

Debbie Buckman

Subject: Strongly in favor of new animal control facility for FHAS

Dear Mr. Pacheco,

I am writing this email to let you know that I am a registered voter who lives in District 1 near where the new facility WILL be built. Yes I am very positive that this will happen. It has to. It is so needed and deserved and way over due. Our community and our communities animals and Taxpayers need and deserve this. And this is the perfect location for it. A few naysayers who perceive an imagined or overblown inconvenience to them should not stop the overwhelming support for this project! As in all other past projects of this type in Fresno and Clovis, residents find out after the fact that their fears were unwarranted. This needs to happen now. This gift from the Reidenours and the amazing group of people at FHAS will bring permanent, positive and amazing change for our communities animals. The sun, moon and stars are aligned to bring this wonderful project to fruition now! Please, please I beg you to vote YES and urge your other council members to do the same. So many people are counting on you. Please don't break our hearts and crush our dreams! And yes I know I'm passionate but I care deeply about this issue along with so many others. Please help us.

Sincerely,

Deborah Neely

Re: Are You the Politician Who Take a Stand? – Proposed Re-Zoning

Dear Supervisor Brian Pacheco:

My name is Elisa Trinaystich and I live in the La Ventana Sub division a little under a mile from the proposed site, and as I had mentioned in my address to the Board of Supervisors on September 11, 2018, I support the proposed re-zoning. Unfortunately, this time I will not be able to address the Board of Supervisors in person as I did for the previous Board of Supervisor Meetings regarding Fresno Humane. I was very disappointed not only in the “neighbors” in this area, but in the Board of Supervisors, as I feel like they were taken advantage of and did not make any good faith efforts to dig any further prior to the meeting or to postpone the meeting until everything could be addressed and a decision could be made.

More people knew about the meeting and proposed rezoning than they originally lead on. One person in particular, knew about the meeting and publically posted about this on the Next-Door App. I cannot verify how many people saw this post for sure, but can verify that two people “Thanked” her for her post. In the Board of Supervisors video, this same neighbor began her speech at 2 hours and 1 minute, 0 seconds, and tells the board she did not know about the Community Meeting that occurred on May 23, 2018 at Dante Club. Please see the picture below, where she contradicted herself in her own post. (see section A on next page).

In addition, during the time leading up to the meeting on September 11, 2018, I, along with other neighbors, had asked that the most vocal people reach out to learn what I had learned from the meeting. One neighbor specifically responded with the picture below, to which this neighbor said he did not need to speak with Derrel (see section B on next page).

More recently I attended a Community Meeting yesterday hosted by Granville. Several of my neighbors attempted to make THIS meeting about the proposed shelter. Mr. Assemi, in an attempt to appease them and try to move on, asked how many people opposed the shelter being built: ¾ of the room raised

their hands, until one gentleman said “I do not know enough to form an opinion”. From that experience, I was able to see how many of my neighbors made up their minds before becoming educated on this amazing facility.

With this said, I took pictures from my drive that would be in front of the proposed land so you can have an idea of what traffic would be during Fresno Humane Animal Shelter’s business hours, including what would be the expected busiest day, Saturday. I understand a traffic study has been performed, but I do believe pictures speak a thousand words, so please see below. I have details on the date and time these pictures if you need them. (see section C on next page).

So why have some of my neighbors taken this stand? I feel that this is a move to pick the lowest hanging fruit – a Non-Profit. The Non-Profit does not have money like developers to tie these people up in court. If they had it their way, Fresno would not grow, but somehow would have increased property values. I understand where one of my neighbors is coming from and why he would not want to see the re-zoning happen. However, this project is not a housing development. It is not a prison. It is not a halfway house – it will be an effective and highly respected shelter that has gone above and beyond in fulfilling their promises they have made to you and to the community. I understand you have constituents you have to please, but the time for a politician to take a stand is overdue – in this political climate, can you afford not to take a stand against residents who have ulterior and disingenuous motives?

Respectfully,

Elisa Trinaystich

Dear Mr. Quintero,

I am writing to express my support for the new shelter for Fresno Humane. They have been doing excellent work in the parking lot of the old morgue, which was supposed to be a temporary location. They have secured DONATED land. I can only imagine the wonderful things they could do if they had a REAL shelter. Please do not make them wait any longer.

September 20, 2018

Dear Supervisor Pacheco -

The people and animals of Fresno County are being offered a wonderful gift by the Ridenours at no cost to the County.

As lifelong residents of Fresno County we are more than aware that there is a huge animal problem here. We could have five animal shelters and they would still hit capacity on a regular basis.

Please don't deny us this amazing gift.

Respectfully,

The Wright Family
3317 N. Fordham Ave

DATE: 20 September 2018

TO: MEMBERS OF FRESNO COUNTY BOARD OF SUPERVISORS

**Brian Pacheco, District 1
Andreas Borgeas, District 2
Sal Quintero, District 3
Buddy Mendes, District 4
Nathan Magsig, District 5**

**RE: CONSIDERATION OF CHANGE OF ZONING TO COMMERCIAL
IN AN AREA CURRENTLY DESIGNATED AS RESIDENTIAL**

**SUBJECT: CONCERNS OF MANY CURRENT RESIDENTS OF THE IDENTIFIED AREA,
I.E., THE AREA (ISLAND) BORDERED BY SHAW AVENUE ON THE SOUTH, HERNDON
AVENUE ON THE NORTH AND SANDWICHED BETWEEN GRANTLAND AVENUE AND
GARFIELD AVENUE**

**First of all I, and I assume most folks love animals. It is not a question of “Not in my
Neighborhood.” It is a matter of the following concerns listed.**

CONCERNS:

- 1. Location: is there an architectural design or any schematics available to show the public what this shelter will look like?**
- 2. The quote is that the facility is “State of the Art” at a cost of \$2 million dollars. The building will be built sometime in the future and the cost will change due to rising costs of materials and labor and will the County or donor or tax payers pick up the difference which could amount to millions.**
- 3. Who will pay for the everyday costs of the shelter, i.e., water, electricity, sewer, waste disposal, upgrade of any new pipes for water or sewage, new sidewalks, drains and gutters and any unexpected costs? Will the facility use gas, propane for fuel? Will it be the donor, donations, City, County who will pay these daily costs for years to come.**
- 4. Who will pay and what will happen to providing access to the shelter as there currently are only 2 one way streets on Grantland that have to accommodate not only residents and employees but school population and related traffic. Will medians be torn up and new ones put in. What would that cost?**
- 5. What kinds of animals will be accommodated and how many will the shelter be able to accommodate?**
- 6. Will an environmental impact study be done re air quality and noise pollution, which is needed due to the adjacent school with children and homes across the street on County land.**
- 7. What effect will this building have on property values in the area and especially on those homes on County land across the street?**
- 8. My understanding is that the shelter will be manned by volunteers only.
Which begs the question as to whether this will be 24 hour coverage to provide for animals who may be dropped off at any hour of the day or night.**

It is admirable that the City/County is discussing providing a shelter for animals, but it would be nice if they spent the same amount of time or money on a much needed centrally located Senior Center such as Clovis has or neighborhood parks or infrastructure.

PLEASE NOTE: The current traffic flow is already constricted and gridlocked by only having utilization of Herndon Ave and Shaw Ave to get in and off of this island. The approval to change the zoning from residential to commercial to merely accommodate addition of one commercial building, (namely an animal shelter) and oh yes, Darrells Storage facility, on the south side of Grantland and Freeway 99 South off ramp. Please consider that small corner area is next to a Church, the DANTE Club on Grantland, and the Jehovah's Witnesses Church also on Grantland next to the Herndon Barstow School. The addition of an Animal Shelter along with the additional traffic is not something the residents of our area would enjoy experiencing.

Consider please that there is only one South lane on Grantland Ave that serves the South off ramp to Highway 99.

FIRST RESPONDER ABILITY:

I also worry that the impact of traffic and increased congestion by adding a commercial zoning to our area will impact the ability of first responders in emergencies or mass casualty situation. These are issues we're constantly made aware of daily in the news and now realize these situations can happen anywhere. Just Wed, Sept 19, the nightly the news reported a story about an active shooter situation and lauded first responders response time of 4 minutes. What would be the response time in our area of school or church in a crisis situation. I assume there is plan of action for response.

I and many current residents of the area are not against animals or a shelter for them but wonder about **CONSIDERATION OF THE BOARD OF SUPERVISORS** to put one in such an already traffic congested area previously zoned residential, which is why we bought homes here. Most of our residents have pets and love animals but do not want zoning changed in the area in which they reside which will only add to the traffic congestion and gridlock on a daily basis.

It is also my understanding that an accurate count of daily traffic has not been done since 2010 and the city has not considered, as of yet, the traffic impact on current numbers that have not yet been accrued.

According to information received from Jacob Gentile from the traffic census division for Fresno County "the traffic count at the intersection of Parkway Dr and Grantland Ave has not been done for some time." A study from 2015, more than 3 years ago indicated an ADT of 4900." This is now 2018 and there has been explosive growth and development in this area since then and per Mr. Gentile, "the study data may be obsolete."

The other factor to note is that during peak hours, train schedules that block both Herndon and Shaw Avenues can back up traffic on Shaw Avenue from the tracks to freeway 99 overpass and to the East to Brawley. Herndon will back up past the new Market shopping center and on both the on and off ramps from 99 freeway to Herndon and North Parkway Drive.

Board of Supervisors

Page 3

The reports and figures previously mentioned are requested by many of our current residents who already feel that the city and county are not interested in helping them alleviate the current congestion. This is another reason to not add an animal services shelter.

IRONICALLY, THERE IS A HUGE BILLBOARD ON HERNDON BEFORE THE RAILROAD TRACK STATING, "DO NOT IDLE YOUR CAR" referring to our air quality.

I would like to know that at least, just this once, the City and County could work together to show they care about our interests and issues on this Island of land between the City and County land. I would appreciate and so would other residents that you provide answers to our questions about the issues that concern us.

Elections do come around, no one is on the Council or Board forever. In the future I would like to be able vote for those who seem to care and are proactive for us and interested only in putting politics or monetary influence by developers or land owners ahead of the interests of your constituents.

I am unable to attend the scheduled Oct 23 meeting on this issue and ask that you consider my concerns when making a decision regarding the future of our neighborhood.

Respectfully,

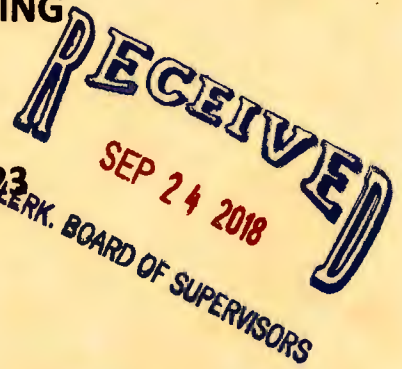

**Beverly Medina

ANIMAL SHELTER OPPOSITION ONLY MEETING

Tuesday, September 25, 2018

7061 W. Tenaya Avenue, Fresno, CA 93723

6:30-8:00pm

Darrel Ridenour AKA Darrel's storage kindly donated 4.15 acres of property for A proposed Animal Shelter in which HE STATED **1700 FLYERS** were sent out to "HERNDON ACRES" AND SURROUNDING AREAS. I haven't spoken to one for or against this that actually received one so **WE WERE LEFT OUT!!!!** There will be a meeting for those in **OPPOSITION ONLY** to this project. Some of the concerns are:

- Rezoning
- We are NOT ANIMAL HATERS
- Traffic
- Abandoned animal issues
- Large Animal housing
- Environmental issues, such as pollution, water, smell, noise, etc...
- Our Property value decrease, tax increases City and County
- Who received a flyer?
- Hours of operation 10-5 ??
- Why did the City choose not to build the proposed shelter
- Are the streets going to widened to accommodate the extra traffic & who's paying for it

We are sure there will be many questions that can be addressed to the Board of Supervisors on 10/23/18

If you plan to attend this meeting, please RSVP to
neighborhoodissues@gmail.com

**PLEASE NOTE THIS IS A MEETING IN OPPOSITON
ONLY !!**

It would be great if you could bring your own lawn chair

RE: Proposed Re-Zoning for Fresno Humane Animal Shelter

Mr. Pacheco,

My name is Tawnya Keith and I live in the Rio Belleza neighborhood, not far from the proposed site for the new animal shelter. I have been in support of this since it was first proposed many years ago. I've worked with Animal Compassion Team and Fresno Humane for many years as a volunteer and foster mom.

When Fresno Humane took over the County animal control contract the euthanasia rate was over 70% as Liberty Animal Control clearly did not network to actually try to save animals lives. Fresno Humane took over the contract on October 1, 2015 and within 60 days had the euthanasia rate down to 12%. They continue to have high rescue/networking numbers and low euthanasia numbers (some months as low as 4%), not to mention the number of low cost spay/neuters, microchipping and vaccination clinics they've held, and have done so for the 3 years they've had the contract. All this while working out of the parking lot of a condemned morgue.

Speaking of the morgue, this was supposed to be a temporary location for the shelter, yet they are still there 3 years later. Imagine what could be done with a real facility, with more room for animals to be housed, play and be cared for. A state of the art facility that people want to visit to find their next family member. A place where medical treatment can be done on-site to reduce transportation costs and reduce the amount of time an animal has to cope with their illness or injury.

The generous gift from Derrel and Kim Ridenour cannot be overlooked. This is saving the tax payers thousands of dollars, and saving the county millions. They made a similar donation to Animal Compassion Team years ago and look at what they've been able to do: 8,926 adoptions and 1,284 transfers in nine years! This was done without any assistance from

the county, all with private donations and grants. The amazing team of people who run both facilities have such a heart for the homeless pets in our Valley and are truly making a difference.

Some of my neighbors are in opposition of this new proposed site, especially those who live across the street. They've stated concerns such as traffic, abandoned animals, noise and smell. Even when provided with information regarding current traffic at Fresno Humane, details on the layout of the shelter which will reduce noise and smell, and statistics regarding abandoned animals, they are holding their ground, which they have a right to do. Unfortunately, there are a few of them who have become belligerent and downright nasty to those of us who are in support; to the point of a couple who have been removed from the NextDoor app (Gonzalo Arias Jr., Mark Brooks, Elisa Bilios and Stanley Ross to name a few) . Not to mention walking the neighborhoods posting flyers about an upcoming meeting for those opposing the shelter only, on mailboxes and on people's doors (please see attachment for the flyer). One woman, even left her baby in a stroller on the sidewalk, in a driveway, to complete her mission of handing out as many flyers as she could (see attached screen shots of video surveillance). My understanding, which could be incorrect, is that a permit must be obtained to go door to door with flyers, etc. I have yet to confirm they've obtained said permit.

The opposition meeting, which they have a right to hold, is being held at the private residence of Lydia Broussard-Franklin. Lydia has been very vocal about her opposition of the shelter, and has been defaming Derrel by saying she did not get one of the supposed 1,700 flyers Derrel stated he sent out. Those in support have been unable to confirm when or where Derrel made this statement and Lydia only says he did so to the Board of Supervisors. Maybe you recall and can confirm or deny? She has taken it to the point of threatening a discrimination lawsuit against him (see attached), although she doesn't say how she was discriminated against. If the fact that she didn't get a flyer is her basis for discrimination, then I too have been discriminated against as I did not get one of her flyers.

Lydia has even go so far as to start a private Facebook group regarding shelter issues and has told the group that they need to try to get the October 10th public community meeting cancelled because "Derrel continues to be disrespectful and thinks he can bully us" and "He was only to meet with this area to discuss the issues at hand. Instead he invites all of the supporters which we know will outnumber us." She goes on to reiterate that she thinks this is bullying and "it could get downright nasty". She wraps her statement up by insinuating that "We all heard what the Board of Supervisors told him to do and he agreed." Between what she has said publically (slander) and in written form (libel), she is setting herself up for a defamation lawsuit if Derrel was the type of person to do such a thing.

She has also been very vocal about not being notified about any of the meetings and being left out. However, she herself made a post on NextDoor back in May talking about the community meeting with details on when and where. Even with presented with the information about her knowledge back in May, she insists she didn't know. She is spreading lies and vitriol as a way of "educating" people. She has shown that she truly knows the meaning of the word "bully" based on how she has treated others who disagree with her.

I understand the political need to postpone the rezoning vote as there were a number of people who stated they didn't know about the meeting and needed more time to gather information. However, I have seen enough Facebook and NextDoor posts to know they are pulling your leg. They knew a long time ago and have been in cahoots with each other to keep fabricating stories to delay this as long as possible. A couple supporters at the September 11th meeting even overheard Lydia and others telling the rest of those in opposition to state they did not receive notice of the meeting, even if they did.

Please note, this letter is not written with the sole intention of bashing Lydia and the group of opposers, but rather for the purpose of shedding light on the situation as those of us in the neighborhood see it. She will stop at nothing to convince people that this is a bad thing, including lying and threatening people with a lawsuit.

I pray the Board of Supervisors moves forward with the rezoning of this property and allows Derrel to build the new animal shelter for Fresno Humane. Until something else is done regarding backyard breeders, selling animals on the

street or at the Cherry Auction then our only option is to have improved facilities for the unwanted pets of this community to go and have a chance at a better life.

I appreciate the time you've spent reading this letter and hope you take the information contained within into consideration when discussing the topic with the Board of Supervisors and casting your vote. I hope to see you at the community meeting on October 10th.

Sincerely,

Tawnya Keith

ANIMAL SHELTER OPPOSITION ONLY MEETING

Tuesday, September 25, 2018

7061 W. Tenaya Avenue, Fresno, CA 93723

6:30-8:00pm

Darrel Ridenour AKA Darrel's storage kindly donated 4.15 acres of property for A proposed Animal Shelter in which HE STATED 1700 FLYERS were sent out to "HERNDON ACRES" AND SURROUNDING AREAS. I haven't spoken to one for or against this that actually received one so WE WERE LEFT OUT!!!! There will be a meeting for those in OPPOSITION ONLY to this project. Some of the concerns are:

- Rezoning
- We are NOT ANIMAL HATERS
- Traffic
- Abandoned animal issues
- Large Animal housing
- Environmental issues, such as pollution, water, smell, noise, etc...
- Our Property value decrease, tax increases City and County
- Who received a flyer?
- Hours of operation 10-5 ??
- Why did the City choose not to build the proposed shelter
- Are the streets going to be widened to accommodate the extra traffic & who's paying for it

We are sure there will be many questions that can be addressed to the Board of Supervisors on 10/23/18

If you plan to attend this meeting, please RSVP to
neighborhoodissues@gmail.com

**PLEASE NOTE THIS IS A MEETING IN OPPOSITION
ONLY !!**

It would be great if you could bring your own lawn chair

Since Derrel continues to be disrespectful and thinks he can bully us, we should move to get the 10/10 meeting canceled. He was only to meet with this area to discuss the issues at hand. Instead he invites all of the supporters which we know will out number us. I call it bullying and it could get out right nasty. I'm sure we all heard what the Board of Supervisors told him to do and he agreed 🙄🙄🙄🙄🙄

A discrimination lawsuit should be filed against Derrel Ridenour for lying to the Board of Supervisors in which he told them 1700 flyers were passed out in the surrounding areas of this proposed shelter and not one person I spoke with received one. He hid that flyer from the neighborhood that's in closest proximity. He has money but lacks character. He's so proud of the 30K signatures he got, even the ones from London and Canada. Collecting them all while keeping the neighbors in the dark. Dirty deeds. So if it passes, it was done fraudulently.

LETTER OF SUPPORT

RECEIVED
SEP 24 2018

CLERK. BOARD OF SUPERVISORS

Hall of Records, Room 301
2281 Tulare Street
Fresno, California 93721-2198

Attention Supervisors:

I am Lieutenant General Dean Murphy, the National Commanding Officer of the Joint Military Assistance Command, a nonprofit Corporation and Military Society. I am also the Knights Commander and a Officer of the Royal Lao Arms Forces appointed by the late King of the Kingdom of Laos H. R. King Sauryavong Savang.

I have worked with the Hmong and many other Southeast Asian people for many years in Southeast Asia and the United States. I am a trusted confidant to General Vang Pao and many others in the Asian Community.

I also own properties both near the existing Animal Shelter and Adoption Center. Even in this old county Morgue they still are good neighbors.

I own the 4.15 acres adjacent to the purposed new facility known as, 6635 N. Parkway Drive APN 504-040-90. To refuse the offer of Darrel & Kim Ridenour is not only a mistake it is sheer folly. If you do not take his offer, Tax Payers will have to foot the bill for a much needed and substantial lesser facility. If not now when are you going to build it? If not here where are you going to put it? I must say that a more recent Jewish wise-man once said.

"The Needs of the Many Outweigh the Needs of the Few"

Please do the right thing and support this project If you should have any questions please feel free to contact me at (559) 448-6551.

Respectfully,

Dean Murphy

FW: Potential rezone to allow for Animal Shelter/Mini Storage at Grantland and Highway 99

Subject: Potential rezone to allow for Animal Shelter/Mini Storage at Grantland and Highway 99

I am writing to you as a citizen of the city of Fresno and county of Fresno to express my opposition to the rezoning of land between Grantland Avenue and Highway 99. If the vote to rezone comes to pass, a precedent will be set and a slippery slope will allow many more of these kinds of rezoning to occur. In addition to the problems that will be created by the mere allowance of the rezone, the projected plan for that land will cause a multitude of issues for those of us living in the surrounding neighborhoods.

My first and foremost concern is what the shelter will do for the safety and wellbeing of students of Herndon Barstow Elementary. The shelter (as well as the mini-storage that will soon follow) will increase the traffic in front of the school. The current conditions are already extremely dangerous for families who live south of the school and west of Grantland. While there are crosswalks for students to walk between home and school, it requires to cross streets a minimum of two times. One being unmanned at the intersection of Grantland and Bullard. For children who live south of Bullard it would require 3 crossings (2 unmanned). At that point along Grantland the speed limit is 40mph and routinely I have witnessed cars traveling much faster in both directions. With the increasing number of homes this will only get worse and a rezone and subsequent build will compound the issue. These dangers cannot be avoided or reduced due to the lack of sidewalks along the west side of Grantland

Secondly the rezoning to allow the construction of the shelter will bring about stray animals that might also be sick or lame. Those animals will find their way on to school grounds and into the neighborhoods where the children play, live and travel to school. The children of the neighborhood and school should not be subjected to animals in these conditions. Students will suffer negative impacts upon their physical and emotional well-being.

I also want to make it clear that I am not opposed to the idea and need of a new state of the art animal shelter for Fresno County. I am opposed to the rezoning of this particular piece of land in order to place it in that specific location. I am certain that the county has many other possible sites to place the shelter. For example there is plenty of county land near the Juvenile Justice Center close to Highway 99 and American Avenue. That location for example would cause none of the issues described above.

I also understand that Mr. Ridenour is a major reason why this rezone is being considered. I can appreciate the generosity of land and money, but feel that he could still be just as generous at another site. I also understand that he has referenced many comparison sites as examples as to why this will work. I would refute those examples on the ground that none of his comparables are as large of a facilities as this and also none of them are as close to a school as this project is.

I also feel that there might be some information about this whole process that the public is unaware of either intentionally or unintentionally. Many of us in the surrounding neighborhoods never received any notification of the hearings, meetings, etc. Flyers that were supposedly sent out, were not received. Advertisement of this project was done in the cheapest manner possible via the Fresno Business Journal, which many of us do not receive.

So for those of you that are my elected representatives, I need you to represent myself and my neighbors in working to prevent this rezoning and subsequent shelter/mini storage. I have yet to hear a neighbor speak out for this location. I have heard the voices of many supporters, but to my knowledge none live in the area. For the rest of you whom I am not a constituent of I ask you to consider a thought. If this same situation were occurring in your neighborhood, near your children's school, how would you feel and how would your constituents feel?

Respectfully,
John Lourenco

You have received this feedback from Julie Jantzen <Babababoom1961@gmail.com> for the following page:

<https://www.co.fresno.ca.us/departments/board-of-supervisors>

Dear Sirs, I had the pleasure of working with Brenda Mitchell, and many other incredible animal-loving-people she inspires, long before Fresno Humane Animal Services opened in the old morgue and its parking lot, during my years at the Central California SPCA. I don't even know how many decades the latter has been around, but I can tell you Brenda and her amazing crew tried hard to turn things around there. In many ways they succeeded, because they educated everyone willing to learn and grow as responsible citizens and caregivers of our valley's animal population. Even with all the challenges that came with opening the FHAS, and arise daily since, they continue improving the quality of lives of both our community's human and animal populations! They are raising everyone's standards in our valley, up and down our great state and across our nation! Even into Canada! Fresno County has one of the best managed and most Humane Animal Services around! Please do this excellent organization justice by helping Brenda and FHAS to expedite their relocation! I have adopted 3 dogs in the past 2 years from FHAS even though I live in Madera now. Thank you for making our valley a better place to live!

Hi Supervisors Sal, Buddy, Brian, Andreas and Nathan

See below OPPOSITION ONLY MEETING FLYER

Just want you to know that my words are being twisted and outright lies are being spread.

What I said is I turned in 1700 shelter support letters to the County staff.

I have never sent out any flyers never seen any flyers.

FIRST NEIGHBORHOOD MEETING IN JUNE @ DANTE CLUB

We mailed invitation notices of the first neighborhood meeting to property owners, with-in a 1000 ft radius which is the city requirement, the County requirement is 320ft radius when it's a public hearing.

I'm very sadden that my name is now being mentioned over and over as being sneaky, conniving and even my ex-wife is being mentioned in these conversations at these opposition meetings.

My wife Kim & I are just trying to do something good for the animal's and the community, thanks Derrel & Kim

ANIMAL SHELTER OPPOSITION ONLY MEETING**Tuesday, September 25, 2018****7061 W. Tenaya Avenue, Fresno, CA 93723****6:30-8:00pm**

Darrel Ridenour AKA Darrel's storage kindly donated 4.15 acres of property for A proposed Animal Shelter in which HE STATED 1700 FLYERS were sent out to "HERNDON ACRES" AND SURROUNDING AREAS. I haven't spoken to one for or against this that actually received one so WE WERE LEFT OUT!!!! There will be a meeting for those in **OPPOSITION ONLY** to this project. Some of the concerns are:

- Rezoning to Commercial from Rural Residential making it easier for remaining land to be converted to Commercial in the future
- We are **NOT** ANIMAL HATERS, this facility needs to be built in the appropriate area not next to a school or residential area
- Traffic Study from 2017 does it reflect all current homes and new homes built after 2017 and the additional 700 new homes South of Shaw Ave
- Abandoned animal issues
- Large Animals in outdoor kennels/corals (horse, pigs, goats, etc)
- Over 180 kennels 4-5 times larger than your typical 40-50 kennel adoption center
- Environmental issues, such as pollution, water, smell, noise, etc...
- Our Property value decrease, tax increases City and County
- Who received a flyer?
- Hours of operation 10-5 ?? what from 8-10AM??
- Why did the City of Fresno choose not to approve to proposed shelter
- Are the streets going to be widened to accommodate the extra traffic & who's paying for it
- No written agreement or contract to Deed the land and facility to FHS at NO COST
- No Communication with the County of Fresno for this project / joint venture

We are sure there will be many questions that can be addressed to the Board of Supervisors on 10/23/18

If you plan to attend this meeting, please RSVP to neighborhoodissues@gmail.com

Subject: FW: From Derrel / Shelter & Large animals
Attachments: IntakeBySpecies.pdf; RR County zoning

From: Derrel <hopeaf@comcast.net>
Sent: Thursday, September 27, 2018 5:11 PM
To: District 5 <district5@fresnocountyca.gov>; District 2 <district2@fresnocountyca.gov>; District 4 <district4@fresnocountyca.gov>; District 3 <district3@fresnocountyca.gov>; District 1 <district1@fresnocountyca.gov>
Subject: From Derrel / Shelter & Large animals

Hi Supervisors

REGARDING LARGE ANIMALS

The current RR County zoning allows more animals than the shelter would ever keep.

Attached is a list for 2016 & 2017 of all the animals that were moved through shelter.

Horses---30 in 2 years = 1.25 horses per month.

Cattle-----1 in 2 years

Goats-----9 in 2 years

Attached is the County RR District that calls out the type and number of animals allowed.

Per 36,000 SQ FT you can have 3 adult animals with 6 offspring of any combination of horses, bovine-cows, sheep or goats.

500 chickens, breeding and raising poultry.

My 4 acres of Rule Residential that we want to build the shelter on can have
4-acres = 174,240 SQ FT divided by 36,000 SQ FT = 4.84 times 36,000 SQ FT
14 -adult animals with 28 offspring of any combination of horses, bovine-cows, sheep or goats.

2,420 Chickens, breeding poultry.

The shelter should have the same right to keep the same number of animals as the current zoning allows.

Thanks, Derrel

Subject: Large animals

Hi Jeff

Attached is the numbers of horses over 2 years.

Only 30 horses & 1 cattle

Only 1.25 horses per month

The 2+ acre County lots can have horses

Do you know how many horses they can keep on their properties?

My daughter said she could own 600 rosters 😊

If she had a home on 2 acres.

Find out the quantities and different types of animals the 2+ acres can have on their County acreage?

Thanks Derrel

Hi Terry

Please get me this info ASAP, thanks Derrel

Still need the info. Guess :)

Hi Terri

I want to have a reason to build all the buildings, barns & corals that's on the site plan.

That's why I want to see a small number of large animals listed.

A large amount of the smaller animals and many different types.

How many large & small animals on average do you have to care for on a monthly basis?

1. Horses_____? One - two per month on average
2. Cows_____? Generally none, every so often a single calf
3. Pigs_____? On average one every other month
4. RABBITS_____? One - two per month
5. Chickens_____? 2 per month (cock fighting busts = large intakes, but short holding periods)
6. Snakes_____? Haven't had any
7. Ginny pigs_____? A few per year
8. Turtles _____? One every couple months

9. Goats _____? One every other month
10. Sheep _____? One every few months
11. Ducks _____? One every few months
12. Birds/parrots _____? One every couple months

These are monthly averages, but we always have to be prepared for a large group intake due to cruelty/neglect, a criminal case, hoarding situation, etc. I've attached a report with our intakes for a 2-year span (2016-17).

SECTION 820

"R-R" - RURAL RESIDENTIAL DISTRICT

The "R-R" District is intended to create or preserve rural or very large lot residential homesites where a limited range of agricultural activities may be conducted. The "R-R" District is intended to be applied to areas designated as Rural Residential by the General Plan. The minimum lot size that may be created within the "R-R" District without a special acreage designation shall be two (2) acres. The "R-R" District accompanied by the acreage designation of five (5) establishes that the minimum lot size that may be created within the District shall be five (5) acres.

(Added by Ord. 490.128 adopted 1-11-77; amended by Ord. 490.133 adopted 6-7-77)

SECTION 820.1 - USES PERMITTED

The following uses shall be permitted in the "R-R" District. All uses shall be subject to the property development standards in Section 820.5.

- A. One family dwelling units, not more than one (1) dwelling per lot.
- B. Accessory buildings including servant's quarters, accessory living quarters, garages and farm buildings.
- C. Agricultural crops, greenhouses, fruit trees, nut trees and vines.
- D. Bovine animals, horses, sheep, and goats where the lot area is thirty-six thousand (36,000) square feet or more and provided that the number thereof shall not exceed a number per each thirty-six thousand (36,000) square feet equal to four (4) adult animals in any combination of the foregoing animals and their immature offspring with not more than three (3) adult animals of a bovine or equine kind or combination thereof and their immature offspring or not more than six (6) immature bovine or equine animals or combination thereof where no adult animals are kept per each thirty-six thousand (36,000) square feet. Where the lot is less than thirty-six (36,000) square feet in area, but twenty thousand (20,000) square feet or greater in area, horses may be maintained for personal use in a number not to exceed two (2) animals with their offspring less than one (1) year of age.

(Amended by Ord. 490.191 adopted 12-3-79)

- E. Dogs and cats as domestic pets only (limited to three (3) or fewer animals four (4) months of age or older).

(Amended by Ord. 490.133 adopted 6-7-77)

- F. Home Occupations, Class I, in conjunction with a detached single family residential unit, subject to the provisions of Section 855-N.

(Amended by Ord. T-027-288 adopted 2-25-86)

G. Mobilehome occupancy, not more than one (1) mobilehome per lot, subject to the provisions of Section 856.

H. Signs subject to the provisions of Section 820.5-K.

I. Storage of petroleum products for use by the occupants of the premises, but not for resale or distribution.

J. Storage or parking of boats, trailers, recreational vehicles, or commercial vehicles, limited to the private non-commercial use by the occupants of the premises.

K. The keeping of rabbits and other similar small furbearing animals for domestic use on a lot containing not less than thirty-six thousand (36,000) square feet.

(Amended by Ord. T-038-306 adopted 5-22-90)

L. The maintaining, breeding, and raising of poultry for domestic use not to exceed five hundred (500) birds and the maintaining, breeding, and raising of poultry for FFA, 4-H and similar organizations. In no case shall the poultry facility be kept or maintained on a lot containing less than thirty-six thousand (36,000) square feet.

(Added by Ord. T-038-306 adopted 5-22-90)

M. ~~The sale of agricultural products produced upon the subject property.~~

N. Day nursery - small.

O. Plant nurseries limited to the sale of agricultural products produced on the property.

Subject: Hello Sir

Hello Mr. Pacheco. Wow, I can't believe we're still fighting for respect in Herndon Acres regarding Zoning Issues. My thought was to just move away from here, maybe cross back over the tracks but my wonderful husband went into kidney failure and now fighting pancreatic cancer. I must say he's doing pretty good. God is good and our faith is strong. We decided to stay because Davita is right off of Shaw making it convenient for his treatments so we decided to stay plus we were blessed with a granddaughter who attends Herndon-Barstow. I could literally throw her over the fence for school lol. Maybe a ladder. We take and pick her up from school. Not sure if that was in the retirement plan but it fits in great. We have been here for 17 years and now we're settled in for life. I think we would be ok if the road could accommodate the already crazy traffic. The one lane each direction is a nightmare not to mention the constant flow of traffic. Those Wednesday half days of school is awful. I have captured many animals in my yard because I was afraid they would get killed on Grantland. It's a shame how people dump animals out here. Maybe they are sick, used up or whatever but it's sad. We are pleading with you not to zone that property for an Animal Shelter and place it elsewhere where they can grow until Veterans Hwy is built. I called FHS two months ago for help because my dog suddenly died. After explaining to them and begging them to come and help us explaining that I couldn't pick up my 60 pound poor dog and my husband surely couldn't, we were talked over and spoken to like children and they refused to help us. Made us feel like it was our fault. Then they referred us to a Dr. Smith. We had to pay \$425.00 for him to pick up our dog. Not much help on a fixed disability income. We have always had rescue dogs. We were also told by our realtor friend the shelter could lower our home value. I would be able to see it from my front yard. We love our "Forgotten Neighborhood" as stated by the Sheriffs dept. We remain hopeful not having that property rezone.

Thank you for reading this and thank you for your great representation for our area

I live in District one and I am in support of Fresno Humane Animal Services getting their new location. They have the land and the money and all they need is a yes from the board of supervisors.

I was so disappointed to hear that the voices of a few disgruntled people were heard over the hundreds of other who signed the petition in support of their permanent location. As someone who lives in the district and supports the cause, I thought I should have my voice be heard too.

As a volunteer with animal compassion team, another valley no kill animal shelter who works closely with Fresno Humane. I've seen and gotten to know some of the people and work they are doing from that parking lot of the old coroner's building and I know they can do so much more with a better location.

It's in your hands to help this vision become a reality, and the right thing to do would be to say yes.

FW: Fresno Humane Animal Services - New Location

From: Rhonda Metzler <rdmetzler@gmail.com>**Sent:** Monday, October 01, 2018 8:56 AM**To:** District 1 <district1@fresnocountyca.gov>**Subject:** Fresno Humane Animal Services - New Location

Dear Supervisor Pacheco,

I realize you, out of all of the supervisors, probably feel that you're in a No Win situation because most of the negative responses to the new Humane facility is coming from citizens that live in your district. I can understand that can be a very uncomfortable position to be in.

I would hope in this case, that you and the other supervisors can see the bigger picture. This new state-of-the-Art facility will not only benefit the abandoned, lost and unwanted animals of Fresno County, but it can also set the stage for so much more. With this new facility, there will not only be a place for these animals to get the care that they need, but also a place that can showcase Fresno County as a leader in having one of the first county shelters of this type. Other Counties through out the state will eventually follow... this will become such a great platform for creating a positive environment not only for the animals that need us... but for setting the standard and mindset that is needed to stop overpopulation, abuse and neglect of our companion animals.

More education about our companion animals is needed along with more education and public awareness as to what our shelters and rescues actually do... and on a very limited budget! This is such a great opportunity, please do not let us miss it!

I ask that you please consider the bigger picture... this picture is much larger that a group of people that will live near this shelter and have made assumptions based on fear and negativity, instead of what's in the best interest for all of us that live here in Fresno County!

Please support the rezoning for the new Fresno Humane Animal Services site!

Thank you for allowing me to voice my concern and opinion on this matter.

Sincerely,

Rhonda Metzler
Fresno County/City Homeowner

Subject: Animal Control Questions Part II

-

Good Morning Mr. Fox,

What is the standard operating procedure if there is a cock fighting bust in Fresno County (where are the seized animals kept/maintained)?

Seized birds may be held at the shelter facility or at our livestock holding facility near Kearney Park.

What were the number of service calls in the 93723 zip for calendar year 2016?

FHAS dispatchers entered 213 case activities for the 93723 jurisdiction in 2016, 297 in 2017, and 162 so far in 2018. This is consistently 2.5-3 times more than the average case activities for other jurisdictions.

How many FHAS employees were present at the Fresno County Board of Supervisors Meeting on company time? Were they on paid vacation leave?

FHAS is a contractor to Fresno County. They are fulfilling the requirements of their contract, we do not track how their staff spends their time to fulfill those requirements.

-
Brenda Mitchell mentioned that second graders wrote letters in support of FHAS at the 9/11/2018 Fresno County Board of Supervisors Meeting. Was this a class project? If yes, which elementary school?

-
That was an interaction that FHAS had with the school. They would have that information.

Hello Supervisor Pacheco.

I sent the attached letter to the Board just prior to the Sept. 11 Board meeting. I am sending it again as notice of my continued support for this rezoning request.

The proposed shelter site is in my district. You are my supervisor. I fervently hope that you and your colleagues vote to approve the rezone of the relevant parcel at the next Board of Supervisors' meeting. The animals deserve it, and as my letter details, it is my belief that the proposed location is as good as any other, and in many ways an excellent choice.

Sent via email only to: District3@co.fresno.ca.us

Re: **General Plan Amendment App. No. 552 and Amendment App. No. 3825**
Application to rezone two parcels of land on N. Grantland Avenue, between N. Parkway Drive and W. Tenaya Avenue from Rural Residential to Limited Industrial to permit an animal hospital/shelter and associated uses.

Dear Supervisor Quintero:

I am writing in support of the rezoning of two parcels of land donated to Fresno Humane Animal Services. Due to work obligations, I am unable to attend the meeting on Sept. 11 but hope you will not consider that a reflection of my passion about this issue.

While listening to the meeting of the Planning Commission where this proposal was recommended for approval, it was obvious to me that there wasn't a person in attendance who was not in favor of the tremendous work being done by Fresno Humane. No one said or even inferred that the animals didn't deserve a better facility than the one they currently inhabit in the parking lot of the old Fresno County Morgue. So I won't waste your time trying to convince you of the need for a shelter.

However, I would like to acknowledge and address the concerns that were most often expressed: Noise, smell and traffic.

It is my understanding that Fresno Humane and their project partners have specifically designed the shelter to reduce noise and smell. Their design means all dogs will be indoors at night, putting multiple walls between them and the two homes directly on Grantland Avenue. Every other home in the area will have the additional protection of the homes and other buildings between them and the shelter. It would surprise me if the noise level, even at those two homes, was anything more than dogs in the distance. As for smell, I am routinely over at the current Fresno Humane shelter, and even as close as standing in the parking lot, there is no smell. It only becomes "doggy" over there when you're actually in the kennel area. And even then, it's not the smell of dog waste, it's just the smell of dogs. When you consider the affirmative steps the shelter planners are taking to seal and destroy waste, I can't imagine anyone outside the kennel area at the new shelter will smell anything.

It is worthwhile noting that these were the same concerns expressed when the Fresno Bully Rescue shelter plan was being considered. I'd invite you to search the County's records for complaints about those issues since the shelter opened. It is my understanding complaints have been few, or none.

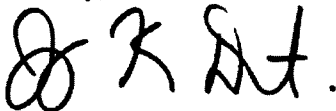

As for traffic in the area, I understand it's becoming a real problem for residents in the area, especially considering new housing and the elementary school located just southwest of the project. However, the studies produced by the County negate the concern that this shelter will add significantly to the problem. The shelter's hours will be limited to avoid adding vehicles during busy hours. Furthermore, an animal shelter isn't a shopping mall: They don't ever have a huge amount of vehicular traffic. The current parking area at Fresno Humane has only a dozen parking spaces, and they are rarely full. Though we would hope for an increase in visitors at the new shelter, I can't believe it's going to increase enough to lead to traffic jams.

The members of the Planning Commission who voted against the rezoning expressed concerns that the location isn't right for a shelter. They spoke of it needing to be more rural, further out of town, not in an area that's zoned residential. Simply stated, they were wrong. The shelter needs to be where people can find it. It needs to be right where the people are, so as to increase awareness and improve the dogs' chances of finding their forever homes. Fresno Humane puts available cats at local PetSmart stores right in the middle of everything, so their chances of being adopted improve. They can't do the same for dogs, who require much more daily care than a retail store can provide. So they need to have a place that is equally accessible and easily found. Putting our homeless animals out of sight puts them out of mind. If we hide our stray animal population, say behind a condemned morgue, it is far easier to ignore them, pretend the problem doesn't exist. For the sake of the animals, and to keep us humans from forgetting their plight, the shelter needs to be front and center.

The bottom line is that Fresno Humane is responsible for the care and control of stray animals in our County, of which there are far too many. The County has seen fit not to provide a decent shelter for those animals awaiting rescue and adoption, leaving it to the non-profit to figure out. Fresno Humane has received this generous donation of land in a place that is well-suited to an animal shelter, and are ready to raise the funds necessary to build it. To deny them the opportunity to make use of this land and to greatly improve the lives of the animals who depend on us because of unfounded fears about noise, smell, and traffic would be unconscionable.

I look forward to hearing the Board approved this zoning amendment.

Sincerely,

A handwritten signature in black ink, appearing to read "Joy K. Dockter". The signature is stylized with large, bold letters and a prominent initial "J".

Subject: Rezone request for animal shelter

Good morning Supervisors,

I have looked at a lot of documents that have to do with this rezoning of apn # 504-081-025/03S that you have seen as well I assume. The 55 page document was one sided at best as it was "no impact" or "little impact" and yet it never once mentioned anything about what the immediate neighbors thought about it? Mr. Ridenour posted a notice in the Fresno Business Journal per the requirements of this type of transaction. In the real world, the neighbors in West Herndon Acres do not subscribe nor check listings in that publication. Yes, I asked my neighbors on Menlo, Annapolis, Tenaya, Sample, Garfield, Bullard and Tisha. He did what was required but that requirement is old and needs updating. The "300 foot rule" for notifying of a change in zoning is ludicrous when dealing with acreage lots. My lot is 440 feet wide. He could have been next door to me and I would not have been notified as I still have not by him or FHAS.

The plans went into plan check at the County in June. The planning commission did not hear the case officially until July. That's seems strange to me as the plans were drawn site specific. By the way, I received a full set on 9/10/18 to bid on so I am accurate on my timelines. As a contractor in Fresno for almost 30 years, I think Mr. Ridenour followed the criteria, but he used the system to work in his favor. I have researched Mr. Ridenour and this is his typical MO for his mini storages. He tends to change the zoning frequently and recently even started litigation towards the city of Visalia for not using eminent domain on a homeowner that interfered with his mini storage. Nice guy huh?

Mr. Ridenour called me after the supervisor meeting on 9/11 and told me it is going to happen and I need to accept it. I took issue with that as I was assured by your office you have not decided, yet I feel that once he was directed to speak to the immediate homeowners impacted by his philanthropic gift, he took it as he needed to check the box and he is on his way. That once he had his "meeting", the supervisors would give him the green light. He could not be more wrong from myself and my neighborhoods stand point.

I have fought off 4 previous zone changes to keep our neighborhood just that, a neighborhood of homes. To be able to go to my home after fighting traffic, dealing with problems at work or school and not having to worry about what other rural residential land owner wants to flip their land because M-1 land is worth considerably more than RR. We have enough to deal with as the 76 station thinks it's a truck stop and it seems everyone in Fresno wants to go through the 99/ Herndon overpass.

When Mr. Ridenour was questioned by Supervisor Mendes if he had considered any other site, he responded no. That is because plans are drawn site specific so he will do whatever it takes to get his zoning changed. Animal shelters are classified to be in a commercial/industrial zoning for a reason. Homes are not built in a commercial zoning for similar reasons.

There are a lot of city residents who are praising this project when in fact, it's not a city issue. Although these citizens live close by, they are not your constituents. We are. If it was annexed into the city, my voice would fall on deaf ears. It's not in the city. No one knows for sure if and when it will get annexed in. As I stated before, the city has asked me to join

in when the land gets developed behind my house off of Parkway and Menlo. That was fourteen years ago and they made it sound like it was happening immediately.

I am in Texas right now and drove around to the different cities to see where there animal shelters were. They were ALL located in commercial/industrial areas. In California, I have built and seen dozens and dozens of animal shelters and they are ALL in the same commercial/industrial locations. Why is it that Derrel wants to push this zoning into our neighborhood? Money and write-offs is my guess. Commercial property is more expensive and his write-off is worth more, even though he purchased the land rural residential from Gary McDonald in the late 2000's very cheap because of the economic pit fall. He knew he had to build it in commercially zoned property and after speaking to him personally, he honestly feels and so much as told me he knew what was best for our neighborhood. He truly feels the well being of these animals outweighs the need or rights of the people in our neighborhood. He is dead wrong!

In closing, I urge you, the Supervisors of Fresno County to hear the neighbors and County residents in rejecting this zoning change. A lot of support for the rezone has come from outlying residents who are NOT of this neighborhood. Please listen to the ones that are. Thank you.

Subject: Animal Shelter/ Hospital

Re: Proposed Animal Shelter/Hospital project Filed by Fresno Humane Animal Services

Initial Study Application #7359 ; General Plan Amendment Application # 552;and
Amendment
Application # 3852

Dear Board member Pacheco ,

I am writing to you to express my support for the applications that will provide the necessary land use approvals for the proposed "Animal Shelter/ Hospital" on 4 acres of land in the northwest area of the community. It is my understanding that the proposal will be coming to your Board for consideration on October 23, 2018.

My reasons for supporting this are as follows: I has been 5 long years that Fresno County has been using the parking lot of the abandon morgue for an animal control facility. Fresno Humane Animal has brought animal control into the 21st century with meager housing for our animals . This new facility will bring forth a place for animals well into the 22nd century because they will be able to better serve the community through spay ,neuter and rescue to eliminate the number of unwanted animals in our County. Although Fresno County has funds set aside to build a shelter ,it seems to not been a priority, and the offer of the land and to build this facility through the generosity of a private citizen would be like looking a gift horse in the mouth if turned down. This facility will be state of the art much like Clovis Cities Miss Winkles Center only better. Miss Winkles is in the middle of a residential area with houses to the south and west. with little to no problem of dumped strays ,noise or smell and it was built with the generous donation of a private citizen .I can understand the fear of some neighbors and the not in my neighborhood mentality as happened with the building of Fresno Bully Rescue on Belmont Avenue with little or no problems. the proof is in the building of a state of the art facility done well with the neighborhood in mind.

I implore you to vote yes on this rezone and build , for the animals, for the people of this great County that love them.

Thank you for your time,

Kathryn Sidman

Subject: Rezoning

Dear City of Fresno Board of Supervisors,

I am humbly writing to you to ask for your vote to oppose to the rezoning of my neighborhood on the October 23rd meeting. By you allowing the rezone of our neighborhood you will open the door to unwanted businesses in empty lots around us. This will have a tremendous impact in our neighborhood because there is no room for widening our streets which are already chaotic with traffic. I am concerned that emergency vehicles will not be able to go through because our main entrance, Grantland Avenue, will be stalled and not get to where the emergency is taking place due to the traffic. I have a child that I have to drive to school located only 5 miles away from my house but it takes me 25 minutes to get there. Unfortunately, there is no faster way to get there so my daughter and I have experienced road rage, fingers flipping, and honking in the mornings.

The rezoning is mainly because of the proposed animal shelter, the property and money, that Mr. Darrel Rindenour is kindly donating. I admire his giving heart and applaud it, but I believe that there is a better place where many more animals would gain. I did some research and the people who would tremendously benefit would be those in a more centrally located area. I read the article written a couple of years back where Mr. Perea had also suggested the property next to the Juvenile Center which is already owned by the County. I googled it and the area just seemed the most adequate for our City's animal shelter which could help with animal stress relief. One of you mentioned on the Sept. 11th meeting that you live next to Mrs. Winkles adoption shelter and that you don't mind living next to it but you also have to see that Mrs. Winkles is an adoption center and the proposed FHAS would be a hospital, vaccination clinic, training and adoption shelter that will be housing around 180 large and small animals, indoor and outdoor. I'm sure you would not want to have a shelter as big as this in your residential neighborhood?

I totally understand that our city is growing and that we need to rezone some areas. As a citizen of Fresno I have seen how much this city has grown. We need to make sure though that first we prepare our streets and research the demographics in the neighborhood to see adequate changes and growth. Clearly we do not need a shelter/hospital/vaccination clinic in this side of town since we have all of the above around us. I did some research and the people who would tremendously benefit would be those in the 93706 zip code.

Please look at the whole spectrum. We **do** want an animal shelter, we **do** want to help animals but **not** by affecting many residential communities.

Thank you for your time,

Alma Plascencia

FW: Proposed Re-Zone on Grantland Ave.

From: Monica <monicaslopez@comcast.net>**Sent:** Wednesday, October 10, 2018 8:54 AM**To:** District 1 <district1@fresnocountyca.gov>; District 2 <district2@fresnocountyca.gov>; District 3 <district3@fresnocountyca.gov>; District 4 <district4@fresnocountyca.gov>; District 5 <district5@fresnocountyca.gov>**Subject:** Proposed Re-Zone on Grantland Ave.

My name is Monica Lopez. My family and I moved to this area in 2006. My three daughters attend Central Unified School District. One is a sophomore at East campus and my two younger ones attend Herndon Barstow Elementary. We live less than a mile away from HB so we have to walk or drive to school for drop off and pick up. There are plenty of children walking with parents and a lot walk alone.

I'm writing you to plead you to consider a major issue that will impact the safety of everyone at Herndon Barstow Elementary and our neighborhood. I'm a resident and a concerned parent. When the issue impacts my loved ones directly, my stand comes in the form of speaking out and be their voice and to protect them.

The issue at stake is the proposed rezone of the property across from Herndon Barstow Elementary on Grantland Ave.

Our concerns as parents of students that attend HB and a family living less than a mile away from the proposed location, of course is the increased number of people coming and going to and from this facility. No one has control of who comes and goes. This type of business is one that will open doors for people who have been court ordered to do community service. Which means there will be people with possible criminal backgrounds that will have access to our children. This will bring random people to roam around our residential area that would otherwise never have a reason to visit. The vandalism to our school and neighborhood will definitely increase as people will see another easy access area to vandalize because we are on a secluded area away from the city and there is not much around to help in keeping those people away.

This will also increase the animals being abandoned at random hours of the day before the facility is able to pick up a confined animal. Also, if they are able to because they will be county and depending on what side of the street it's on, they will be able to pick it up or not. Which means we would otherwise have to contact the city. These animals may or may not be healthy and tamed.

In addition, the added traffic to our already congested traffic on Grantland Ave. I invite you to come out to our school 8-830am, 1-2pm, 245-330pm and during home games or school assemblies. The amount of people flying through, walking where there is no cross walk, parking on the loading and unloading zones causing double parking and children almost being injured by cars that don't see them or pay no attention, the obstruction of access to and from school for buses or emergency vehicles. This is a horrible situation and an accident waiting to happen. I've seen it myself, I've been part of this for years and always pray that our school/city doesn't end up in a law suit.

If I may suggest, the proposed shelter/hospital would suit its purpose and make a major breakthrough if it was near our West campus on Dickenson Ave to go hand and hand with the ROP Med program the school already offers. This would give students another career option to consider and get them started as a veterinarian. That

would be amazing for our district and city. Fresno Unified already has magnet schools. It's time we put Central on the list.

The rezoning is not just about supporting the animals, it's about much more than that. We, myself and many other neighbors, support the shelter/hospital. However, we ask for a different location. Not by our school.

Thank you for your time and consideration.

Hi Brian,

I just left the community meeting that you attended as well. I know you know that opposition is always the loudest. But let me speak for my neighbors and I who live in the Granvilles that back up to the proposed site when I say that we support it. There is support for this project. Period. We're just not as loud. I know you're stuck between a rock and a hard place but the "not in my backyard" mentality is not what this community, much less city should be based on. The argument of traffic is ridiculous. It's only bad twice a day. The argument that the school isn't safe is nuts. Shelters are lockdown facilities. I could go on but I'm pretty sure I don't need to. Please vote in favor of Fresno Humane. It's time we start thinking about something more important than our commute time to work.

And thank you for your time tonight. It's very appreciated.

Subject: Fresno humane shelter

Hi my name is Lisa Alvarado i have resided most of my life at 9833 W Barstow 93723 i am currently not at that address since our water well went dry. But do plan on moving back when we fix our water problem. Currently im in 93722.

I lived most of my life in that area n went to herndon barstow school from 89-99 we use to even have a dog on campus his name was lobo for herndon barstow lobos. As children it helped us learn to respect dogs we were instructed to leave him be unless he came up to you you could pet him it showed us how to always make sure he had nourishment it was a great experience just like the shelter being close would provide kids w education of spaying neutering n how to care for pets. Lots of dogs were dumped near school and were i grew up on barstow/dickensen every dog we ever found that was injured or found dumped my parents couldnt find its home or rehome themselves went to spca n this is dozens of pets in my whole lifetime were all killed by spca none were giving new homes or rescued or given medical care. This is before FH was around. They had no chance this was before i ever realized what was going on since i was a child through being a young adult. Now with FH around they have saved every dog ive found in the county they were given back to owners, sent to a rescue or adopted thats 100% success rate from my personal experience.

They deserve this new shelter n that area is perfect for them. I know residents have concern for property values, noise, traffic. Their hours of operation are not a factor since they do not open til 10. The traffic has been a problem since too many housing developments were placed in a rural country area with small country roads. So the traffic will always be a problem due to the size of the housing developments. Fresno humane has given a positive view on shelters in Fresno since they have opened and continue to be a positive factor in our community. We should not turn down a generous donor who is trying to help our city contribute to a great beneficial shelter in our community. The location is great for the central valley close to 99.

Sincerely
Lisa Alvarado

Subject: Fresno Humane Rezone

Good morning,

I am writing to show my support for the rezoning of the property for the new much needed home of Fresno Humane animal shelter.

They have done such an amazing job in the last few years in all aspects of animal control and show a better way to care for the animals in our community.

Please approve the rezone so they can proceed with the new shelter.

Thank you,

Kathy Tuck

Subject: Support for the Rezone/Fresno Humane Shelter proposed location

Councilmember Gary Bredefeld,

I am located in District 6. My property address is 2249 E. Powers Ave, Fresno CA 93720.

I am sending this message to you to show my Support for the new Fresno Humane Animal Shelter location at Grantland / Highway 99 area.

I am elated that Derrel & Kim Ridenhour have generously donated acres for this purpose.

I have grown up in Fresno my entire life and I would love nothing more than to have an animal shelter in town that is much closer and accessible. Where the CCSPCA and Fresno Humane are currently located is not a reasonable location in my opinion. I can assure you that many District 6 representatives and others prefer to never have to go in that area of town and it is detrimental to the animals housed there.

Overpopulation has always been an issue in the Central Valley and frankly, the statistics are ridiculous. To me, it seems like a no brainer to allow this state of the art shelter to be built. I am also thrilled to know that a majority of the cost is donated and not out of tax payers pockets.

Being a Realtor, I do understand the opposition's concerns. In my personal opinion, I do not believe this state of the art facility will devalue the surrounding properties. Animal Friendly communities have become so popular in this day and age and it only makes sense to continue with the progression. I personally think this type of state of the art shelter is a blessing to the community and I would even vote to have it located in District 6 if that were an option. It will be a lovely option for young students to volunteer, and the life saving impact it will have is invaluable.

While I have lived in Fresno my entire life, my office is located in Clovis. Miss Winkles is a perfect example of having a state of the art facility located in town. It is beautiful, clean, welcoming and most importantly, easily accessible.

It is my sincere hope that this state of the art facility is allowed to be built. I have met some of the people currently running Fresno Humane and their dedication to saving animals in this community is inspiring.

Thank you,

Tiler Haley

From: Cathy Gilles <csgil1978@gmail.com>**Sent:** Thursday, October 11, 2018 11:39 AM**To:** District 1 <district1@fresnocountyca.gov>**Subject:** Fresno Humane Animal Shelter

Mr Brian Pacheco,

I am writing in support of Fresno Human Animal Shelter. I am asking you to please support their effort, with the generosity of Mr and Mrs Ridenour, to build their new state-of-the-art animal shelter. Please support something we can all be proud of and make a difference in the life of our many animals that deserve a new shelter and, someday, a new family to love them.

To the small number of neighboring residents who say "not in my neighborhood", I would offer that the future always brings change that we cannot dictate to our own personal convenience or preference. And so many times the project coming into our neighborhood that we were against has actually become a benefit. I know this from personal experience regarding the Clovis Water Reuse Facility.

I am asking you to take into account that the quality of the proposed shelter will be top notch while at no cost to Fresno County.

Thank you for your time,

Cathy Gilles

Subject: Fresno Humane: Rezone

Subject: Fresno Humane: Rezone

To Whom It May Concern,

I am writing this email in an effort to advocate for all of the lost pets in Fresno County. I travel daily for my job and it is heartbreaking to witness countless stray pets on the streets. I have personally witnessed many dogs and cats being run over on my daily commute. Many animals could be saved by allowing Fresno Humane Animal Services to rezone. They will be able to save many more animals which could in return improve the streets of Fresno County. I believe in the city of Fresno and hope that you will all consider giving Fresno Humane a rezone. Together we can move mountains.

Best regards,
Yvette Mendez

To: Clerk/BOS
Subject: Fresno County animal shelter

BOS Clerk:

I think we can all agree that the abysmal animal care services that have carried on over the past 50 plus years in the Central Valley is horrendous. While I applaud Fresno County for breaking ties with the CCSPCA and three years ago awarding the contract to FHAS, you still owe it to the citizens of Fresno County to work on fixing this situation. While you now have an agency (FHAS) that has done more for the County of Fresno's animals then has been done for decades, the County has done nothing in past 6 years to move their animal services out of the parking lot of the condemned morgue. ***Let me say that again, the parking lot of the condemned morgue. Frankly, the County's failure to rectify this situation in six years is inexcusable.***

I am writing in support of the new proposed animal shelter at the location of Grantland/Hwy 99. I have attended all BOS board meetings and the community meeting on October 10th regarding the rezoning application that has been submitted for this location to house the new animal shelter. Without a doubt, the County of Fresno needs allow the rezoning of this parcel of land and to graciously accept the generous gift being offered to it. As with most things, you will never be able to please everyone - in this case though, the positives of this action easily outweighs the negatives.

As I sat through the last Board meeting and heard the Board's excitement about the new digital advertisement installed at the state capital building in Sacramento promoting the County of Fresno, I wondered what impression it would make with a picture of YOUR current facility of animals living in makeshift cages in the dilapidated parking lot of the condemned morgue. What a great opportunity you have been given to change the perception of Fresno County - don't let this slip through the County's fingers. You owe your residents more, and we all owe it to the animals in Fresno County to have a safe, healthy, humane facility to live in while finding their new homes.

Thank you,

Subject: Fresno Humane Services

Dear Board of Supervisors,

I have been following the story of Fresno Humane Services from the very beginning.

I remember reading Brenda's post on Facebook. The first day Brenda Mitchell drove down the mortuary driveway towards the dogs.

"Here we go".

What a nightmare this woman faced.

The transformation from tragedy to hope and life-saving is nothing short of a Miracle. A Miracle that Brenda and her staff made happen.

Sadly, there have been abductions. The most recent was a puppy. The other was a bulldog in need of medication. Sitting on the parking lot of the condemned morgue is not secure.

Please continue to help them achieve the goal of having a proper shelter for the animals. Help them to have comfort and shelter from the elements. Help them accept the property that was so generously donated. Fresno Humane Services will be the best thing that happens to this area. Good people. Good neighbors.

A shining star for Fresno!

Please chose Fresno Humane Services to lead the way.

Please continue to help them on their way.

This is the right thing to do.

Sincerely,

Tobey Bonaker R.N.

Good afternoon,

As a lifelong Fresno resident, I am writing to you to voice my whole hearted support for the rezoning of the property for the new County shelter, so generously donated by the Ridenours. I hope you will vote to rezone, and allow Fresno Humane to continue the truly amazing work they do every single day for the animals and residents of Fresno County. This shelter will be a positive addition to our community, and Fresno desperately needs it NOW!

Sincerely,
Liz Elwell

Dear supervisor Pacheco

I urge you to please vote to rezone property that has been donated by Darrel Ridenour for a new animal shelter to house Fresno Humane services. They do such a phenomenal job to save animals from horrible outcomes. The animals deserve a better Place to live while they wait for a home. Thank you sir for your consideration in this matter.

Sincerely

Linda Lee

Subject: FHAS Rezone Vote

Mr. Pacheco,

I am a resident of District 1 near the proposed land rezone for Fresno Humane Animal Services. I have heard the facts and multitude of opinions on both sides and I wholeheartedly support the rezone. In my opinion all legitimate questions and fears were addressed through the various meetings that have been held on this topic. I believe the shelter and the community can coexist with benefit and not detriment on both sides. A member of the community willing to give a gift of this magnitude is unheard of and it's time for the county to accept this gift. Vote YES on the rezoning application. Breaking away from the CCSPCA was the first step in helping Fresno County's animals and this is the next. Our companion animals and our community deserve better. IT'S TIME TO VOTE YES!

Thank you,

Fallon Pratt

To: District 1 <district1@fresnocountyca.gov>

Subject: Proposed Site for County Animal Control Services, your approval please

Hello Mr. Pacheco,

I am writing you as a County Supervisor of the proposed site for the new animal control services facility and I am urging you to vote in favor of the proposed site for the new animal control services facility near Herndon / Grantland / 99. The current site on Nielsen Avenue is an embarrassing and disgraceful disservice to the State's most vulnerable animals in need of protection and shelter. This abandoned parking lot outside of a condemn morgue was supposed to be a 90 day temporary site and now a private citizen has had to step in to do what county government has failed to do what was promised, build a new facility fitting for the region.

Quite honestly, the County of Fresno is receiving the benefit of private enterprise in Mr. Ridenhour's generous offer to make good on the County Board of Supervisors promise 6 years ago to County residents and taxpayers, such as myself. The opposing testimony at the Board of Supervisors meeting on September 11th, offered no facts of negative impact only "what-ifs" were mentioned by every speaker in opposition. The pro speakers offered true black and white facts on how the immediate area is positively impacted by facilities such as Fresno Bully Rescue, Valley Animal Center and well as the current location for FHAS.

Commitments were made to taxpayers and the animals of the county and those commitments have yet to be fulfilled, a yes vote on the new site will move to finally make good on your commitment made 6 years ago. Please vote yes at the October 23rd Board of Supervisors meeting.

To: Clerk/BOS
Subject: Fwd: Fresno County animal shelter

BOS Clerk:

I think we can all agree that the abysmal animal care services that have carried on over the past 50 plus years in the Central Valley is horrendous. While I applaud Fresno County for breaking ties with the CCSPCA and three years ago awarding the contract to FHAS, you still owe it to the citizens of Fresno County to work on fixing this situation. While you now have an agency (FHAS) that has done more for the County of Fresno's animals than has been done for decades, the County has done nothing in past 6 years to move their animal services out of the parking lot of the condemned morgue. ***Let me say that again, the parking lot of the condemned morgue. Frankly, the County's failure to rectify this situation in six years is inexcusable.***

I am writing in support of the new proposed animal shelter at the location of Grantland/Hwy 99. I have attended all BOS board meetings and the community meeting on October 10th regarding the rezoning application that has been submitted for this location to house the new animal shelter. Without a doubt, the County of Fresno needs allow the rezoning of this parcel of land and to graciously accept the generous gift being offered to it. As with most things, you will never be able to please everyone - in this case though, the positives of this action easily outweighs the negatives.

As I sat through the last Board meeting and heard the Board's excitement about the new digital advertisement installed at the state capital building in Sacramento promoting the County of Fresno, I wondered what impression it would make with a picture of YOUR current facility of animals living in makeshift cages in the dilapidated parking lot of the condemned morgue. What a great opportunity you have been given to change the perception of Fresno County - don't let this slip through the County's fingers. You owe your residents more, and we all owe it to the animals in Fresno County to have a safe, healthy, humane facility to live in while finding their new homes.

Thank you,

Subject: Rezone

Hello, my name is Kiranjeet Sekhon and my address is 6723 W Morris Ave, 93723. We just heard a few days ago that there is a project regarding an animal shelter that is to be built less than half a mile from our neighborhood. When talking to my neighbors, I was shocked to hear that no one knows about the project and the fact that this is being built so close to a residential area. The residents of our neighborhood are in opposition of this project, due to many reasons, but especially because of the school. Herndon Barstow Elementary School is right in front of the location where the animal shelter is going to be built. The dangers that the animal shelter poses to the children of this school are something that many people are ignoring because they are for this project. I fear that this project is regarding personal gain for people that are not in opposition of this project. My concerns are due to the fact that, checking the statistics, that the majority of the people for this project live in Clovis. They are nowhere near the animal shelter's location, and the rest of the people for this project don't live near this area at all. All that I ask, on the behalf of my neighbors as well, that the animal shelter not be built in this location. We will support the building of this animal shelter if it's at another location. Derrel's Storage has many other sights where the animal shelter can be built.

Thank you for your time, and I hope you regard these concerns seriously.

FW: Re. Board Meeting on 10/23/18 involving Fresno Humane Animal Services Proposal for New Shelter

From: Lynn Kelly <llekelly@aol.com>

Sent: Sunday, October 14, 2018 2:59 PM

To: District 1 <district1@fresnocountyca.gov>

Subject: Re. Board Meeting on 10/23/18 involving Fresno Humane Animal Services Proposal for New Shelter

Mr. Brian Pacheco-

Please vote Yes to rezone the area which could allow Fresno Humane Animal Services to build a state of the art animal shelter and adoption center which could benefit all of the residents and animals of Fresno County. Mr. Derrel Ridenour is generously donating his funds and land so that this facility can be built. Rather than being a detriment to the neighborhood, it will be an asset.

Unfortunately Fresno has a high euthanasia rate related to the lack of spaying and neutering animals . Since Fresno Humane Animal Services has been operating, they have significantly reduced the euthanasia rate by promoting adoptions and low cost spaying and neutering.

It is inhumane for abandoned and neglected animals to remain at the current site of Fresno Humane Animal Services which is the old county morgue where dogs are exposed to the elements.

Please allow the residents and animals of Fresno County to have this wonderful facility which is so generously supported By Mr. Ridenour. In voting on 10/23/18 please allow this facility to proceed. Please vote yes with the rezoning.

Sincerely,

Lynn Kelly

Subject: Animal Shelter

Hello! My name is Dalbir Sekhon and my address is 6723 W Morris Ave, 93723. I'm a mother of two kids, and they both went to Herndon Barstow Elementary School. Now a new generation of kids study there, but there is project regarding an animal shelter to be built right in front of the school. The danger that this poses to the kids there is serious. I am not against the animal shelter because these animals need care too. I am opposed to the location of it, however. The kids need to be able to learn in a safe environment and I have concerns that the animal shelter will collide with that need. The traffic is also another problem that needs to be addressed. There is only a single road and with the arrival of an animal shelter, this problem will escalate. I'm just shocked because I believe that Central Unified is a district which supports the belief that children should get the best education possible. With the arrival of an animal shelter, I fear that these kids will not be granted that opportunity. I hope that you take these concerns seriously.

Thank you, and I hope you have a great day!

Subject: Grantland Shelter Project, Neighborhood Meeting Attendance/Surveys

Supervisor Pacheco,

Thank you for attending the neighborhood meeting to discuss the proposed animal shelter project on October 10th at the Dante Club. Attached to this email are the sign-in sheet and all surveys that were returned to us. A total of 154 people signed in, but there were quite a few people who declined to list themselves. Actual attendance was probably closer to 200. Only 38 surveys were turned in at the end of the night. Of those, 13 expressed concerns with the project--all live less than a mile from the project site. One survey was neutral. 25 surveys expressed support for the shelter project--12 of those live within a mile of the site. Eight people requested follow-up calls. I reached out to them today and had some good conversations. Going forward, I now have a better understanding of the neighbor's concerns and how we might address them should the rezone be approved.

Please let me know if I can be of any further assistance!

NEIGHBORHOOD MEETING
OCTOBER 10TH**

Your Name: Dena Curtis

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

I oppose the rezone first and foremost. Too much traffic already and insufficient roads to support it. There is an elementary school too close for comfort. There are far more appropriate places for a shelter elsewhere. When we purchased our homes in this area we did so under the knowledge that a mini storage would be placed there, not a shelter. Re zoning is a slippery slope and decreases property value nearby.

Anything else you'd like us to know:

we NEVER received a notice regarding the first few meetings in May/June or September! Very upset that huge changes are being made without so much as a notice! The City/County keeps passing out permits for buildings but important infrastructure, roads etc take a backseat. We're still waiting on Veteran's Blvd. and over/under passes at Shaw and Herndon.

Is there any further information you'd like from Fresno Humane or the project manager?

GRANTLAND SHELTER PROJECT
NEIGHBORHOOD MEETING
OCTOBER 10TH

Your Name: Cindy Paolercio

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

NONE

Anything else you'd like us to know:

Is there any further information you'd like from Fresno Humane or the project manager?

☐

Check here if you'd like a follow-up call. Contact #: _____

*Please leave your comments with us tonight so we can hear
from each and every person in attendance! Thank you!!*

GRANTLAND SHELTER PROJECT
NEIGHBORHOOD MEETING
OCTOBER 10TH

Your Name: Jamie Bushey

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

How soon can this
building be done !!!
♡♡♡

Anything else you'd like us to know:

I highly support this new building
The Fresno Humane Animal Shelter
has done such much for Valley animals w/ such
a limited space, in such a short time! Imagine
what a bigger, new building can do for our
animals in need of a home!!!

Is there any further information you'd like from Fresno Humane or the project manager?

FHAS is an amazing ^{place} shelter!
The people that make this place more than a shelter
have determination, compassion and love for
animals like no other shelter. We need
them to continue to grow... our valley

☐ Check here if you'd like a follow-up call. Contact #: _____ Animals

Please leave your comments with us tonight so we can hear
from each and every person in attendance! Thank you!!

Need
them!!

GRANTLAND SHELTER PROJECT
NEIGHBORHOOD MEETING
OCTOBER 10TH

Your Name:

Laura Rodriguez

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

0

Anything else you'd like us to know:

I have adopted from FHAS and they
are wonderful and decreased euthanization
tremendously.

Is there any further information you'd like from Fresno Humane or the project manager?

I work in a building owned by Fresno County
(mental health crisis) No repairs are ever
in their budget i.e. A/C system, fumigation,
remodeled Bathroom. Please accept this generous
gift. Fresno will never build it on their own.

Check here if you'd like a follow-up call. Contact #:

559 270 7677

Please leave your comments with us tonight so we can hear
from each and every person in attendance! Thank you!!

from each and every person in attendance! Thank you!!*

GRANTLAND SHELTER PROJECT
NEIGHBORHOOD MEETING
OCTOBER 10TH

Your Name: Jennifer Quinn-Yovino

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

That we'll be selfish and short sighted and perhaps miss this INCREDIBLE opportunity for our Community. Never before have we had the compassionate leadership AND the offer of land and help to develop it. If we let this slip through our fingers — SHAME ON US.

Anything else you'd like us to know:

Is there any further information you'd like from Fresno Humane or the project manager?

Thank you FHAS for all yards. I'm sorry that people are selfish @\$\$#@!#

☐

Check here if you'd like a follow-up call. Contact #: _____

Please leave your comments with us tonight so we can hear from each and every person in attendance! Thank you!!

Your Name: Melissa Mullen

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

I do not have issues with
this project

Anything else you'd like us to know:

Is there any further information you'd like from Fresno Humane or the project manager?

☐

Check here if you'd like a follow-up call. Contact #: _____

*Please leave your comments with us tonight so we can hear
from each and every person in attendance! Thank you!!*

GRANTLAND SHELTER PROJECT
NEIGHBORHOOD MEETING
OCTOBER 10TH

Your Name: Judith Scott

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

my concern is that animals in Fresno
County need a facility that
resembles that of a shelter, not
a condemned margin parking lot.

Anything else you'd like us to know:

It is not the fault of the animals
that they are overpopulated & abandoned.
They have loving people at Fresno
Humane who are prepared to take on
this problem, but they need a facility
to do so.

Is there any further information you'd like from Fresno Humane or the project manager?

No. I understand the issue fully.

☐

Check here if you'd like a follow-up call. Contact #: _____

Please leave your comments with us tonight so we can hear
from each and every person in attendance! Thank you!!

GRANTLAND SHELTER PROJECT
NEIGHBORHOOD MEETING
OCTOBER 10TH

OCTOBER 10TH

Your Name: DENNIS LANE

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

Anything else you'd like us to know:

100% percent in favor of
the shelter at this location

Is there any further information you'd like from Fresno Humane or the project manager?

☐

Check here if you'd like a follow-up call. Contact #: 559-323-1444

*Please leave your comments with us tonight so we can hear
from each and every person in attendance! Thank you!!*

**GRANTLAND SHELTER PROJECT
NEIGHBORHOOD MEETING
OCTOBER 10TH**

Your Name: LeAnna Palumbo

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

I have NO negative concerns. In fact I think
this facility will be amazing and well run.
It will be a positive step in the right
direction serving the community and
addressing the problem (serious) of pet
overpopulation.

Anything else you'd like us to know:

Is there any further information you'd like from Fresno Humane or the project manager?

☐

Check here if you'd like a follow-up call. Contact #: _____

*Please leave your comments with us tonight so we can hear
from each and every person in attendance! Thank you!!*

Subject: Yes! - Out of Control

Dear Supervisor Pacheco,

Look, it's heated, it's irrational, and pretty much crazy right now. The comments on your Facebook page are out of control. I am completely for rezoning and going forward with building this shelter. I was there, in that morgue parking lot at 4pm on September 30, 2015. We were there all night treating dogs, getting them to rescue, and even taking a few home that had been missing a few months. Liberty had not scanned them for their microchips. The staff has not stopped saving animals since that night. You know they have made an impact on this community.

I cannot even address the opposition's arguments because 80% of them are not valid. I am sorry, but I cannot validate "washing our dogs with pesticides will hurt the kids at the school." Where did she get that from? Who washes dogs with pesticides? Why is this shelter going to ruin their kids' futures?

Please be on the right side of history. Please do not be the one or one of the ones we talk about years from now as the supervisor who voted "no." We need your vote. Fresno Humane will not let you down!

Please vote yes to rezone.

Regards,
Tish Turman

To: District 1 <district1@fresnocountyca.gov>

Subject: Rezone for Fresno Humane Animal Services

Mr. Brian Pacheco, Fresno County Supervisor for District 1

Dear Supervisor Pacheco,

I am writing to you to voice my support for the rezoning of the property being donated by Mr. & Mrs. Derrell Ridenour for the construction of the new Fresno Humane Animal Services facility.

The neighbors that disagree with the rezoning have mentioned concerns such as, noise, smells, traffic. I truly believe that these concerns have all been heard, discussed and addressed.

The new facility is going to be such a draw for the community. We should be welcoming and grateful to the Ridenours for their generosity.

This new state of the art facility in that location, will put Fresno on the map for what the future of animal control and sheltering should be.

If we want to change the mindset of Fresnoans with regard to how pets should be treated and cared for, we need a facility like this to be an example and learning environment.

I live in a County pocket in district 2 and I am so grateful that Fresno Humane is my animal control & shelter. I am SO grateful that I don't have to rely on CCSPCA.

This rezone is extremely important to me and to thousands of other Fresnoans. Please consider voting yes on the rezone.

**Thank you
Mrs Tammy Suntrapak

Subject: Fresno humane shelter

Hi my name is Lisa Alvarado i have previously lived most of my life at 9833 W Barstow 93723 i am currently not at that address since our water well went dry. But do plan on moving back when we fix our water problem. Currently im in 93722.

I lived most of my life in that area n went to herndon barstow school from 89-99 we use to even have a dog on campus his name was lobo for herndon barstow lobos. As children it helped us learn to respect dogs we were instructed to leave him be unless he came up to you you could pet him it showed us how to always make sure he had nourishment it was a great experience just like the shelter being close would provide kids w education of spaying neutering n how to care for pets. Lots of dogs were dumped near school and were i grew up on barstow/dickensen every dog we ever found that was injured or found dumped my parents couldnt find its home or rehome themselves went to spca n this is dozens of pets in my whole lifetime were all killed by spca none were giving new homes or rescued or given medical care. This is before FH was around. They had no chance this was before i ever realized what was going on since i was a child through being a young adult. Now with FH around they have saved every dog ive found in the county they were given back to owners, sent to a rescue or adopted thats 100% success rate from my personal experience.

They deserve this new shelter n that area is perfect for them. I know residents have concern for property values, noise, traffic. Their hours of operation are not a factor since they do not open til 10. The traffic has been a problem since too many housing developments were placed in a rural country area with small country roads. So the traffic will always be a problem due to the size of the housing developments. Fresno humane has given a positive view on shelters in Fresno since they have opened and continue to be a positive factor in our community. We should not turn down a generous donor who is trying to help our city contribute to a great beneficial shelter in our community. The location is great for the central valley close to 99.

Sincerely

Lisa Alvarado

Good morning,

I am writing to show my support for the rezoning of the property for the new much needed home of Fresno Humane animal shelter.

They have done such an amazing job in the last few years in all aspects of animal control and show a better way to care for the animals in our community.

Please approve the rezone so they can proceed with the new shelter.

Thank you,

Kathy Tuck

FW: Fresno Humane Animal Shelter's New Facility

From: lthildriel <janetmoroney@gmail.com>

Sent: Thursday, October 11, 2018 10:54 AM

To: District 1 <district1@fresnocountyca.gov>

Subject: Fresno Humane Animal Shelter's New Facility

Dear Mr Pacheco,

I was an animal foster for Animal Compassion Team (ACT). I also did some fostering for Fresno Humane Animal Service after they got the county contract. As a primarily kitten foster, I can tell you that when I found out that the cats and kittens were being housed in a condemned building of the morgue. Because of this volunteers are not able to enter the building so the only human contact they have are the few employees with access to the building. The last two kittens I pulled for fostering came unfortunately had to be my last. One had a horrible upper respiratory infection that caused substantial vision impairment. I had to take her to a specialist to finally get rid of the virus, it took approximately one month. The tiny kitten I brought with her had ringworm. While it is fairly easy to treat, because Frannie(the sight impaired cat) was exposed the special needs rescue in the Bay Area could no longer accept her. I did end up adopting her and the kitten myself, since their illnesses took so long to treat they became bonded to each other and our home.

The plight of the dogs in this make shift shelter needs improving, but the cats situation is really an immediate need. Only cats that are too young or sick to live on their own outside stay in the shelter environment. Volunteers need to have access to these cats and kittens to give them the socialization they need to transition to companion animals

All our valley animals need to have a safe secure place when they find themselves down on their luck. I ask that you please vote yes to rezone the donated property and allow the building of the state of the art new facility.

In addition I hope you will consider changing the city animal control contract from the spca to the experienced, proven staff of FHAS.

FW: Fresno County new animal shelter

From: Karol Fair <kfair1313@gmail.com>

Sent: Thursday, October 11, 2018 11:34 AM

To: District 1 <district1@fresnocountyca.gov>

Subject: Fresno County new animal shelter

Supervisor Pacheco:

I think we can all agree that the abysmal animal care services that have carried on over the past 50 plus years in the Central Valley is horrendous. While I applaud Fresno County for breaking ties with the CCSPCA and three years ago awarding the contract to FHAS, you still owe it to the citizens of Fresno County to work on fixing this situation. While you now have an agency (FHAS) that has done more for the County of Fresno's animals than has been done for decades, the County has done nothing in past 6 years to move their animal services out of the parking lot of the condemned morgue. ***Let me say that again, the parking lot of the condemned morgue. Frankly, the County's failure to rectify this situation in six years is inexcusable.***

I am writing in support of the new proposed animal shelter at the location of Grantland/Hwy 99. I have attended all BOS board meetings and the community meeting on October 10th regarding the rezoning application that has been submitted for this location to house the new animal shelter. Without a doubt, the County of Fresno needs allow the rezoning of this parcel of land and to graciously accept the generous gift being offered to it. As with most things, you will never be able to please everyone - in this case though, the positives of this action easily outweighs the negatives.

As I sat through the last Board meeting and heard the Board's excitement about the new digital advertisement installed at the state capital building in Sacramento promoting the County of Fresno, I wondered what impression it would make with a picture of YOUR current facility of animals living in makeshift cages in the dilapidated parking lot of the condemned morgue. What a great opportunity you have been given to change the perception of Fresno County - don't let this slip through the County's fingers. You owe your residents more, and we all owe it to the animals in Fresno County to have a safe, healthy, humane facility to live in while finding their new homes.

Thank you,

GRANTLAND SHELTER PROJECT
NEIGHBORHOOD MEETING
OCTOBER 10TH

Your Name: Diana Grigorieff

Distance from your residence to the project site (please circle one):

Less than 1/4 mile

Less than 1 mile

More than 1 mile

Primary concern with the project:

With a school across the street, what are flies
you thinking of? Don't bring fleas, ticks, rodents
rabbits, waste products, & deadly chemicals to an
area where there are ~~just~~ students. Children
are more susceptible to disease. You will bring
all of things to the most vulnerable. You
are really endangering all of us. ~~Our~~ children
are your concern.

Anything else you'd like us to know:

Go build in an area where there are no
schools, no churches, no homes. We know
what pestilence and disease the animal
hospital will bring. Go build in farm
area with no residences or schools.

Is there any further information you'd like from Fresno Humane or the project manager?

Land is cheap. Go elsewhere please.

The chemicals are dangerous to us!

Check here if you'd like a follow-up call. Contact #: 559-271-5844

Please leave your comments with us tonight so we can hear
from each and every person in attendance! Thank you!!

Traffic is impossible on Grantland during
school release times. This hospital will

increase traffic. It is hard to drive down Grantland

Subject: New Shelter for Fresno Humane !!

Regarding New Shelter for Fresno Humane : I completely support this !

We are so very lucky to have Fresno Humane Shelter. The people that work there, that run it , that volunteer at it are all AMAZING people. They Need this new shelter ! The animals deserve to have a wonderful clean safe place to be. The parking lot at the old Morgue is all they have . PLEASE vote for the shelter and lets get them started on the new place to be. Imagine What these wonderful people can do if we get them a new place !!!

FW: Rezone of Area near Herndon-Barstow Elementary School

From: Cathy Gonzales <crgonzales73@gmail.com>

Sent: Tuesday, October 16, 2018 9:53 AM

Subject: Rezone of Area near Herndon-Barstow Elementary School

Dear County Supervisors: Brian Pacheco, Andreas Borgeas, Sal Quintero,

Buddy Mendes, and Nathan Magsig

The proposed rezone site near Herndon-Barstow School is in a currently traffic constricted area and will contribute further to this problem we face daily. The traffic flow and commuters are restricted by only having two egresses over 99, W. Shaw & W. Herndon. This also directly impacts Emergency Medical Services in response to emergencies. Our infrastructure is outdated and no life-line is being thrown to the NW Fresno-District 2 residents. The approval of such an addition, namely an animal shelter, is proposed on Grantland Ave near the Hwy 99 South ramp (single lane), next to the Dante Club, next to and across the street from two churches and County residential homes, which will undoubtedly add to the current traffic congestion.

The project will effect Herndon-Barstow Elementary School in several ways:

- It will make an already horrendous traffic situation worse.
- I personally pick up my grandkids at Herndon-Barstow. For the past two years, I witnessed bottleneck traffic continuously through the area near the school as well as people driving way over the speed limit. Just the other day, CHP stopped a woman who was barreling through the area at 55 MPH when school was letting out. This is an ongoing issue in the school zone area and on leaving or approaching this area.

- Because people oftentimes drop off their unwanted pets at animal shelters after hours, the location of the project adjacent to a school raises serious safety concerns.

I encourage you cast a NO vote on rezoning the aforementioned issue for the safety and well-being of the students at Herndon-Barstow.
