Memorandum of Understanding (MOU) between Providers and the County of Fresno Regarding

Provision of Medical Prophylaxis in a Closed Point of Dispensing (CPOD)

Definitions:

- Point of Dispensing (POD): A mass dispensing site that is capable of providing prophylactic medications to protect the population from biological threats. Prophylactic medications are dispensed to persons who may have been exposed to a pathogen, but who do not display symptoms. Routine medical care is not provided in a POD.
- 2. Closed POD (CPOD): A CPOD that is operated by a government agency, non-profit organization, private business or other entity for its own members, employees, clients, contractors and their respective family members, etc., and is not open to the general public.
- 3. Strategic National Stockpile (SNS): A national repository of medicines and medical supplies designed to supplement and re-supply state and local public health agencies in the event of a national emergency anywhere and at anytime within the U.S. or its territories.
- 4. Provider: Organization serving as a CPOD.
- Prophylaxis: A measure taken to maintain health and prevent the spread of disease. For the purposes of this MOU, prophylaxis are prophylactic medications provided by COUNTY for dispensing at a CPOD.
- 6. Provider Population: PROVIDER'S members, employees, contractors and clients associated with PROVIDER'S facility/facilities located within Fresno County.
- 7. PREP Act: The Public Readiness and Emergency Preparation Act
- 8. PREP Declaration: A Declaration issued by the U.S. Secretary of Health and Human Services that authorizes the release of medications from the SNS for distribution, and provides immunity, except in the case of willful misconduct, from legal liability to persons and entities involved in the distribution, administration, and dispensing of SNS medications.

I. Purpose

This Memorandum of Understanding (MOU) is made and entered into by and between the County of Fresno, a political subdivision of the State of California, hereinafter referred to as "COUNTY", and its CPOD partners, hereinafter referred to singularly as "PROVIDER" and identified more particularly in Exhibit A, attached hereto and by reference incorporated herein, as it relates to the deployment and dispensing of prophylactic medications and medical supplies made available from the Centers for Disease Control and Prevention's (CDC) Strategic National Stockpile (SNS), through the California Department of Public Health (CDPH), or prophylactic medications and medical supplies already within the control of CDPH.

WHEREAS, the COUNTY's Department of Public Health intends to utilize this MOU only in the event of a duly proclaimed State of Emergency or Local Emergency as defined in Government Code §8558(b) & (c) where distribution of medical prophylaxis has been determined to be an appropriate response to a particular public health emergency; a duly declared Local Health Emergency as defined in

Health and Safety Code §101080; and/or a PREP Declaration has been issued by the U.S. Secretary of Health and Human Services; and

WHEREAS, the COUNTY's Department of Public Health will receive prophylactic medications and/or medical supplies following a particular public health emergency from the CDC SNS and/or directly from CDPH; and,

WHEREAS, the COUNTY's Department of Public Health will provide resources, which include medications and medical supplies, to the PROVIDER in the County of Fresno, CA; and,

WHEREAS, the COUNTY intends to transfer a pre-determined quantity of the aforementioned medication and/or medical supplies to the PROVIDER, as needed, to respond to a particular public health emergency, in accordance with the COUNTY Department of Public Health policies and procedures and PROVIDER Mass Prophylaxis Dispensing Plan; and,

WHEREAS, the PROVIDER will use the medical prophylaxis for internal distribution to its members, employees, contractors, and their family members, as part of the activation of the CPOD; and,

WHEREAS, the COUNTY wishes to join forces with the PROVIDER to enhance its ability to respond to a catastrophic biological incident or other public health emergency requiring mass dispensing of medications and/or medical supplies.

NOW THEREFORE, the parties understand and mutually agree to the extent possible, with consideration to available resources, current federal, state, and local laws, PROVIDER policies, regulations, and procedures, to provide assistance in accordance with the provisions of this Agreement.

II. <u>Liability</u>

Under the Public Readiness and Emergency Preparedness (PREP) Act, the Secretary of Health and Human Services is authorized to issue a PREP Declaration in the event of a public health emergency which requires the manufacture, distribution, and dispensing of certain medical countermeasures (MCM). Among the provisions of a PREP Declaration is authorization for the distribution of MCM from the Strategic National Stockpile (SNS) to local agencies for dispensing to the public. Under the PREP Act, persons and organizations involved in the distribution and dispensing of medications pursuant to PREP Declaration, such as those contemplated by this MOU, are given immunity from liability for claims of loss caused by or arising from their actions, except in the case of willful misconduct. As used in the PREP Act, loss includes death, or physical or emotional injury.

It is understood that none of the parties to this agreement waive any of their sovereign or statutory immunities that are otherwise available under United States or California law, or provide any liability protections or indemnification to one another under this agreement.

III. Scope

For planning purposes, it is assumed the PROVIDER will disclose to COUNTY the number of its members, employees, clients and/or contractors affiliated with the PROVIDER. The PROVIDER population will be calculated by taking that number and multiplying by 5 to give a reasonably accurate provider population number which now includes family members.

IV. Responsibilities

A. COUNTY

Planning

- 1. **COUNTY** will supply draft protocols and supporting documents for planning, activation, pickup/delivery, and dispensing operations to support the development of the PROVIDER response plans.
- 2. **COUNTY** will meet with the PROVIDER to review prophylactic medication receipt and dispensing plans.
- 3. **COUNTY** will notify the PROVIDER of any state or Federal planning changes that would affect developed plans.
- 4. **COUNTY** will participate in mass dispensing drills and exercises as requested by the PROVIDER, as deemed feasible by COUNTY.

Activation and Operation

- 1. **COUNTY** will coordinate the request and receipt of SNS prophylactic medications from the CDC.
- COUNTY will notify the PROVIDER of the decision to provide medical prophylaxis to an exposed population. COUNTY will request confirmation of current PROVIDER population, designated receiving agent, and pickup/delivery location.
- 3. **COUNTY** will determine the apportionment based on: current and expected supply levels, pre-defined or updated PROVIDER population numbers, and the prevailing epidemiology and medical directives as prescribed by the COUNTY Health Officer.
- COUNTY will provide any updated scenario information and coordinate pickup/delivery of medications and supporting information and forms to the designated PROVIDER location as identified on Exhibit A, Provider Information Sheet.

Recovery

COUNTY will coordinate with the PROVIDER for pickup/delivery of remaining materials.

B. PROVIDER

Planning

1. The PROVIDER will provide the COUNTY with the population estimates at the time of execution and at least annually thereafter.

- 2. The PROVIDER will plan for a safe and efficient method to pick up medical prophylaxis materials from a secure location designated by the COUNTY and transport them back to PROVIDER's premises.
- The PROVIDER will designate and plan for a secure location to receive and store medical prophylaxis materials received from the COUNTY on PROVIDER's premises while it is being dispensed.
- 4. The PROVIDER will develop plans and identify internal resources to support the dispensing of emergency medical prophylaxis to the populations outlined in the information sheet.
- PROVIDER shall ensure that a sufficient number of its employees are trained and prepared to carry out the dispensing plan in the event that a CPOD is activated.
- 6. The PROVIDER will follow all appropriate laws, regulations, and policies applicable to it.

Activation and Operation

- 1. The PROVIDER will provide for the proper receipt and storage of prophylactic medications from COUNTY.
- 2. The PROVIDER will dispense medications consistent with current directives from the COUNTY Health Officer and consistent with agreed upon plans and protocols, inclusive of providing the appropriate patient information and screening.
- 3. Upon request from COUNTY, the PROVIDER will provide reports of: the number of prophylactic regimens that have been dispensed, the amount of remaining supplies, and any expected resupply needs.
- 4. In the event PROVIDER is unable to pick up medical prophylactic materials from the designated location, the PROVIDER will grant COUNTY access to deliver emergency prophylactic materials, upon mutual agreement at the time of the event. Given the nature and scope of such an event, each situation is unique and will require consideration and approval on a case-by-case basis.

Recovery

The PROVIDER will notify COUNTY of completion of operations and of the onhand remaining materials. The PROVIDER will package the remaining materials for pickup and will store them in an appropriate and secure environment until materials can be returned to COUNTY.

C. Mutual Agreement

It is mutually agreed that:

- 1. The confidentiality of patients and patient information will be maintained as written and enforced by the Health Insurance Portability and Accountability Act (HIPAA), as applicable, and any applicable State law.
- 2. This Memorandum will not supersede any laws, rules, or polices of either party.
- 3. Activation of the PROVIDER CPOD as described in this MOU will go into effect only at the request and direction of the COUNTY.

- 4. The PROVIDER will be considered a CPOD in that it will not dispense medications to the "general public" but to PROVIDER population as outlined in the PROVIDER Mass Prophylaxis Dispensing Plan.
- 5. It is understood that the PROVIDER participation is completely voluntary, and that CPOD activation may not be available/utilized at the time of a public health emergency. If a CPOD is not used, prophylactic medications may be made available to PROVIDER employees and members of their households under the same terms as they are made available to the general public.
- 6. The PROVIDER will follow the dispensing directives of COUNTY during Mass Dispensing Operations.
