CONTRACT AMOUNT: \$4,581,045.00

SUMMARY OF SERVICES:

The Housing Authority of the County of Fresno (Housing Authority) shall provide a California Work Opportunity and Responsibility to Kids (CalWORKs) Housing Support Program (HSP) which will include activities designed to rapidly re-house families who are experiencing homelessness and are referred for services. Rapid re-housing is a strategy that has been proven effective in ending homelessness and includes services designed to help those experiencing homelessness to be quickly re-housed and stabilized. Services include case management, financial assistance, and housing and relocation services.

The Housing Authority, as the operator of the Housing and Urban Development (HUD) mandated Homeless Management Information System (HMIS) for Fresno and Madera Counties, will provide HMIS services to collect CalWORKs HSP data. The HMIS program is used for the collection of unduplicated data on services provided to individuals and families.

TARGET POPULATION:

This program will provide services to households with children residing in Fresno County who are receiving CalWORKs and seeking homeless assistance.

CONTRACTOR RESPONSIBILITIES:

The Housing Authority shall provide a CalWORKs Housing Support Program offering services listed in this exhibit to clients referred and accepted to the program. When a referral is received, the Housing Authority shall review the referral, conduct an intake assessment, and provide services accordingly.

All families assisted through this program will be administered a Family Vulnerability Index and Service Prioritization Decision Assistance Tool (F-VI-SPDAT) prior to service commencement. Additionally, each assisted family will utilize the Fresno Madera Continuum of Care's Coordinated Assessment Housing Match system which will standardize the access and assessment process for coordinating referrals and providing assistance.

The Housing Authority shall provide the following services:

1. Case Management Services: This project will employ a case manager whose primary responsibilities will be:
 - Development of an Individual Service Plan;
 - Assistance in finding and maintaining housing;
 - Coordination of services with relevant providers; and
 - Provision of supports necessary to foster self-sufficiency.

Project participants will be required to meet with a case manager at least monthly while being provided financial assistance. Additional supports for participants will come from community partners within the Fresno Madera Continuum of Care (FMCoC), Emergency Solutions Grant (ESG) partners and Fresno County school districts including Fresno Unified School District.

The Individual Service Plan will be primarily developed by the information gathered from the F-VI-SPDAT; however, additional measures may be used. Case management is meant to quickly foster self-sufficiency such that homelessness does not reoccur. As such, primary reasons for homelessness will be discussed and plans for resolution made. Case notes will be updated monthly with progress and/or barriers noted. Reassessment of need for housing support will occur every six months. Participants will be referred to relevant and appropriate community partners based on both F-VI-SPDAT information and subsequent needs/desires of the family.

As a tenant based rental assistance program, households will exercise choice in housing location throughout the City and County of Fresno. Housing choice is a better predictor of housing stability and retention as families will take advantage of natural support amenities – e.g. educational opportunities for themselves and their children. Project participants will be assigned a Housing Navigator who will assist in housing search most suitable to the needs and desires of the family. The Housing Navigator will also advocate on the family's behalf with property managers/landlords, and assist with understanding of lease and tenant/landlord responsibilities.

2. Financial Assistance: Provide financial assistance including, but not limited to the following:
 - Rental Assistance
 - Full Monthly Rental Subsidy
 - Partial Monthly Rental Subsidy
 - Security Deposits
 - Utility Deposits
 - Utility Payments
 - Moving Costs
 - Motel or Hotel Stay
 - Paid Shelter Costs
 - Costs to Make Home Habitable (e.g. appliances and furniture, if necessary)
3. Housing and Relocation Services: Provide services including, but not limited to the following:
 - Landlord Engagement
 - Housing Search and Placement
 - Credit Repair
4. Homeless Management Information System (HMIS):
 - Each participant will be entered into HMIS at program entry, for each contact and at program exit, as mandated by HUD.
 - The Fresno Housing Authority will oversee the coordination of technical and support services to verify the HMIS program performance and insure that all participants are entered into HMIS. Housing Authority will provide reports as requested by County.

PERFORMANCE MEASUREMENTS:

Overall Service Objective:

The Housing Authority shall provide rapid rehousing services to assist CalWORKs families in need of housing assistance.

Specific Performance Measurements:

For the contract periods, the Housing Authority shall meet the following performance measurements and levels:

PERFORMANCE OUTCOMES:

For each contract period:

- Provide Housing Support services to 47 Households or 234 Participants.
- 100% of participating families will exit the program to permanent housing.
- 65% of participating families will retain their housing 6 months after exiting the program.
