Budget Narrative

The County of Fresno is applying to Cal OES for a \$133,333 Probation Specialized Units Program. This amount includes \$100,000 of grant funds from Cal OES and the required match of \$33,333 from the County of Fresno. If awarded, the \$100,000 Cal OES funds will provide: the full salary (\$50,330) plus the full benefits (\$38,676) for the one full-time Victim Advocate (VA) assigned to the VOISE program, and a portion of the salary (\$10,994) for the one full-time Deputy Probation Officer assigned to VOISE. The required 25% match of \$33,333 will be applied to the salary for the full-time Deputy Probation Officer (DPO). In addition, the Probation Department will provide for the other costs associated with the VOISE program that are not covered by the grant funds from Cal OES and the required match. The costs that will be paid by the Probation Department's budget are: the salaries and benefits of the DPO position in addition to the required match as well as the VOISE program's total operating expenses. These operating expenses are: Risk Management charges, communication charges, travel and per diem for staff attendance at a mandatory Cal OES meeting, and use of a Probation vehicle. The Probation Department's budget will also provide for the other administrative salaries associated with the VOISE program which include the Domestic Violence Probation Services Manager as Project Manager, the departmental Fiscal Officer, the Probation Services Manager over Crime Victim Assistance Center, as well as business and office support personnel.

The Project Manager will have the administrative responsibility for implementing and overseeing the day-to-day operations of the VOISE project, while the Fiscal Officer will review documents for compliance with regulations and procedures regarding all financial matters as well as ensuring the appropriate expenditure of Cal OES grant funds.

Minimum requirements for the VOISE DPO include: a bachelor's degree and at least one year of experience supervising violent offenders as a sworn, peace officer. This full-time position will be responsible for intensely supervising high-risk offenders who are on probation for Domestic Violence, Sexual Assault, Dating Violence, or Stalking. This position will be held responsible for the level of supervision described in this proposal. Minimum requirements for a VA include: A Bachelor's degree acceptable in the United States accredited university system in Psychology, Sociology, Social Work, Criminology, or a related field or sixty (60) semester units, at least 15 of which must be in Psychology, Sociology, Social Work, Criminology, or a closely related field and two (2) years of full-time, paid work experience in victim services intake, counseling, and referral services. This full-time position will be responsible for collaborating with the VOISE DPO to meet the needs and concerns of victims of offenders enrolled in the VOISE program. This position will be held responsible for all victim services and collaborative activities described in this proposal.

Within the Probation Department's organizational chart, the VOISE Project is placed in the Domestic Violence/Sex Offender/Child Abuse/Elder Abuse Unit of the Adult Division. It will operate as a separate specialized function under the authority of the Project Manager. Project Narrative

PROBLEM STATEMENT

Fresno County is the sixth largest of 58 California counties covering 6,017 square miles and offering both rural and urban lifestyles in a variety of landscapes. According to the California Department of Finance, Fresno is the tenth most populated county with 972,297 residents. 65% of the County's population resides near the center of the county in the densely populated, adjoining cities of Fresno and Clovis. The balance resides in suburban, rural and agricultural areas of Fresno County, which include 13 small cities, 42 towns, and many remote settlements that offer little to no direct services to residents.

Between 2005 and 2015, Fresno County's population increased by 10.4%, nearly twice the statewide growth rate of 5.6%. There are many challenges in providing services to a growing population with limited resources. Additional challenges are faced due to the cultural diversity that we enjoy. Fresno County is home to 112 distinct cultural groups with extensive diversity in languages, customs and norms. As a result, central valley residents have local access to a wide range of festive celebrations and foods from far distant lands. Unfortunately, Fresno County's abundance of cultural diversity presents barriers to reporting Domestic Violence (DV), Sexual Assault, Dating Violence and Stalking. In addition, victims in some of these cultural groups are reluctant to seek help from outsiders. Establishing trust within these cultural communities requires ongoing awareness training for staff, while translation services and

printed materials that provide an effective means of communication require additional resources.

The Fresno Police Department reports a dramatic increase in the volume of DV related calls for assistance within the past three years making the County the seventh highest in the state in such calls. Fresno County Superior Court indicates half of all misdemeanor arrests are DV related.

If awarded the Cal OES grant funds, Fresno County will continue to utilize the Violent Offender Intensive Supervision Endeavor (VOISE) program which employs a full-time journey level Deputy Probation Officer (DPO) and a full-time Victim Advocate (VA). The goal of VOISE is to intensely monitor offenders while minimizing further trauma to victims and families by providing victim protection and referrals to supportive services and counseling. The DPO will continue to develop individualized case plans targeting each offender's needs. Intensive supervision will encourage the offender to follow the plan. Victims of offenders enrolled in VOISE will continue to receive supportive services.

A specific protocol of intensive supervision has been developed for this program. The existing protocol will be further developed as collaborative efforts result in improved strategies to ensure victim safety and offender accountability. *Each probationer will have contact with the VOISE DPO at least weekly, with face-to-face and field contacts preferred, while the person is out in Community Supervision and is in compliance. If the person returns to custody the provision would not apply. *Because the caseload will not exceed 40 probationers, the VOISE DPO will contact each probationer at a minimum of 40% face-to-face in the field, a minimum 40% face to face in the office and a maximum of 20% by telephone. Annually, it is anticipated this will result in: 520 face-to-face contacts in the office, 240 contacts in the field, and 550 telephone contacts.

*Records of all contacts and attempted contacts will be maintained by the VOISE DPO. *Contacts will be collected by the VOISE DPO and VA, tallied and reported monthly.

*Weekly contact with VOISE probationers will be audited monthly by the VOISE PSM.

*Monthly contact will be made with the treatment program where the probationer is enrolled. *Regular checks of police logs will be conducted to review if probationer is listed.

*Periodic drug and alcohol testing of probationer will be conducted.

* DPO work hours will alternate to allow for evening and weekend field visits with probationer.

*Periodic court reviews of probationer's file will be conducted.

*Appropriate sanctions will be requested if the probationer violates any type of court order.

*The VA will contact victims monthly during the term of the offender's probation. The VA will make every effort to locate the victim and document such attempts. Once contact is established, the VA will discuss the role of the probation officer and conditions of offender's probation.

In 2017, Fresno County law enforcement received 8,155 calls for DV calls: Of those, 5,196 where received by the City of Fresno Police Department; 891 by the City of Clovis Police Department; 2,068 by the Fresno County Sherriff's Office; the overall number does not include calls by the smaller police departments.

Due to the current Cal OES grant funds, we were able to create the current VOISE Program and successfully implement the following protocol: *Each probationer will have contact with the VOICE DPO at least weekly (with face-to-face and field contacts preferred).

*Because the caseload will not exceed 40 probationers, the VOISE DPO will contact each probationer at a minimum of 40% face-to-face in the field, a minimum 40% face to face in the office and a maximum of 20% by telephone. Annually, we anticipate this will result in: 520 face-to-face contacts in the office, 240 contacts in the field, and 550 telephone contacts.

*Records of all contacts and attempted contacts will be maintained by the VOISE DPO.

*Contacts will be collected by the VOISE DPO and VA, tallied and reported monthly.

*Weekly contact with VOISE probationers will be audited monthly by the VOISE PSM.

4

*Movement of a VOISE case to inactive will be considered when the offender is in custody or whereabouts unknown for 30 or more days. At no time shall the number of inactive cases exceed 20% of the overall cases assigned to VOISE. (While a case is on inactive status, contact with the probationer will not be maintained while services to the victim will continue.)

*The VOISE DPO will review STRONG (Static Risk Offender Needs Guide) assessments updated every 6 months, for risk level, to ensure offenders continue to meet VOISE criteria.

*The VOISE team will record monthly the number of active and inactive VOISE probationers. Various totals and statistics will be determined at the end of each reporting period.

In addition to the above activities implemented by VOISE, the Department utilizes the DV caseloads of: six felony supervision, mental-health, gang, and misdemeanor.

Due to the large number of DV cases and insufficient number of personnel to manage them, without the continuation of VOISE, existing DV caseloads will increase thus, negatively impact the victims and their children.

PLAN

1) Describe the minimum qualifications of proposed staff.

VOISE is led by the Probation Services Manager (PSM) assigned to the DV unit and staffed by a full-time DPO and a full-time VA.

Minimum qualifications for a PSM include a Bachelor's Degree, and five years experience as a sworn peace officer in the Probation Department. Minimum requirements for the VOISE DPO include a Bachelor's Degree and at least one year of experience supervising violent offenders as a sworn, armed peace officer.

Minimum requirements for the VOISE VA include:

OPTION 1:

Education: Possession of a Bachelor's degree which is acceptable within the United States' accredited college or university system in Psychology, Sociology, Social Work, Criminology, or a closely related field. Or

OPTION 2:

Education: Completion of sixty (60) semester units of coursework which is acceptable within the United States from an accredited college or university system. At least fifteen (15) of the required semester units must be in Psychology, Sociology, Social Work, Criminology, or a closely related field.

And

Experience: Two (2) years of full-time, paid work experience in victim services

providing intake, counseling and referral services

2) Describe the criteria for probationer case assignment(s) to the unit.

All new probation felony DV cases will be assessed by the VOISE PSM. Those representing the greatest risk to reoffend Static Risk Offender Needs Guide (STRONG) scores, as well as the greatest risk to the victim and/or public, will be

referred to VOISE. Currently, all cases assigned to the VOISE caseload are High-Risk/Violent felony cases.

The following priority, will be used to accept cases for VOISE. Offenders convicted of

- a violent felony crime ٠
- a violent misdemeanor crime when the case was originally filed as a felony
- a misdemeanor crime where there is an established pattern of crime related to DV, sexual assault, dating violence, and stalking

3) Provide projected statistics for the following:

٠	Number of probationers during the reporting period	60
•	Number of field contacts made with victims	30
•	Number of in-person office contacts made with victims	50
•	Number of telephone contacts made with victims	300
•	Number of contacts with victims	350

4) Firearms prohibition:

• Automated Firearms System (AFS) to search 60 project-specific probationers to identify those probationers possessing firearms

The number of projected-specific probationers searched using AFS will be reported. Each probationer assigned to the VOISE caseload will generate a search using the firearms registration databases, including the AFS. We anticipate approximately 60 searches will be made by the VOISE DPO. The

results of AFS searches will be kept in individual VOISE probationer's case files and reported annually to Cal OES.

• Facilitate the removal of any prohibited firearm(s) from probationer and subsequent violation charges

The VOISE DPO will ensure the following:

*The number of Probationers found in possession of firearms will be reported and, if applicable, the removal of a firearm from a probationer's possession will be described.

*Each positive result from an AFS search for weapons registered to a VOISE probationer will result in Probation initiating a residence search. Searches and resulting confiscated contraband will be noted in VOISE probationers' case files. *Each residence search where presence of weapons is suspected will involve local law enforcement partners, who will confiscate any firearms and generate new law violation reports as appropriate.

*All weapons in possession of, accessible by, or surrendered by VOISE probationers will be confiscated or received through our partnership with local law enforcement in compliance with DOJ regulations.

*The number of VOISE probationers found in possession of firearms and the details of removal of firearms will be reported to Cal OES annually.

•Contact probation caseload by telephone or by mail to ensure each probationer understands the provisions of the firearm prohibitions

Upon entering Probation, each offender is given "Probation Instructions," which include prohibition to acquire or possess a firearm, pursuant to Sections 1202 1 and 29800 of the Penal Code. Each offender must sign, acknowledging that he/she has received a copy of the conditions of probation. In addition, each assigned offender will receive an in-person explanation of firearms prohibitions.

• Distribution of educational materials on firearm prohibitions and confiscation laws to: (at a minimum) probationers, firearm dealers, law enforcement, the courts, community-based victim advocates, and victims of DV

The VOISE DPO and VA will work in partnership with DOJ to identify and distribute educational materials on firearm prohibition and confiscation laws to: victims, probationers, firearms dealers, law enforcement agencies, the courts, victim advocates, and service providers.

5) Proposed training schedule/plan to ensure probation officer(s) assigned to the project receive Program-specific training.

The Fresno County Probation Department will send the VOISE DPO and/or the VA to training where appropriate and as required by Cal OES.

6) Describe how the monthly probation caseload is determined and maintained at a reduced level.

Cases are assigned to the VOISE caseload by the VOISE PSM. Cases are added to the caseload due to attrition by the expirations of probation and probationers that are committed to California Department of Corrections and

Rehabilitation. Movement of a VOISE case to inactive status will be considered when the offender is in custody for longer than 30 days, or has fled with whereabouts unknown for 30 or more days. At no time shall the number of cases on inactive status exceed 20% of the overall cases assigned to VOISE. While a case is on inactive status, weekly contact with the probationer will not be maintained. However, services to the victim will continue to be provided. At the end of each month, the number of active VOISE probationers on the caseload will be recorded. The monthly totals will be summed at the end of the contract period and divided by twelve to produce the average number on the caseload. It is anticipated that there will be an average of 25 probationers intensively supervised under VOISE during the reporting period.
