Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Philavanh Phongsavanh

Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Jesse Sanchez

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Cathy Kirkes

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Sarann Yong

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Jennifer White

Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be. We demand a livable wage!!!!

Sincerely,

Patsy Yanes

Invest in caregivers today! We need at the least 15 an hour people in all other medical fields make way above that an hour you need to take care of us cause we take care of others when they need us so why do you dont want to take care of us by raising our wage to 15 an hour . you all waist money on other things that are not good for the people of the united states of America.and by raising our wages. Will be good for usa citizens. Thank you for hearing me scott gray

Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Ana Vidales  
755 Cumberland Dr

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Djuna Stevens

Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Roshell Ashley

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Eureka Gonzales

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Laura Beruti

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Lenora Brooks-phillips

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Many don't realize how hard a care providers job really is . I personally care for my son who was born with Down syndrome 5 years ago . I gave up my career to care for him . Mind you I have 2 other kids that I financially support on my own . Since I have given up my career to care for my youngest it's been a huge everyday struggle . Honestly we have lost a lot of material items once I stopped working but my 2 kids and myself look at the fact that we were blessed with something that money can't buy . Our handsome gift from god , baby Michael . He has taught ya a new love and life we never knew . When I think of people saying oh my job as a stay at home mom is not hard and it's just sitting on my behind all day .! Well I ask them to come step into my shoes for just one hour and see what it's like as a careprovider for a child with special needs ... guaranteed they will not feel the same after. My job is harder than working 2-3 full time jobs . And yet we get no credit for what we do in our care provider jobs . Please consider helping us to get better wages and to be acknowledged and appreciated for what we really do ... thank you .

Sincerely,

Luvia Sambrano

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Anson Schlotthauer  
3762 N CEDAR AVE, 143

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be. This is very important for our well being as to be said the price of living is constantly on the rise and our wages remain the same, this is a financial imbalance. People are struggling to keep up with Bill payments and most of who are able to pay all of their bills are usually FLAT BROKE afterwards..We Home Care Providers truly work hard and truly deserve a raise to become effective immediately..

Sincerely,

Derrick Walker

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Yolande Camacho-Islas

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Nicholas Hardeman

September 18, 2019

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Maria Duncan

As a single mother to a young child with Down Syndrome I am her only caregiver and she needs constant supervised care around the clock.

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 15,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Christina Frank

Fresno, CA 93721

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Octavia Sams

September 18, 2019

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Kim Chapman

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Angela Moore

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

William Meeker

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Aneesah Sabree  
2007 S Baird Ct

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

manuel Hernandez

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Mark Billiardi

September 18, 2019

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Louiss Johnson

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Gloria Guerrero

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

My name is Alison Tackitt Pratt and I was a former IHSS caregiver for my mother. She was diagnosed with Stage 4b ovarian cancer; a lethal diagnosis. I put my life on hold to care for her, moving from Chowchilla, away from my husband and family 5 out of 7 days of the week, and putting my business as a family law LDA on the back burner. Even with her terminal diagnosis, she was not eligible for 24 hour care...IHSS does not allow for that. I went through the process of getting registered as an IHSS worker and I was stunned to find out they don't make a living wage. I am fortunate enough to not have to rely on that income to survive, but if I had to, I could not. Nobody can. The round the clock care I gave my mother kept her from having to enter a hospice facility that would have cost several thousand dollars. It allowed her the dignity of staying in her own home, cared for by people who loved her and whom she trusted. Unfortunately, this was the second time having to use IHSS services as my father died of a traumatic brain injury years prior. IHSS was a God-send. They deserve to make a living wage.

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Tracy Hammond

August 20, 2019

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

William MAPLE

As a mother, to a special needs child from birth. This has been one of my largest concerns, do I stay home and give my son the proper love, safety, and personal growth by caring for our adult son now who is 26 yrs. however, once we did this we also list my income of 65,000. 00 a year working for the co. Of Fresno, as your Safety Analysts. Well I had no choice in the matter, because my work suffered dearly, ever time I was called out of the office to deal with the schools inability to handle and care for my sons safety issues. The cost in hiring an professional caretaker, is overwhelmed us. We need to be paid for the proper care our children need and deserve! Thank you for your time in this matter '.

Fresno County Board of Supervisors ,

I am a full time caregiver for my husband who is quadriplegic. I am an IHSS worker who is paid for only a fraction of the care hours I provide. IHSS workers are incredibly important to the long term social fabric of our society and maintaining health and dignity for disabled and senior community members, therefore IHSS workers need and deserve more support and resources.

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day -- they deserve our support for a livable and respectable wage.

2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Verjean Thomas

Fresno County Board of Supervisors ,

Let's start the Board of Supervisors is an umbrella under the social service of Fresno County they are the ones that dictate because if I needed a raise I can go to my employer which is a person I take care of which would give me a raise would you pay me my money but since the Board of Supervisors in Fresno County are speaking their nose into a they take my pay for the share of cost for the individual that I'm working for but that's not the kicker they take that money from me send a letter to them send a letter to me saying ask her for the money and then she's supposed to give it to me how can somebody live to get the 1800 how can somebody live on \$400 a month that's the question but that's not the \$2,000 question \$2,000 question is now that I'm 65 and I'm going to go with my social security that I'm working for this individual I can't because you see Social Services says send Zion IRS a gross income that is too much for me to get paid so then my social security is being withheld so I'm not getting paid for going to work and then not getting paper being sexy guy try to handle that Board of Supervisors tencent oh my God that's a joke

Sincerely,

Maryhelen LOPEZ

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Dorothy Dent

Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Essie Conway  
1606 e Griffith way 5085

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Mariem McKenzie

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Elizabeth Munoz

We as caregivers do our job to care for a loved one or a patient with love and care we devote our time for their needs it's not just a job is a loving person who cares for the sick.. I think a reasonable raise is not much to ask for 10 cents is a humiliation to Us caregivers some of Us go beyond our time to care for our patient or our loved one .. So please think about Us and think about a nice raise..

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Felita Lopez

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Yolanda Rodriguez

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Marcela Ortiz

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Cheryl Campbell

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Judy Pitts  
1723 Fowler ave

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Claudia Moore

Fresno County Board of Supervisors  
Fresno County  
2220 Tulare St  
Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Khriste Kinney  
5594 E Tower Ave  
Fresno , California 93727

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be. I work for a client who needs care 7 days a wk including Holidays. I dnt even get paid fextra or Christmas Thanksgiving not even New Years. So I think a change needs to happen fast.

Sincerely,

Michelle Attaway

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

I voted for you!

I ask you to represent my clients who are in need of care, consideration and friendship and as well, love.

If it was your loved one I know you would want the best for them. Part of that is the care provider. There life is vital to your loved one. We deserve to live a normal fair life, we give all of us everyday to help. So, I ask for your help in the for of a better wage. It's not asking for much in th big picture. I care and I want for my clients. Please increase my wages and for my fellow care givers. We love life our cities and our communities. We are here to help and to be there for our families and our community.

Please vote for an increase it will help me live better. I could give back more in my position.

Thank you for your understanding!

I know you care.

Fresno, CA 93721

Fresno County Board of Supervisors ,

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and as independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's wrong.

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be.

Sincerely,

Denise DeJesus  
650 Forest Lane

Fresno County Board of Supervisors ,

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Steve Swanson

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our most vulnerable residents every day — they deserve our support for a livable and respectable wage. We the caregivers often care for multiple recipients, while often ignoring our own illness and sacrificing our own family time, to make sure our residents needs are met. So many sacrifices for minimal pay, respectable wages should be paid, to keep the quality of care consistent.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, we will also bring in additional State and Federal funding, and help meet the increasing need for cost-effective long-term care.
