Re: Right of Way Acquisition within the County of Fresno Sphere of Influence for project #:  
Fresno COG 2019-2020 CMAQ – Regional Bid  
Construction of a Traffic Signal at the intersection of McCall & Dinuba Ave, Selma, CA

Dear Steve:

The purpose of this letter is to formally request permission from Fresno County to obtain the necessary Right of Way within Fresno County's sphere of influence to construct a new traffic signal at the intersection of McCall and Dinuba Avenue in Selma, CA.

The City of Selma was recently awarded regional CMAQ funding for the project. The westerly corners of the intersection are not currently within Selma's City limits. Allowing Selma to acquire the necessary Right of Way will allow us to build the greatly needed traffic signal. The City of Selma would own and maintain the traffic signal at no cost to Fresno County.

We greatly appreciate our working relationship with Fresno County and look forward to working with you on future projects.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. D. 7", is written over the printed name of Joseph Daggett.

Joseph Daggett, PE, PLS  
City Engineer

Enclosures: Attached is an exhibit of the areas for Right of Way acquisition.
