Steven E. White, PE, PLS
Director
Administration
Fresno County Department of Public Works & Planning

Dear Mr. White:

SUBJECT: CITY ACCEPTANCE OF RIGHT-OF-WAY DEDICATION

The City of Fresno is reviewing traffic signal and street improvement plans that will require the dedication of right-of-way for public street easement purposes within the County of Fresno in conjunction with the street improvement and traffic signal plans. The two intersections are Copper Avenue at Willow Avenue and Armstrong Avenue at Olive Avenues as shown on the enclosed exhibits.

The proposed area of dedication and construction of street improvements and traffic signal improvements are within the County jurisdiction. The City requests that the County of Fresno grant the City the authority to acquire the dedication of the public street right-of-way dedicated to the County.

The City requests that they be granted the additional reviewing and approval authority for the project. The City also requests coordination with the County for issuance of street work or utility permits, as well as overseeing Traffic Control Plans for work to be done within the area of the proposed dedications.

The City agrees that maintenance of the improvements can best be performed by one agency, and the City agrees to perform all maintenance for the improvements installed within the area.

Please contact Harmanjit Dhaliwal at 621-8694 if you need any additional information and to keep us informed of when the request will go to the County Board.

Sincerely,

Andrew Benelli, P.E.
City Engineer/Assistant Director
