Superintendent

fresno county superintendent of schools

October 23, 2020

Mr. Buddy Mendes, Chairman
FRESNO COUNTY BOARD OF SUPERVISORS
Fresno County Hall of Records
2281 Tulare Street, Room 301
Fresno, CA 93721-2198

Dear Chairman Mendes:

As part of the Williams Lawsuit Agreement of 2004, California Education Code Section 12410 requires that we visit schools identified in our county and report to you the results of these visits. Attached is information on the Williams Lawsuit Settlement Agreement implementation by the Office of the Fresno County Superintendent of Schools.

This annual report concerns the visits to 103 of our county schools August through October 2020, as well as a review of the School Accountability Report Cards for the 2019-2020 school year, which was published in February of 2020. Teacher misassignments are no longer part of the Williams Report as the California Department of Education has implemented a new monitoring process at the state level.

The purpose of these visits, as specified in California Education Code Section 12410 was to:

1. Ensure that the students have access to "sufficient" instructional materials in four core subject areas (English/Language Arts, Mathematics, History/Social Science, Science) and, as appropriate, science laboratory equipment, foreign languages, and health;
2. Assess compliance with facility maintenance to identify conditions that "post an emergency or urgent threat to the health or safety of pupils or staff" and ensure facilities are in good repair; and
3. Determine if the school has provided accurate data for the annual School Accountability Report Card related to instructional materials and facilities maintenance.

The standards set forth in the law define "sufficient" instructional materials as meaning that every pupil, including English learners, have textbooks in the four core areas for classroom use and to take home. Facilities standards specifies each school district that receives state funding for facilities maintenance is required to establish a facilities inspection program and ensure that each school is maintained in good repair which is defined as maintaining schools that are clean, safe, and functional. The School Accountability Report Cards are updated to report the information required by the Williams Lawsuit Settlement Agreement. In conclusion, the Fresno County Superintendent of Schools is available to support the districts in our County with any of their educational needs.

2020--2021 ACADEMIC YEAR – Monitored in Fall 2020

Teacher Misassignment and Vacancy Data are from the 2019-2020 School Year.

TEACHER MISASSIGNMENTS AND TEACHER VACANCIES:

The results of teacher misassignments* and teacher vacancy** reviews for the following schools were:

(Note: The annual report will include the teacher misassignments and vacancies reported to the CCTC on July 1 for the prior year.

*CCTC considers it misassignments when a teacher lacks the proper subject-matter authorization to teach the class, a proper teaching credential, or the appropriate authorization or credential to teach English Learners and one or more English Learners are assigned to the class. The *Williams* settlement requires that the county superintendent also report to the CCTC the number of English Learner related misassignments involving classes in which 20% or more of the students are English Learners.

**A “teacher vacancy” occurs if 20 working days after school begins for the semester, a single designated teacher has still not been assigned to teach the class for the entire year or semester. [E.C. Section 35186(h)(3) and C.C.R. Title 5 Section 4600(b)]
