TO: Board of Supervisors

SUBMITTED BY: Steven E. White, Director
Department of Public Works and Planning

SUBJECT: Measure C Extension Local Transportation Program Funds Claims for FY 2021-22

RECOMMENDED ACTION(S):

1. **Adopt Resolution approving the Measure C Extension Local Transportation Program Funds Claim for FY 2021-22; and**
2. **Approve and authorize the Chairman to execute the six Measure C Extension Local Transportation Pass Through Revenues Certification and Claims for FY 2021-22, certify that the funds will not substitute property tax funds, which were previously used for local transportation purposes, and confirm the County's intent to complete reporting requirements for the prior year no later than November 15, 2021 (\$7,661,515).**

Approval of the recommended actions will authorize the submittal of the Measure C Extension Local Transportation Program (LTP) Funds Claims. These are annual claims by the County for its Measure C Extension formula share of revenues dedicated to local transportation purposes. There are separate claim forms for each of the six categories, including: street maintenance, Americans with Disabilities Act (ADA) compliance, flexible funding, pedestrian/trails - urban, pedestrian/trails - rural, and bicycle facilities. This item is countywide.

ALTERNATIVE ACTION(S):

If the recommended actions are not approved, the County will not receive its local transportation funding apportionments.

FISCAL IMPACT:

There is no increase Net County Cost associated with the recommended actions. The claims include the following FY 2021-22 County apportionments:

ADA Compliance	\$ 122,455
Bicycle Facilities	\$ 215,796
Flexible Funding	\$3,376,252
Pedestrian/Trails - Rural	\$ 333,192
Pedestrian/Trails - Urban	\$ 115,113
<u>Street Maintenance</u>	<u>\$3,498,707</u>
Total	\$7,661,515

Measure C Extension Local Transportation Funds (\$7,661,515) are included in the Department of Public Works and Planning - Roads Org 4510 FY 2021-22 Adopted Budget.

DISCUSSION:

This is the fifteenth allocation to the County from the Measure C Extension Program that was approved by the voters in 2006. Under apportionment guidelines, LTP funds are separated into six categories, each with its own apportionment formula. The categories are street maintenance, ADA compliance, flexible funding, pedestrian/trails - urban, pedestrian/trails - rural, and bicycle facilities. The FY 2021-22 allocations for each of the categories are shown in the attached Table 1.

In general, the allocations for street maintenance, ADA compliance, and flexible funding are based upon a 75% population - 25% road miles formula. The bicycle facilities, pedestrian/trails - urban, and pedestrian/trails - rural allocations are based on population. The total estimated amount of LTP funds to be apportioned to the County for FY 2021-22 is \$7,661,515, an increase of 21.91% (\$1,377,085) from FY 2020-21. A comparison of the amount apportioned by category to the County for FY 2021-22 and FY 2020-21 is shown in the attached Table 2.

To ensure that LTP funds are spent for transportation purposes as intended by the voters, the Measure C extension legislation requires that a local agency claiming these funds certify that the local agency will not use the funds to replace property tax funds that are currently utilized to fund existing local transportation programs (California Public Utilities Code, section 142257). The proposed resolution will accompany the claims, and must state the local agency's intent to complete, no later than November 15, 2021, the reporting requirements regarding expenditures of FY 2021-22's Measure C dollars.

OTHER REVIEWING AGENCIES:

The Measure C Extension Local Transportation Pass Through Revenues Certifications and Claim forms for FY 2021-22 were prepared by the Fresno County Transportation Authority.
