### DISCUSSION:

At an election held on November 6, 2012, West Hills Community College District (District) submitted Proposition L to the voters within the School Facilities Improvement District No. 3 (Lemoore area) of the District. More than 55% of the voters approved Proposition L, which approved the issuance of general obligation bonds of the District in the amount \$12,655,000. Proposition requires that, upon the issuance of those bonds, the District must seek the cancellation of a like principal amount of remaining general obligation bonds that were previously authorized but not issued under Proposition E, at an election held on November 4, 2008.

The Board of Trustees of the West Hills Community College District (Trustees) has adopted a resolution authorizing the issuance and sale of a series of Proposition L Bonds, in the aggregate principal amount not to exceed \$12,655,000 and, as required by the voters in Proposition L, is now requesting your Board to cancel a like amount of the Proposition E bonds.

The Trustees have petitioned your Board under Education Cod section 15200 to undertake and complete proceedings for the cancellation of Proposition E Bonds in the aggregate principal amount of \$12,655,000. A copy of the petition is on file with the Clerk to the Board. This proceeding is required under Education Code section 15201.

All costs and expenses incurred by the Board of Supervisors to publish notice of a hearing on the cancellation of Proposition E Bonds will be borne by the District, and will be paid from a portion of the proceeds of the Proposition L Bonds.
