### DISCUSSION:

During the February 6, 2018 Board of Supervisors Meeting, your Board approved a resolution to place an amendment to Fresno County Charter, section 16, on the June 5, 2018 ballot for voter approval. The amendment would repeal the provision making the Director of Public Works the “ex-officio County Surveyor,” and to enact a provision for the Director to appoint a separate qualified County surveyor, if the Director lacks the requisite surveying license. Following unanimous approval of the resolution, your Board requested that staff draft a statement in favor of the measure for signature by your Board.

Attachment A includes a proposed statement in favor of the measure. Elections Code, section 9162 allows a board of supervisors to file a written argument for or against any county measure for inclusion in the voter information guide publication on the ballot measure.

With your Board's approval, the statement will be included for publication in the sample ballot booklets.

Attachment B contains necessary documents/forms to be completed and signed regarding the submittal of the statement in favor of the measure and the designation of the Board Chairman to sign a rebuttal to any argument against the measure.
