ALTERNATIVE ACTION(S):

FISCAL IMPACT:

There is no increase in Net County Cost associated with these actions.

DISCUSSION:

In an effort to more efficiently and effectively address the operational needs of the Administrative Office, the proposed amendment to the County of Fresno Ordinance Code will add a Chief Operating Officer to the current list of unclassified service classifications.

A Chief Operating Officer reports to the County Administrative Officer, is the second-highest ranking executive position in the County, and is responsible for the management, direction, and coordination of County programs and related matters. The addition of a Chief Operating Officer allows the County Administrative Officer more time to provide direct service to the Board of Supervisors and to focus on strategic policymaking to achieve Countywide goals. The level of responsibility and status as second in command under the County Administrative Officer requires this classification be designated to serve in an "at will" capacity.

Approval of the recommended actions will add a Chief Operating Officer classification to the list of unclassified service designations in the Ordinance Code. This amendment grants the flexibility to request a future Salary

Resolution Amendment adding this classification to the Table of Positions, to serve in an “at will” capacity, as required by the operational needs of the Administrative Office and the County in its entirety.
