DISCUSSION:

In accordance with California's Health and Safety Code Section 130100-130155, the Children and Families Commission of Fresno County (also known as First 5 Fresno County) is required to adopt a strategic plan for the support and continued improvement of the early childhood system of care within the County. Your Board took action to revise the County ordinance governing the local First 5 Commission in September 2014, to add a new requirement, among other revisions, for First 5 Fresno County to present its proposed strategic plan to your Board, as a regular item on the agenda of a regularly scheduled board of supervisors meeting (2.38.030 (B)). In addition, a 45-day public comment period is to begin following this presentation, for the local First 5 Commission to receive and consider any comments on the proposed strategic plan.

The scope of the 2025 - 2030 Strategic Plan outlines the process undertaken to develop this plan, the framework that describes the mission and vision, the agency's roles in the community, the focus areas and the community indicators of progress that help inform and guide partnerships and funding decisions by First 5 Fresno County. The local First 5 Commission reviews and adopts the strategic plan in a public meeting. Once adopted by the local First 5 Commission, the strategic plan is submitted to the California Children and Families Commission and to your Board, as required by statute.
