DEL REY COMMUNITY SERVICES DISTRICT

Del Rey Community Service District is in strong support of Del Rey Super Food Store

To Whom It May Concern,

I am writing to express strong support for the Del Rey Super Food Store and its proposed establishment in our community.

Del Rey is a small, rural community that has long-faced limited access to essential goods and services. One of the most pressing needs among our residents is access to a reliable, full-service grocery store. Currently, many families are required to travel outside the community to purchase necessities, which can be both time-consuming and costly.

The introduction of Del Rey Super Food Store would be a significant and much-needed improvement for our town. A store that offers a full range of products, including fresh meat, quality produce, dairy items, non-perishable goods, and alcoholic beverages—would greatly enhance the quality of life for our residents. It would provide convenient access to everyday essentials in one location, support healthier lifestyles through access to fresh foods, and reduce the burden of travel for routine shopping needs.

In addition to meeting a critical community need, the store would also contribute positively to the local economy by creating jobs and encouraging further development within Del Rey.

For these reasons, I strongly support the establishment of Del Rey Super Food Store and encourage all necessary approvals and efforts to bring this important resource to our community.

Thank you for your time and consideration.

Sincerely,

Maria Reyna  
District Manager  
Del Rey Community Services District

**04/12/2026**

**To Whom It May Concern,**

I am writing to offer my support for the Del Rey Super Food Center and its request for an alcoholic beverage license. As someone who works closely with families in Del Rey, I believe having more options available locally makes a real difference for our residents.

The Del Rey Super Food Center would serve as a convenient place where people can handle most of their shopping in one stop instead of needing to travel elsewhere. Being able to buy what they need in town helps residents save time and allows dollars to stay in Del Rey, which benefits the community as a whole.

A business like this also helps strengthen the town by providing nearby access to everyday items and supporting local jobs. When local stores are given a fair chance to fully operate, it supports longterm growth and helps small communities become more selfreliant.

For these reasons, I encourage Fresno County to consider approving the license for the Del Rey Super Food Center. Keeping services and shopping opportunities local is important for the future of our community.

Thank you for taking the time to review this request.

**Sincerely,**

A handwritten signature in black ink, appearing to read 'Joey Lopez', with a long, sweeping flourish extending from the end of the signature.

**Letter of Support for Approval of Alcoholic Beverage License:  
Del Rey Super Food Center**

04/12/2026

To whom it may concern:

I am writing in my individual capacity as a Del Rey resident and local community leader to express my strong support for the approval of the alcoholic beverage license application for the **Del Rey Super Food Center**, to be located at **10788 Morro Avenue**.

While I serve as President of the Del Rey Community Services District Board of Directors, this letter reflects my personal support only and does not represent an official action or position of the Board.

The Del Rey Super Food Center is a locally supported project intended to serve everyday community needs and contribute to local economic activity. Approval of an alcoholic beverage license is essential to the store's ability to operate successfully and remain financially sustainable. Without it, the project faces limitations that place it at a disadvantage compared to similar businesses elsewhere in Fresno County.

Granting this license would allow Del Rey to retain consumer spending locally, supporting economic stability and reinvestment within the community rather than shifting revenue to neighboring areas. The project proponents have also indicated their commitment to full compliance with all state and county regulations, including responsible sales practices and cooperation with regulatory and lawenforcement agencies.

Approval of this license would support a responsible, wellmanaged business that provides convenience to residents, creates local employment opportunities, and strengthens economic selfsufficiency. This request seeks fair consideration consistent with licenses granted to comparable businesses within the County.

Thank you for your time and consideration.

Sincerely,

**Jennifer Lopez**
