What will the celebration entail?

Highlighting World Schizophrenia Day will be done through emails, social media posts, internal or external newsletters, and community outreach events as they become available. There aren't any specific community events identified at the moment, but should the Department attend, the Department would share educational materials at the events. Communication can be viewable by any community resident who follows the Department's social media platforms.

What is the public purpose of the Celebration?

Celebrating this day is about replacing fear with facts and isolation with community support. Like many health conditions, early diagnosis and a consistent treatment plan improve a person's quality of life and long-term independence.
